YANKS ABROAD CHEER TRIBUNE ELECTION NEWS

All Europe Praises Amazing Feat.

BY FLOYD GIBBONS.

[Chicago Tribune Foreign News Service.]

[Copyright: 1920: By The Chicago Tribune.]

PARIS, Nov. 3.—Americans in Europe—thousands of them—were connected with the heart of America last night and today by THE CHICAGO TRIBUNE Foreign News Service. Thousands of words of election returns were transmitted in record breaking cable speed to be magaphoned or flashed upon screens before American audiences in seven different European capitals.

At the same time the bulletins were transmitted by radio to all American warships in European waters.

Telegraph and radio messages from all parts of Europe were received today at the Paris headquarters, which characterize THE TRIBUNE'S effort as the greatest feat of American private enterprise ever performed in Europe. Editorials in the European press point to THE TRIBUNE'S accomplishment as marking a new stride in world-wide journalism toward bringing the people of the earth really closer together.

Parties on Land and Sea.

THE TRIBUNE was host at election parties in Paris, London, Berlin, Coblenz, Vienna, Warsaw, Prague, and Budapest and on the quarter decks of American warships in the Black sea, Sea of Marmora, the Mediterranean, Adriatic, Baltic, and North seas.

On the continent all parties were attended by the American ambassadors, ministers, and high diplomatic representatives, as well as the chiefs of all United States government departments and relief organizations working abroad.

Through THE TRIBUNE'S special wire, cable, and wireless relays, most remarkable transmission results were registered.

The fastest bulletins reached THE TRIBUNE wire terminals all over Europe in exactly seven minutes after being dispatched from THE CHICAGO TRIBUNE offices in New York. One message, containing San Francisco returns, reached the continent seventeen minutes after it was dispatched.

All Europe Hears News.

In Paris the Marigny theater was crowded to the doors by Americans who at 3:30 o'clock this morning voted by acclamation that they were satisfied from THE TRIBUNE'S returns Senator Harding had won.

More than 500 Americans jammed the English Speaking Union quarters on Trafalgar square, London, where THE TRIBUNE returns were announced by megaphone. A resolution of congratulations was passed. Doughboys on the Rhine cheered the bulletins as they appeared on a screen in the enormous Fest Halle at Coblenz in the presence of Gen. Allen.

The reports were also relayed by army telephone to all German villages in the entire American army area. Tank sentries on the extreme frontier received the latest news during the change of watches.

In Vienna the entire American population, numbering about 100, gathered in a building in Elizabeth strasse, which housed THE TRIBUNE wire terminal, and heard THE TRIBUNE'S returns. From Vienna reports were sent over other special wires to Prague, Warsaw, and Budapest.

Travel Days to Attend.

At Warsaw 200 Americans gathered in the rooms of the American Relief association. Some had traveled two days to be present. Capt. Hurdy came from Vilna and Capt. Stadler from Cracow. One Yankee came from Kief, making part of the long journey in a wagon.

Mrs. James C. White, wife of the American attaché, was hostess during the early part of the evening at an informal dance. Minister Gibbon and Consul General Kenna with their staffs were present and all the American Relief association's personnel were there.

All the Warsaw papers also were represented.

At Vienna the entire American colony was gathered under THE TRIBUNE'S auspices. The guests adopted resolutions of thanks as did the Warsaw guests.

The Budapest gathering, which took place in the Ritz hotel, was presided over by Capt. Pedlow of the American Red Cross. All Americans on mission

SMITH OF N. Y. IS "MIRACLE MAN" OF 1920 ELECTION

Runs Far Ahead of Cox and Ticket.

New York, Nov. 3.—[Special.]—Although defeated for reelection, Gov. Al Smith stands tonight as the miracle man of American politics.

Republicans and Democrats alike agree that the Democratic governor's achievement of almost accomplishing his own election despite the more than 1,000,000 New York state landslide plurality for Senator Harding sets a mark never before equaled in popular elections.

Figures tell the tale of Gov. Smith's remarkable run better than adjectives. For instance:

Harding's estimated state plurality over Cox	1,200,000
Nathan Miller's estimated plurality over Smith	70,000

Far Outran Own Ticket.

While Harding was carrying New York City by the unprecedented Republican avalanche of 434,130, this same Democratic governor was lording it over Miller to the tune of 319,611. The complete figures for Greater New York show that Gov. Smith outran Cox in this astonishing fashion:

	Cox.	Smith.
Manhattan	134,007	268,063
Bronx	45,747	104,882
Brooklyn	110,129	244,583
Queens	35,276	76,023
Richmond	9,376	15,595
Total	345,535	709,746

Outside of this city, Harding's estimated plurality over Cox was 838,465, while Miller's upstate plurality over Smith is only 377,314. It was only the strongly Republican rural districts that pulled Miller through.

Due to His Popularity.

Much of Smith's achievement undoubtedly is due to his personal popularity, but there are various contributing causes, all of which combine to stamp Smith as the acknowledged national leader of the badly shattered Democratic party.

Smith already is being spoken of as the logical Democratic presidential candidate in 1924, and eastern Democrats are bemoaning the fact that he was not the national standard bearer this year.

The governor is the most popular political figure in New York state in many years. He is known and addressed by all as "Al." He has come up from an orphan newsboy to governor of the greatest state in the union. Republican papers candidly admit he has given the state a good, clean administration. His record was a great vote getter.

Reasons for the Walkaway.

Another great vote getter for Smith was Miller, his opponent. Miller, a former judge, made a colorless campaign. He emphasized national issues; Smith kept to state issues.

Miller was accused of favoring the granting of 8 cent traction fares. He made only a half-hearted denial. Smith took the renters' side of the housing situation; Miller held out little hope and was accused of siding with the landlords.

Smith is classified broadly as a Tammany man. But his conduct while governor has been so independent that Tammany was not in any wise an issue in the campaign. Smith had said Tammany has no mortgage on him.

There were various rumors that Tammany, while lukewarm on Cox, had made a secret trading deal with the Republicans, switching Democratic votes to Harding in return for Republican votes for Smith.

Directly after the wedding Mr. and Mrs. White left for the home of the bride in Lenox, where they will remain indefinitely.

11 KNOWN DEAD IN FLORIDA RIOT OVER ELECTION

8 Negroes Burned Alive in House.

Orlando, Fla., Nov. 3.—Reports received tonight from Ocoee, twelve miles from Orlando, indicate that ten to twelve persons were killed during an election race riot there yesterday. Two whites are known to have been shot to death and one Negro lynched.

Other Negroes perished when the buildings in which they sought shelter were burned. One house is said to have contained eight Negroes.

Armed whites were reported patrolling the region and closing in on Negroes who fled to the woods, the pursuit being accompanied by intermittent firing.

Twenty Buildings Burned.

More than twenty buildings in the Negro settlement were burned. Reports from Ocoee tonight said explosion of considerable amounts of ammunition occurred as the flames swept the buildings and that numerous firearms were found in the ruins later. Some reports said five Negroes died in the flames. One Negro woman was among these, it was said, but no children.

The battle was precipitated by the attempt of July Perry, a Negro, to vote after he had been refused the privilege by election judges on the ground that he had not paid his poll tax. He returned later armed with a shotgun, but it was taken from him and he was driven away.

Negroes Driven Off.

After dark last night, according to reports from the scene, Perry again appeared at the polls accompanied by a number of other Negroes. The white citizens at once formed a posse and dispersed the Negroes, who fled to the Negro settlement. The posse followed and witnesses said the Negroes opened fire from the buildings. A member of the posse was wounded, but reinforcements arrived and it proceeded. Then the firing became general.

The attackers centered on Perry's house intent on his arrest. Two of the whites, Leo Borgard and Elmer McDaniels, both former soldiers, were killed in the back yard of the house, their bodies being found later. A Negro woman said seven or eight armed Negroes were in the Perry house, which ultimately was set on fire to dislodge them, the flames spreading to other buildings.

Perry himself was captured and later taken by a mob and lynched.

OKLAHOMA PUTS A WOMAN AGED 66 IN CONGRESS SEAT

Oklahoma City, Okla., Nov. 4.—[Special.]—Alice M. Robertson of Muskogee, Republican, today was elected representative in congress from the Second Oklahoma district, defeating Rep. W. W. Hastings by nearly 1,000 votes. Miss Robertson is 66 years old and was born near her present residence. Her father was a missionary to the Indians, and she was appointed postmistress of Muskogee by President Wilson.

Miss Robertson was vice president of the state anti-suffrage organization before statehood and opposed votes for women with all her strength until the amendment was adopted to the state constitution in 1918.

During the war she was active in patriotic work and a policy was adopted in a cafeteria she operated in Muskogee that no soldier or sailor in uniform should pay for food.

Miss Robertson spent the greater part of her life as a teacher in Indian schools. Her appointment to the postmastership was largely in recognition of this work.

HARDING'S VOTE IN PENNSYLVANIA PASSES MILLION

Philadelphia, Pa., Nov. 3.—Senator Harding's total vote in Pennsylvania has gone over the 1,000,000 mark, and his plurality tonight was more than 633,000, the greatest vote ever given a candidate in this state.

Returns from 6,206 districts out of 7,219 in the state gave Harding 1,070,014 and Cox 486,535. The nearest approach to Harding's total was the vote given Theodore Roosevelt in 1904, when he received more than 840,000 and a plurality of 505,000.

Senator Penrose's plurality in 6,180 districts was 534,245. His total vote had mounted to 936,273, and that of John A. Farrell, his Democratic opponent, 402,028.

Dry Leader Claims Voters Elected Dry Congress

Columbus, O., Nov. 3.—Wayne B. Wheeler, general counsel of the Anti-Saloon League of America, tonight issued a statement in which he asserted that reports on congressional elections from forty states "show that a substantial majority of both house and senate are against any beer and wine amendment."

Disappointed, but Not Disheartened, White Says

New York, Nov. 3.—George White, chairman of the Democratic national committee, in his only comment tonight on yesterday's election, said:

"We are disappointed, but not disheartened."

HARDING BOWS HUMBLY TO THE NEW MANDATE

Rests, and Takes Up Tasks Gratefully.

BY PHILIP KINSLEY.

Marion, O., Nov. 3.—[Special.]—Storm clouds of election day were scattered to brilliant sunshine in Marion today. This was reflected in the breaking of preelection tension, a "letdown" in work and a tendency on the part of Senator Harding and his coworkers at headquarters to sit down and talk things over.

These talkfests, however, were interrupted by telegrams of congratulations which came by thousands over the wires to Marion. The president-elect and his staff were swamped with the task of answering by mail.

In the brief retrospect afforded them, however, one or two ideas emerged. One is that the senator attributes his big vote in large part to repudiation by the foreign born citizens of the league of Versailles.

Not the "German Vote."

This does not mean a German vote. That was shown by the Cincinnati returns, which were disappointing. Cincinnati, a city with a large German born population, should have given Harding a majority of 60,000, according to the returns from other parts of the state. This was cut in half.

In Cuyahoga county, and Cleveland, where forty tongues are spoken, Harding won by the greatest Republican vote in history. This means to him that these voters wanted nothing to do with the Wilson league.

The senator was still slightly dazed today by the size of his majority. New York appears to be the banner Republican state, although Gov. Sproul, Pennsylvania, wired early in the day that his state would give the greatest vote for the Republican ticket.

Feels New Responsibility.

Senator Harding did not expect such a great victory. His attitude today was that of one who has been intrusted with a mighty responsibility and realizes it fully. He intends to carry out the wishes of the voters as he interprets them.

It is planned to have the "Presidential special," carrying the senator and his party to Texas, leave Marion at 7:34 Saturday morning. He will go to Brownsville by way of St. Louis, and the chances are he will have to make several platform speeches in Texas. Messages were received today from big groups of Texas citizens in various cities en route asking him to speak.

Golf, Hunting, Fishing.

He has been going at a tremendous pace for four months and feels the necessity of complete relaxation. In the far away Point Isabell, on a chain of islands in the Gulf of Mexico, he hopes to find this rest. There is golf within thirty minutes' ride, fine hunting and fishing, and bathing.

The contemplated trip to the Panama canal zone is not definite. The senator may decide to postpone this if it is found that it cuts his Texas visit too short. He has been offered the use of private yachts for cruising in the gulf, but has declined. His present plan is to take a United Fruit steamer out of New Orleans. He will speak Dec. 6 at Bedford, Va., he said today, as this is a home for disabled members of the B. P. O. E. All matters of policy and appointment will be put aside until his return to Marion.

Will Quit Senate Jan. 2.

He will resign from the senate on Jan. 2, he said today, providing Gov. Davis, who will then take office, will appoint Frank B. Willis, Republican senator elect, as his successor for the two months. In any event he will not go to Washington except to wind up the affairs of his own office.

Telegrams today were chiefly from citizens of Ohio. Oklahoma, California, and Texas also sent messages. He received this from Gov. Cox:

"In the spirit of America, I accept the decision of the majority and tender, as the defeated candidate, my congratulations, and I pledge, as a citizen, my support to the executive authority in whatever emergency may arise."

Reply to Cox's Wire.

To this the senator replied:

"As the successful candidate, I thank you for your message of congratulation and pledge of support."

Nothing was received from the White House.

Most of the members of the senate sent messages. Charles E. Hughes wired:

"My heartiest congratulations on your splendid victory."

Herbert Hoover wired: "I add my

Latest estimates on Harding's lead in Illinois, based on actual figures from all but 48 precincts in Chicago and all but 753 precincts downstate, give him 835,000 plurality over Cox in the state as a whole.

Similar late estimates on Small's lead over Lewis for governor, compiled early this morning—with 48 city and 810 downstate precincts missing—give Small an approximate plurality of 485,000 in the whole state.

LODGE TELLS WHAT PARTY HOPES TO DO

Boston, Mass., Nov. 3.—Senator Lodge, in commenting upon the election today, said the Republican victory was so large he could not grasp it.

"It is distinctly an American victory," he said.

"We shall not bring any millennium to the country," he added. "We don't promise it. One thing we can do is to bring the government back to its constitutional form and limitations, under which we have lived and progressed. We can remedy the present tax laws and we can revise the tariff so that duty on imports will be made to pay for some of the taxes, which they don't do now.

"We can make peace with Germany and remove what is technically a state of war.

"Lastly, we have brought to an end the attempt to enter into the league of nations which Mr. Wilson brought back from Paris. That is not the only league that can be made to promote the peace of the world. One of the first duties of Mr. Harding will be to draw up an agreement looking to the preservation of the peace of the world. Call it 'entente,' 'association,' or what you will—not an alliance."

OKLAHOMA AND TENNESSEE IN HARDING FOLD

Electoral Vote of 401 to Winner.

BULLETIN.

Memphis, Tenn., Nov. 4, 1 a. m.—Tennessee swung into the Republican column shortly after midnight when returns tabulated by the Memphis Commercial Appeal from all counties in the state except Marion and Bledsoe gave Senator Harding a lead of 9,977 over Gov. Cox, and Alf Taylor, Republican, a plurality of 37,197 over Gov. Roberts in the gubernatorial contest. The presidential vote was:

Harding, 199,759.

Cox, 189,782.

The two counties missing are in eastern Tennessee, considered a Republican stronghold.

BULLETIN.

Republicans on latest election returns gained nine seats in the United States senate from the Democrats. Of the next senate 58 members will be Republicans and 38 Democrats, Senator George E. Chamberlain, Oregon, and Scott Ferris, Democratic candidate in Oklahoma, falling under the Republican landslide. Latest figures indicated that the house would be Republican by the steam roller majority of 137. The house lineup is: Republicans, 285; Democrats, 148; Independent Prohibitionist, 1; Socialist, 1.

BY ARTHUR SEARS HENNING.

Capture of Oklahoma and Tennessee, breaking the Democratic grip on the solid south for the first time in history, put the finishing touches to the colossal triumph of Harding and Coolidge in the presidential election.

Harding has carried thirty-six states, with a total electoral vote of 401, more votes than were ever received by any candidate for the presidency except Wilson when the Republican party split in 1912.

The only state remaining in doubt is New Mexico, where Cox is slightly in the lead, with the returns incomplete. If New Mexico should go to Harding his total electoral vote would be 404.

Tennessee Harding's by 10,000.

Tennessee went into the Harding column by a plurality of 10,000 and elected a Republican governor. In Oklahoma the estimated Republican plurality is 11,000.

With a prospective plurality of the popular vote of the country approaching 7,000,000, the Democratic disaster from every viewpoint appears cataclysmic.

Cox will have not more than 130 electoral votes, and if he loses New Mexico his total will be only 127. Any way you look at it, Cox is the worst beaten presidential candidate in the annals of the republic.

Harding's majority in the electoral college will be at least 271, and it may go as high as 277.

Kentucky Is Saved.

In the border states Cox lost everything except Kentucky, which he apparently has carried by far less than the normal Democratic plurality, despite the expectation that the enfranchisement of women would make Democratic states more strongly Democratic, as it has made Republican states more strongly Republican.

This is only additional evidence of the enormous defections of normally Democratic voters, both men and women, from the Democratic party in an election in which the party sought retention in power on a basis of indorsement of the Wilson régime and the Wilson league of nations.

Big Surprise to Leaders.

The other border states—Maryland, West Virginia, and Missouri—Harding carried by pluralities that are phenomenal in view of the normal Democratic strength in this territory.

Not even the most wildly optimistic Republican leaders looked forward to the plurality of 50,000 by which Harding apparently carried Maryland, a state which has gone Republican in a national election but twice since the civil war.

Missouri is another state which the Republicans won but twice in the last half century, and then only by a hair, but which Harding has captured by a

plurality running into the unheard of total of 180,000.

West Virginia, where Hughes squeezed through with less than 3,000 to the good, Harding has won by 80,000 or more.

Phenomenal Poll of Votes.

Harding not only performed the unusual feat of polling more votes than all the other candidates for the presidency combined, but he shattered all records by winning with the 7,000,000 plurality over Cox. The largest previous popular plurality was Wilson's 2,000,000 over Roosevelt, when the Republican party divided in 1912. With only two big parties in the field, but with the women voting, a plurality of 2,000,000 would have been normal and of 4,000,000 unusual in this election. The Harding 7,000,000 margin, therefore, becomes phenomenal.

This extraordinary plurality of the popular vote measures the verdict of the nation in the "great and solemn referendum" on the league of nations issue, which President Wilson decreed this election should constitute.

Issue Was Clear Cut.

The issue was clear cut as soon as Cox had declared himself in favor of "going in" and Harding had asserted he was in favor of "staying out" of the Wilson league.

Had Cox carried the country by a million or two plurality of the popular vote President Wilson, beyond a doubt, would have acclaimed the result an unquestionable vindication of his work at Paris and a national mandate to the senate to ratify the treaty and the league of nations covenant just as he brought it home from Europe.

Had Cox been defeated by less than 2,000,000 the country would have been pronounced divided on the question submitted by the president. But with Cox obliterated beneath an avalanche of votes it would be a hardy partisan who would dare to dispute the validity of the evidence that the people are overwhelmingly opposed to putting the United States into the Wilson league.

Big Majority in House.

As if to make entirely unmistakable the popular repudiation of the president, the nation has returned a house of representatives with an overwhelming Republican majority and a senate which is not only largely Republican but more antagonistic than ever to the Wilson league. Analysis of the complexion of the next senate leaves doubt that the covenant could be ratified even with the Lodge reservations.

Such is the extent of the popular rejection of the Wilson covenant at the polls that, while the president's plan may be considered as buried forever, there is serious question whether any scheme of participation in a league of nations will prove acceptable to the nation.

There is a prospect that the Republicans will be split between the Root and Taft wing, favoring an association of nations, and the Johnson and Borah wing, violently opposing anything of the sort. Whether Mr. Harding's genius for conciliation can unite these factions upon a harmonious policy remains to be seen.

Minds Are Befuddled.

A survey of the details of the Republican landslide bewilders the mind even of the seasoned political observer, whose ideas of an election triumph are based on the greatest triumphs of the past. The returns that came in yesterday and last night swelled the Republican pluralities to unbelievable totals.

The Harding plurality of more than 1,000,000 in New York remained the high water mark and at last it was established that Gov. Al Smith, despite the most extraordinary performance ever witnessed at the polls, had been defeated for reëlection by a hair, unable to breast the tidal wave of Republican votes.

Majorities Pile Up.

Illinois and Pennsylvania are striving neck and neck for second place in this triumphal procession, each with about 800,000 plurality for Harding. California comes next with more than 400,000 and then Minnesota, which Hughes carried by 300 but which has now reaffirmed its Republican faith with the impressive plurality of 400,000 for Harding.

Wisconsin romped into the Republican column with 360,000 or more to the good, Iowa with 400,000, Ohio with 358,000, and New Jersey with 325,000. Massachusetts went 350,000 for Harding, carrying along by 30,000 the city of Boston, which the Republicans have not captured since 1896.

In all these instances the most enthusiastic Republicans never dreamed of achieving a moiety of the pluralities rolled up. The additional figures only strengthen the conclusion that, while the newly enfranchised women voted overwhelmingly for Harding and Coolidge and are largely responsible for the Democratic rout, there must have been hordes of Democrats who bolted the Cox ticket on the issues of this campaign.

Indiana the Big Surprise.

Nothing short of stupendous was the Harding plurality of 185,772 in Indiana, a traditionally close state which Hughes carried by only 7,000 and in which a number of supposedly influential newspapers were believed by the Democratic managers to have aroused great sentiment in favor of the league of nations.

From the solid south came figures disclosing marked Democratic defections and significant increases in the Republican vote. Harding carried nine counties in northern Georgia and Chilton county, Alabama, by 1,300. He also carried thirteen precincts in New Orleans and perhaps a dozen parishes in the sugar belt of Louisiana. St. Petersburg, Fla., went Republican for the first time.

ILLINOIS HANDS HARDING MARGIN OF OVER 800,000

McKinley Lead 760,000, Small's 500,000.

Harding and Coolidge carry Illinois by more than 800,000 plurality. William B. McKinley is elected United States senator by approximately 760,000. Len Small is governor elect with better than a half million lead over James Hamilton Lewis.

Every one of the downstate counties, with the possible exception of Brown and Union, have gone Republican. Every Republican candidate for congress in the fifteen downstate districts has been elected, including Guy L. Shaw of Beardstown, in place of Congressman Henry T. Rainey.

All Republican candidates for state senators downstate have won, and every Republican candidate for the state house of representatives has been returned a winner. The Republican victory in the state is substantially 100 per cent.

Cook for Harding by 407,000.

Cook county has given Harding a plurality of at least 407,000. This figure is almost identically duplicated downstate, 405,000 being the latest Republican presidential estimate on incomplete returns. For senator McKinley runs almost precisely with Harding downstate, and in Cook county he gets a margin of 361,000.

Len Small ran 250,000 votes behind Harding in Cook county, and about 50,000 behind the president elect in the 101 downstate counties. His net plurality over Lewis is at least a half million votes.

The Republican state ticket, without a break, is elected by pluralities that closely approximate the 760,000 given McKinley. The candidates for the state offices below the governorship ran right along with the Harding-Coolidge electors downstate. In Chicago they were on an average of forty to fifty thousand votes behind the head of the ticket.

Emmerson Tops Minor Candidates.

Complete returns, it is indicated, will show that Secretary of State Emmerson was at the head of the minor state candidates. Attorney General Brundage received a heavy Chicago vote that probably will put him in second place in point of plurality size. Charles W. Vail, for clerk of the Supreme court, was high man in Chicago, but not downstate. State Auditor Russel runs next.

In Chicago 88 per cent of the registered vote was cast.

RICH MAN SLAIN IN N. Y. HOTEL; HUNT COMPANION

New York, Nov. 3.—A murder mystery, baffling in motive, tonight confronted the police investigating the death of Leads Vaugh Waters, 46, wealthy clubman of London and New York, found early today in a room in the Plymouth hotel.

Death resulted from a fractured skull, caused, police believe, by blows from Waters' own cane, wielded by a man who accompanied him to the hotel last night, and who rushed from the room, still carrying the walking stick, a few seconds before the body was found. He left finger prints on a mirror in the room, and the name "James Dunn, Milwaukee," upon the hotel register.

Waters registered at the hotel as "J. Talbot, Milwaukee."

Waters was married in 1896 to Elizabeth L. Blanc, an actress known as "Baroness" Blanc, daughter of E. L. Nicholson of Philadelphia. After living together thirty-one days they separated. Mrs. Waters later obtained a divorce in Chicago.

SMALL FACES KNOTTY TASKS FROM THE START

No Foes to Punish, Says Next Governor.

BY E. O. PHILLIPS.

Backed up by a popular majority of over a half million votes, Len Small proposes to become governor of Illinois upon the single policy of efficiency and service. He will have no foes to punish and no friends to reward, as such, and his ambition is to furnish to the state an administration that will be above criticism.

This is Mr. Small's own statement of the case, as the returns arrived showing that he had been elected governor with a plurality that shatters any and all earlier political records in state affairs. It is not in quotation marks but is substantially the language of the governor elect.

Legislature First Problem.

The first test that Mr. Small will meet, in the judgment of politicians who were unanimous in speculating upon the immediate developments of the Republican landslide, involves the organization of the legislature. The organization of the house and the election of its speaker is already an overshadowing issue. The relation of the new governor to the state senate, which holds the power of confirmation of the governor's appointees, is at once involved.

For the speakership of the house there are these candidates who are practically announced: William P. Holaday of Vermilion county, Homer J. Tice of Menard county, James A. Watson of Hardin county, Charles A. Gregory of Piatt county, and Randolph Boyd of Bureau county. Any one of these candidates is understood to be satisfactory to the Anti-Saloon league.

Others in the Offing.

William M. Scanlan of La Salle county may be a candidate. Frank E. Abbey of Henderson county and Charles W. La Porte of Peoria county are considered as strong possibilities. Whether David E. Shanahan of Chicago, speaker for three terms, will be a candidate for reëlection remains to be determined.

The city hall will have a block of twenty-three or twenty-four members from the Chicago districts, all set to do whatever is wanted by the directing forces at this end of the line. The hall, it is surmised, may have a speakership candidate, and it may be either G. A. Dahlberg, now an assistant corporation counsel, or William M. Brinkman of the First district.

May Be Early Showdown.

Governor-Elect Small may find it necessary to go through with a city hall program on the election of a speaker wherein is involved a showdown that may come to him before he is inaugurated. In the estimation of practical politicians what he does along this line will have full significance.

The combined efforts of the new administration, composed of Governor Elect Small and the minor state officers, with the support, possibly, of Senator Elect William B. McKinley, undoubtedly could name the next speaker.

Speculation naturally sharply centers upon the way in which the federal patronage in Illinois is to be handled, now that a Republican administration is about to take office at Washington. Whether Senator Medill McCormick and Senator Elect McKinley are in agreement to work harmoniously is a topic of principal discussion.

MAYOR SEES VOTE AS A VINDICATION OF THOMPSONISM

Now Prepares to Push His Trustee Traction Plan.

Mayor Thompson's desk was piled high with flowers and the all night election celebration was resumed at 2:30 o'clock yesterday when the mayor returned from a five hour nap to greet hundreds of friends.

"We were simply hashing it over," the mayor said. "Of course, I am deeply gratified at the trust the people have reposed in me. The issue was Thompsonism, pure and simple, and it was I that got most of the lambasting from the opposition.

Time to Fulfill Pledges.

"But that ship has gone. That was yesterday. Today is here, and the thing to do now is to carry out our pledges to the people with as little delay as possible.

The mayor said the first step toward carrying out his platform pledges would be an order on his traction commission to be the finishing touches on its proposed act to permit adoption of the mayor's trustee plan of ownership and operation of traction lines.

"Platform" Going to Fête.

Platform, the mongrel dog which Mayor Thompson rescued in Springfield last May, will be at the inauguration of Len Small as governor next January. What's more, the hound dog will have a new blanket.

"At the state convention May 18 my platform was defeated," the mayor said. "Now it has been vindicated. When Platform goes to Springfield he will wear a blanket labeled: 'I was a minority on May 10; I've grown to a majority.'"

Deciding Vote for Suffrage Wins Tennessee for Him

Athens, Tenn., Nov. 3.—Harry T. Burn, Republican member of the state assembly from this county, who cast the deciding vote for the ratification of the suffrage amendment by Tennessee, has been reëlected after a bitter contest, his majority being about 100.

NEW GAPS TORN IN DEMOCRATIC CONGRESS LINES

20 Majority in Senate and 137 in House Seen.

BY GRAFTON WILCOX.

The Republican avalanche, as election returns poured in last night, completely overwhelmed the Democrats in congress.

In the senate, latest reports show, the Republicans will have a majority of twenty seats. Republicans will control the house of representatives with an old time steam roller majority of 137. When the last return is in, this utter rout of the Democracy may be even greater.

Almost complete returns give the Republicans a gain of nine seats in the senate, Arizona and Nevada, which were swept into line early yesterday, being followed last night by Oklahoma and Oregon.

The Lineup Today.

The congressional political lineup, as now developed, will be as follows:

SENATE.

Republicans 58
Democrats 38

HOUSE.

Republicans 285
Democrats 148
Independent Prohibition 1
Socialist 1

The Republicans gained their nine seats as follows:

ARIZONA—Ralph Cameron defeated Senator Mark Smith.

CALIFORNIA—Samuel M. Shortridge defeated Senator James D. Phelan.

COLORADO—Samuel D. Nicholson defeated Democrat and Nationalist candidates to succeed Senator Charles S. Thomas.

IDAHO—F. R. Gooding defeated Senator John F. Nugent.

MARYLAND—O. E. Weller defeated Senator John Walter Smith.

NEVADA—Tasker L. Oddie defeated Senator Charles B. Henderson.

OKLAHOMA—J. W. Harreld defeated Scott Ferris to succeed Senator Thomas P. Gore.

OREGON—Robert H. Stanfield defeated Senator George E. Chamberlain.

SOUTH DAKOTA—Peter Norbeck defeated U. S. G. Cherry to succeed Senator Edwin S. Johnson.

May Swell Senate Lead.

Late last night there was a prospect that the Republicans might gain still another seat. They were at that hour refusing to concede the reëlection of Senator J. C. W. Beckham in Kentucky, Richard P. Ernst, the Republican candidate, having made heavy gains in the late count. Beckham, however, was about 14,000 in the lead.

Returns in the congressional elections were full of surprise, among them:

Defeat of Champ Clark, former speaker of the house and minority leader, in the Ninth district of Missouri, by T. W. Hukreide, Republican. Hukreide had a majority of nearly 6,000 votes.

Woman to Congress.

Election of Alice M. Robertson, Rep., in the Second district of Oklahoma, the second woman to be elected to congress in American history. She defeated Representative Hastings, a Democrat.

Election of a Republican congressman from Texas, Hardy M. Wurzbach having decisively beaten Carlos Bee, Democratic candidate, fourteenth district. Bee is a brother-in-law of Postmaster General Burleson. Wurzbach will go to Washington with seventeen Democrats from Texas and enjoy the distinction of being the first Republican congressman from the Lone Star state since 1896.

Defeat of Victor Berger, Socialist, Fifth Wisconsin district, by former Congressman William H. Stafford. Berger, twice expelled from the house because of his conviction for conspiracy against the government during the war, had boasted that his constituents would return him in defiance of the will of congress not to receive him. He conceded his defeat last night.

London, Socialist, Wins.

Election of one Socialist, Myer London of Sycamore, N. Y., a former member of the house. He defeated Representative Henry M. Goldfogle.

Defeat also of Representative Henry T. Rainey, Democrat, Twentieth Illinois district, who has survived many Republican landslides. He was beaten by Guy L. Shaw.

The Republican landslide was particularly severe on sitting Democrats in the big states, and reached down below the Mason and Dixon line for victims in several cases.

As a result of the avalanche many states will send solid Republican delegations to Washington, among them Ohio with 22; Indiana, with 13; Iowa, 11; Kansas, 8; Michigan, 13; Minnesota, 10; Nebraska, 6, and Wisconsin, 11.

New Jersey has eleven Republicans and one Democrat; Pennsylvania wiped out six Democrats, but picked up an independent Prohibitionist in one district, the delegation standing, Republicans, 34; Democrat, 1; independent Prohibitionist, 1.

Massachusetts let but two of its four Democratic congressmen remain.

Hard Fight in Illinois.

In Illinois three Democrats were fighting to save their political lives—Kunz, Sabath, and John W. Rainey of Chicago. Indications were favorable to Kunz, but Sabath was in serious danger on the basis of the latest returns.

Victor Berger, Wisconsin, in conceding his defeat to Stafford attributed it to the fact that women voted in Milwaukee for the first time and to what he called "the desire of the country to get rid of the Wilson bunch."

Alaska Is a Husky Pebble in Republican Avalanche

JUNEAU, Alaska, Nov. 3.—Incomplete returns representing the larger portion of the vote in the first, third and fourth divisions of Alaska indicate a Republican landslide in the territory. The vote reported for delegate to congress was: Sutherland (Rep.) 3,715, Grigsby (Dem.) 2,426. For the territorial attorney general, Murphy (Dem.) incumbent, 2,651; Rustgard (Rep.), 3,264.

BRITAIN VOICES SATISFACTION AT G. O. P. TRIUMPH

BY JOHN STEELE.

[Chicago Tribune Foreign News Service.]
[Copyright: 1920: By The Chicago Tribune.]

LONDON, Nov. 3.—British statesmen, following their usual practice, refuse to talk for publication about the result of the American presidential election, but in private conversation they make no attempt to conceal their satisfaction over the election of Senator Harding.

"It is a relief," said a prominent cabinet minister today, "no longer to fear that an eloquent sermon will come out of a clear sky in the midst of an important business deal.

"President Elect Harding stands for the plain, common sense of the American people and we anticipate no trouble in getting along with him in international affairs. Even if we shan't always agree, we will know where we are at."

U. S. MUST JOIN LEAGUE, VIEW OF VON BERNSTORFF

[Chicago Tribune-New York Times Cable.]
[Copyright: 1920.]

BERLIN, Nov. 3.—Count von Bernstorff, writing in the National Gazette here, comments as follows on the election in America:

"According to Harding's program, it is to be expected that America will take up the fight for the reform of the league of nations, either within the league or by making its entry dependent upon reservations.

"One way is as good as another for us. One thing is sure: reconstruction of Europe cannot succeed without the realization of the ideals of the league of nations idea in some form or other, and that this goal is not attainable without America's coöperation. Therefore I hail Harding's program with joy. It excludes America's complete isolation."

CITY TO PICK 50 2 YEAR ALDERMEN AT 1921 POLLS

Plan Wins by 100,000; O. K. Daylight Saving.

BY OSCAR E. HEWITT.

The voters of Chicago indorsed the fifty ward law by a majority of 100,000. At the same time they expressed a preference for a two year term for aldermen over a four year term by a majority exceeding 200,000.

The act of the legislature provides that the plan shall become effective in Chicago when approved by the voters. The law itself provides for the election in 1921 of one alderman from each of fifty wards and prohibits an aldermanic election in 1922. It also imposes the duty on the present city council of fixing the salary of the aldermen elected under the fifty ward plan. That compensation may be anything up to $5,000 a year.

All of this means that the plan for redistricting the city on the present basis of thirty-five wards, with two aldermen from each, must be thrown into the discard. If the aldermen comply with the law they will get busy at once and redistrict the city on a fifty ward basis.

G. O. P. to Get Most Wards.

Taking the personnel of the present city council as indicative of the political complexion of the present wards, seventeen of them are Democratic, ten are Republican, and the eight remaining are half-and-half. Assuming that the council will conscientiously attempt to make fifty wards of the same population, the Republican wards will make substantial gains in numbers.

According to the last federal census, the Seventh ward will nearly make two wards under the fifty ward plan, the Twenty-fifth ward will make about 2¼ wards; the Twenty-seventh ward three, and the Twenty-ninth, Thirty-second and Thirty-third two new wards each. Of these six wards now existing, only the Twenty-ninth is represented by two Democratic aldermen. Therefore, theoretically the Republicans will gain eleven aldermen in the territory now embraced in the six wards. In addition the present Ninth, Thirteenth, Thirty-fourth and Thirty-fifth wards are oversize on the 50 ward basis.

May Have Council of 75.

If the law works out as intended, the city council next year probably will have more than its present 70 members. The thirty-five aldermen elected last spring will hold office for their full two years. Any or all of these are permitted to run for aldermen next spring under the fifty ward plan. On a guess, say that 10 become candidates and are elected, that leaves 25 holdovers. Then the city council next year will have 75 members, 50 elected under the law approved on Tuesday and the 25 holdovers.

Save $400,000 in Elections.

Another important feature from a financial viewpoint is that all of the fifty aldermen will be elected at one time for two years, so there will be an aldermanic election every other year. Selection of the aldermen will be under the nonpartisan scheme used last spring, unless prohibited by the new Illinois constitution. This method, coupled with the elimination of an election every other year, will save the taxpayers between $400,000 and $500,000 very other year, according to the advocates of both schemes.

Approval of the so-called Fifty Ward law makes another innovation. It increases the term of the city clerk and city treasurer from two to four years, beginning in 1923. That is the year of the next mayoralty election.

Daylight Saving Wins.

The daylight saving plan was another proposition approved by the electorate. Its majority was in the neighborhood of 50,000. Certain labor unions and other organizations are opposed to the plan and probably registered their objections in the ballot box.

Both bond issues of the Lincoln park commissioners were approved by the voters of the north side towns. One issue is for $1,000,000 to extend northward the filling in of submerged land for park and boulevard purposes, so the north side lake shore will be a recreation area from Chicago avenue to the north limits of the city. This $1,000,000 will not complete the job.

The other issue is for $350,000 to purchase and improve the old Gunther baseball park on Leland avenue between Clark street and Ashland avenue. The commissioners believe this is well situated to accommodate a large population.

Bank Law Also Carries.

With 92 precincts missing, the $1,000,000 bond issue was approved by a vote of 54,593 to 42,389. The other issue, with 175 precincts missing, received 84,031 favorable votes and 20,552 adverse.

The remaining proposition on the little ballot, approval of the law to prohibit private banking in Illinois, carried in Chicago by a vote of 255,450 to 75,983—with 337 precincts missing.

REPUBLICANS WIN ALL 27 SEATS IN STATE SENATE

Next House Will Be 95 to 58 for G. O. P.

Returns upon the legislative contest, which were still incomplete late last night, indicate only one important change in the political complexion of the next general assembly. It now appears that the Republicans made a clean sweep of the twenty-seven state senators who were elected yesterday and will have forty-three of the fifty-one seats in the senate instead of the forty-two which were credited them in yesterday's TRIBUNE.

The Republican gain was in the Fourth district, where former Ald. McDermott, Democratic candidate, now appears to have been defeated. The complete police returns from this district, gathered in the city controller's office, show that Robert W. Schulze, the Republican candidate, received 14,101 votes to 13,499 for his Democratic rival. The City News Bureau returns, with several precincts missing, still show McDermott in the lead, but Schulze is certain he has won.

Senator Manny Defeated.

Down the state returns confirmed the defeat of Senator Walter I. Manny, Democrat incumbent in the Thirtieth senatorial district, and gave E. C. Mills of Virginia, his Republican opponent, a plurality of 1,000 votes.

The only other changes that belated returns made were in the identity of the successful candidates, not in the political complexion of the legislature.

In the Third district, where the three Republican candidates are running neck and neck, Morris E. Lewis has dropped behind both Rep. Adelbert H. Roberts and Warren B. Douglas, the other two Republicans. He is less than 500 votes behind Roberts. Rep. Garry Noonan [Dem.] continued to hold a commanding lead over the three Republicans, with only twenty-two precincts to hear from.

Prendergast Beaten.

In the Nineteenth district the fight between the two Democrats for the third place showed a decided change, and John F. Berry [Dem.] now appears to have beaten Rep. James T. Prendergast by nearly 3,000 votes. Rep. Roderick and Charles E. Marinier, the two Republicans elected, are each more than 20,000 votes ahead of the high Democrat.

In the Twenty-first district Rep. Michael E. Maher [Dem.] slightly increased his lead over Rep. Benjamin M. Mitchell [Dem.], who is contesting with him for the third seat. With twenty-three precincts still missing Maher's lead has grown to nearly 1,000 votes.

No other changes from the results announced yesterday took place in the Chicago districts.

Downstate Returns.

From down the state the returns show the election of John A. MacNeil of Olney as the minority representative in the Forty-sixth district over Theodore P. Stelle of Mount Vernon, the other Democrat. W. B. Phillips of Mount Vernon and Frank Vice Jr. of Olney were the two Republicans elected in the district and Charles L. Wood of Keens was choosen as the Republican state senator.

The returns from down the state are slow in coming in and may make a few changes in the personnel of the minority representation in the lower house.

Nevada Goes to G. O. P. First Time in 12 Years

Reno, Nev., Nov. 3.—For the first time in twelve years Nevada has cast a majority vote for a Republican presidential nominee. On incomplete returns Cox has 5,611, Harding 9,291. It is believed the state will give Harding a majority of at least 7,000. For United Setates senator former Gov. Oddie, Rep., has defeated Senator Henderson, Democratic incumbent, and Arentz, Republican, has defeated Evans, Democrat, for congressman.

TRIBUNE SALES AFTER ELECTION SURPASS RECORD

Folks Snap Up Edition of 595,519.

The highest weekday circulation in the history of THE TRIBUNE rolled off the presses yesterday to tell the waiting citizenry that Harding had been elected. The grand total was 595,519 copies.

Never since polling booths and ballots were invented has there been such a demand for papers in Chicago. The demand for yesterday's TRIBUNE was even greater than on armistice day, when the former high mark for circulation was established. And many more copies could have been sold yesterday only there weren't any more! Every paper had been ordered and paid for in advance.

A Hectic Night.

It was a hectic night for the pressmen and circulators. The day before they had only the average "run" to handle—454,421 copies, to be exact. Then up jumped the 141,000 increase.

"Help!" called the presses in anguish.

Their cry was answered. Across the river, where the new TRIBUNE plant at Austin and St. Clair avenues is nearly ready for occupancy, a battery of unchristened presses lay ready. They saved the day, for without them the huge added circulation could never have been printed on schedule time.

Eighteen Trucks of Paper.

All through election day the great TRIBUNE trucks had been picking their tedious way through the crowded streets, bearing to old presses and new the newsprint on which to record the result of the nation's balloting. Eighteen drays, each drawn by three horses—a cavalcade two blocks long—brought the 180 tons necessary to tell the story.

At 9:45 Tuesday night the presses began to turn on their first "run." There were numerous interruptions to substitute new plates bearing the latest bulletins. More than 30,000 extra copies were printed to supply the country demand.

Puts on 110,000 More.

Then, shortly before 2 o'clock, the first city edition began to come up. Here was a heartbreaking grind, for the town readers wished 110,000 more papers than they normally peruse on a week day.

The ink stained pressmen bent to their task. Their bare arms glistened with sweat as they fed the roaring monsters with fresh rolls of news print.

By 6:30 a. m. presses were clear and the army of circulators was speeding about the city with the last loads of papers. No less than seventy wagons and thirty trucks were necessary to get THE TRIBUNE on your breakfast table at the same time as the grapefruit. And not a copy was late!

OKLAHOMA NOW HARDING STATE; VICTORY GROWS

11,000 Lead Shown by Late Returns.

Oklahoma City, Okla., Nov. 3.—Oklahoma swung safely into the Republican column at midnight tonight on the face of complete but unofficial returns from approximately 2,000 of the 2,685 precincts in the state. It appears that the state will split its congressional delegation, probably even.

A tabulation of 1,974 precincts out of 2,685 for president gave a Republican majority of 8,513, the vote being: Harding, 172,313; Cox, 163,800. For United States senator 48 precincts gave a Republican majority of 17,537, the figures being: Harreld, 183,413; Ferris, 165,875.

Cox Leads in Kentucky.

Louisville, Ky., Nov. 3.—Returns from 3,075 precincts out of 3,226 give Gov. Cox 446,628 and Harding 428,661. With 291 precincts still to report, Republican campaign managers refused to concede United States Senator Beckham's, Dem., reelection. The vote in 2,935 precincts gave Ernst, Rep., 419,282; Beckham, Dem., 433,328.

G. O. P. Texan for Congress.

San Antonio, Tex., Nov. 3.—Late today Congressman Carlos Bee, Democrat, conceded his defeat as representative from the Fourteenth district by Harry M. Wurzbach of Seguin, the first Republican to represent a Texas district since 1896.

Clean Sweep in Kansas.

Topeka, Kas., Nov. 3.—The G. O. P. state and national ticket swept Kansas.

Eighteen hundred and ninety precincts out of 2,526 gave:

For president—Harding, 370,886; Cox, 144,192. For senator—Curtis, R., 232,157; Hodges, D., 124,107. For governor—Allen, R., 228,747; Davis, D., 148,537.

G. O. P. Carries Arizona.

Phoenix, Ariz., Nov. 3.—Returns from nearly one-half of the state indicated the success of the Republican presidential, senatorial, and state candidates. Two hundred and thirty-four precincts out of 474 gave:

For president—Harding, 12,512; Cox, 10,586.

For senator—Ralph H. Cameron, R., 13,081; Marcus A. Smith, D., 10,527.

For governor: Thomas E. Campbell, R., 13,577; Mit Simms, D., 11,910.

ASPHYXIATED IN HIS HOME.

Kimball Howes, 5048 Park avenue, a printing salesman, was found asphyxiated in his home yesterday. Gas was escaping from an open jet.

NEBRASKA GIVES HARDING 134,800

Omaha, Neb., Nov. 3.—Warren G. Harding's indicated plurality in Nebraska was 134,800 tonight, when 1,367 out of 1,877 precincts in the state had been tabulated. The figures were: Harding, 190,385; Cox, 92,580.

These totals came from eighty-nine of the ninety-three counties in the state and represented a missing precinct list of 520. Most of the missing precincts were of the small rural variety.

With 500 precincts missing, Samuel R. McKelvie, Republican governor, was leading John H. Morehead, former governor and Democratic opponent, by more than 16,000 votes. The figures for 1,375 precincts were: McKelvie, 120,156; Morehead, 103,727.

LANDSLIDE ADDS VAST POWER FOR CITY HALL CLAN

State, County, Sanitary District, Parks Won.

BY ARTHUR M. EVANS.

Jubilation reigned at the city hall yesterday. By Tuesday's election Mayor Thompson's organization now has a reach and scope more powerful perhaps than any other political machine has ever built up in Illinois history. The domination of the city hall camp by overwhelming pluralities has now been extended from the municipality into the county and state.

It has elected its candidates for governor and state treasurer, and has gained control of the state's attorneyship which controls the machinery of prosecution, the county judgeship which directs the election machinery of Chicago, the sanitary district with its $40,000,000 bonding power, the parks of the west and north sides, through the next state administration. Small wonder that the Thompson men continued their celebrating.

Pluralities Increased.

As more complete figures came in, they increased the pluralities of some candidates for county office. Coroner Peter Hoffman was revealed as the fastest runner on the ticket in Chicago. Unofficial returns compiled and issued at the mayor's office with only forty-eight precincts missing show that Hoffman got almost 5,000 more votes than even Harding did in the city.

In the country towns, however, Harding outstripped Hoffman. The following comparative table shows the racing abilities of the coroner in leading the county ticket:

	City.	Towns.	Total.
Harding	524,787	72,059	596,846
Hoffman	529,575	62,257	591,832

Adam Wolf and William H. Weber for assessors ran next to Hoffman as vote getters, both in the city and towns. Over the top Democrat, Edward Cohen, they achieved the following pluralities:

	City.	Towns.	Total.
Wolf's plurality	326,170	43,974	370,044
Weber's plurality	318,646	43,797	362,343

Haas Has 326,197 Lead.

Charles V. Barrett, for member of the board of review, came next in rank for speed, rolling up a margin of 337,445 in the county over M. K. Sheridan.

Joseph F. Haas, for recorder, the sole Deneen-Brundage nominee on the county ticket for big offices, piled up a plurality of 326,197. His vote stood, with only forty-eight precincts missing:

Haas	559,175
Crowe	232,978
Plurality	326,197

Capture Sanitary District.

The three Thompson candidates for sanitary district trustee—Morris Eller, Alexander N. Todd and Lawrence F. King—won by margins ranging from 70,000 to 165,000. These were places on which the Democrats centered their opposition and upon which the city hall concentrated much of its energies. The vote, with 48 precincts missing:

REPUBLICANS.		DEMOCRATS.
Eller	443,101	Carr 277,566
Todd	438,336	Sullivan 257,093
King	438,161	Rosenberg 255,723

Thus Eller had a plurality over Carr, the high Democrat, of 165,535. King got a margin of 160,598, and Todd, 160,370.

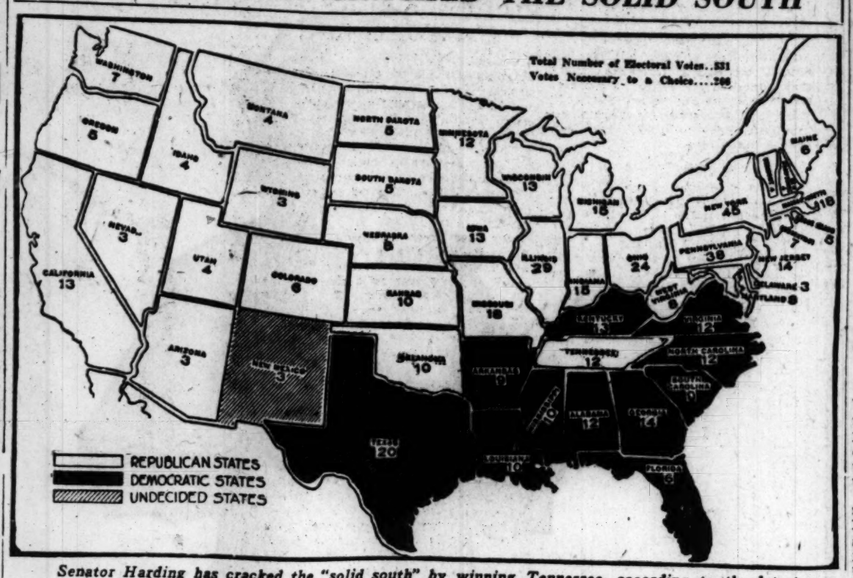

Crowe's Plurality 207,826.

The nearly complete figures made no notable change in the pluralities of Robert E. Crowe for state's attorney and Frank S. Righeimer for county judge. These are the two offices on which the city hall focused its greatest effort and on which the Democrats put up the hardest fight. Crowe and Righeimer ran almost hand in hand, and so did their rivals, Igoe and Busch, as the following figures reveal:

STATE'S ATTORNEY.		COUNTY JUDGE.	
Crowe's plurality—		Righeimer's plurality—	
City	179,640	City	179,113
Towns	28,186	Towns	29,167
Total	207,826	Total	208,280

Figures from two-thirds of the wards indicate the women cast 37 per cent of the total Republican vote for president and 35 per cent of the Democrat.

HOW HARDING CRACKED THE SOLID SOUTH

Senator Harding has cracked the "solid south" by winning Tennessee, according to the latest returns, by a plurality of approximately 12,000. He also has captured Oklahoma by an estimated plurality of 11,000, bringing his total electoral vote to 401, with New Mexico still in doubt.

Returns have been received from only one-third of the New Mexico election districts. These show a Cox lead of 2,000, but Republican leaders confidently predict the vote of the rest of the state will carry New Mexico for Harding.

GERMAN PRESS PREDICTS EARLY PEACE WITH U. S.

BERLIN, Nov. 3.—Warning against undue optimism in consequence of the Democratic defeat in the American elections is to be found in the press comment, although the papers find comfort in Senator Harding's victory as presaging normal relations between the United States and Germany.

The Pan-German editors make vitriolic onslaughts on President Wilson, who is charged with responsibility for the hunger blockade and the irreconcilable post-war attitude of hostility to Germany.

"We have got rid of Wilson, who was to blame for our misfortune," the Lokal Anzeiger says. "Mr. Harding will play politics and mix in world affairs only so far as they concern American interests."

The Zeitung Am Mittag says: "It would be premature to regard the end of the Wilson era too optimistically."

"It is the complete disavowal of Wilson," the Vossische Zeitung says. "Germany's chief interest turns on Mr. Harding's campaign utterances favoring the quickest possible reëstablishment of peacetime relations between Germany and the United States."

"If today we shake hands in spirit with President Elect Harding across the sea," the Tageblatt says, "it is because we see in him a man who can quickly bring us peace with union and who has the vision and the desire for a better league of nations."

Republicans Victorious in Territory of Hawaii

HONOLULU, T. H., Nov. 3.—Incomplete returns indicate that Jonah K. Kalanianaole, Republican, defeated L. L. McCandless, Democrat, by 2 to 1 for territorial delegate, and that the next legislature will be overwhelmingly Republican.

GLOOM RULES AS FEDERAL MEN SEE THEIR JOBS GONE

Gloom eight stories high pervaded the federal building yesterday following the Republican landslide. Gloomy little groups were scattered over the entire building.

There was only one topic of discussion: "What are we going to do now?" For in the building are the offices of many appointed federal officials. Democrats have enjoyed the juicy plums, for the last eight years, and it is expected the personnel of the building will be rapidly changed after March 4.

A number of important offices and thousands of minor places in the Chicago district will be at the disposal of Republicans. Following are the biggest jobs:

Charles F. Clyne, United States district attorney, $12,000 a year. His term expires September, 1922.

William B. Carlile, postmaster, $8,000. Term expires March 16, 1921.

William H. Clare, collector of customs, $7,500. Term expires Sept. 29, 1923.

Harry Mager, collector of internal revenue, $6,000.

John J. Bradley, United States marshal, $5,000. Term expires April, 1922.

Thomas Walsh, naval officer, $5,000. Term expires February, 1924.

Ralph W. Stone, prohibition director for Illinois, $4,000.

One popular office, that of supervising prohibition agent, is held by a Republican, Jesse R. Brown.

F. D. ROOSEVELT HOPES LEAGUE WILL BE SAVED

New York, Nov. 3.—Franklin D. Roosevelt, defeated Democratic candidate for vice president, in a statement at his Hyde Park, N. Y., home, made public through Democratic national headquarters here today, said he hoped "that Americans of all parties will give whole-hearted support to the new administration in working out problems that confront us."

"The result of the election in no way changes the duty of this country to join with the other nations in the splendid effort to solve international difficulties, to end militarism, and to avoid future wars for all time," Mr. Roosevelt added.

N. Y. FINANCIAL AREAS ACCLAIM NEW PRESIDENT

New York, Nov. 3.—[Special.]—There was elation in the financial district over the sweeping Republican victory. The sentiment was general that the election of Harding would have a stimulating effect, although it was realized that there were many responsibilities to be shouldered and problems to be solved.

Bankers were outspoken in their praise of the president elect. Elbert H. Gary, chairman of the board, United States Steel corporation, predicted an eight year term for the incoming administration.

"I am, of course, very much pleased by the election," he said. "If the Republican party measures up to the situation we will soon experience more rapid progress and larger prosperity than ever."

Head of French Line Steamers Dies Suddenly

PARIS, Nov. 3.—Gaston De Pellerin de La Touche, president of the Compagnie Generale Trans-Atlantique (the French line), died suddenly here today.

G. O. P. GAINS ONE CONGRESSMAN BY CHICAGO VOTES

Sabath, Rainey, and Kunz Democrat Victors.

BY OSCAR E. HEWITT.

The Republicans gained one seat—possibly two—in congress from the ten Chicago districts.

James McAndrews, Democrat, who has represented the Sixth district in Washington for a dozen years, was beaten two to one by John J. Gorman. He is a lawyer and a member of the constitutional convention. He ran four to one against the congressman in the country towns within the district.

Adolph J. Sabath, who has spent fourteen years in congress, is another Democrat who is not out of the danger of defeat. Jacob Gartenstein, a physician, is Sabath's opponent. With twenty-two precincts missing the City News bureau credits Sabath with a majority of only 228 in a total vote of more than 22,000. The mayor's returns, with certain precincts missing, although the number is not given, places Sabath's plurality at 212, with a total vote of 27,992. These returns indicate the opportunity for a contest, although the congressman claims his reëlection by approximately 500 plurality.

Rainey Looks a Winner.

Until late yesterday two other Democratic candidates appeared to be in trouble. One was Congressman Rainey of the Fourth district. The City News bureau returns, with twenty-six precincts missing, show that Rainey has won with a margin of only 748 votes. The mayor's figures, collected by the police, indicate a plurality for Rainey of 2,623 votes.

The other Democrat is Ald. Stanley H. Kunz. With twenty precincts missing the City News bureau gives him 1,876 votes over his Republican opponent, while the mayor's returns place the Kunz plurality at 1,315.

The Mayor's Figures.

All the other congressional candidates from the Chicago districts are Republicans. The latest returns of the City News bureau are printed in another column. The mayor's returns are on the basis of 2,053 precincts within the city and do not indicate how many are missing in each congressional district. His figures for the candidates, on the above basis, are as follows:

Dist.	Candidates.	Vote
1	*Madden, Rep.	33,700
	Gorman, Dem.	10,935
2	*Mann, Rep.	76,713

It will be noticed that three of the present congressmen, other than related above, will be missing from the first Harding congress. They dropped out in the primary last September. They are: W. W. Wilson, Republican of the Third district; Niels Juul, Republican, in the Seventh district, and Thomas Gallagher, Democrat, in the Eighth district.

The change which gives the Thompson-Lundin organization the most joy was the substitution for Juul of M. A. Michaelson, former alderman, member of the constitutional convention, and one of the loudest of the city hall boosters.

MISSOURI SAFE ON G. O. P. LIST; HYDE IS VICTOR

Champ Clark Concedes His Defeat.

St. Louis, Mo., Nov. 3.—Missouri tonight was safely Republican by more than 175,000 on the presidency.

Unofficial returns from 3,355 precincts of the 3,810 in the state give for president: Harding, 648,855; Cox, 502,990. United States senator: Spencer, Rep., 635,854; Breckinridge Long, Dem., 513,686. For Governor: Hyde, Rep., 617,991; Atkinson, Dem., 506,514.

The Republicans gained substantially in congress. Two Democratic standbys of the house of representatives were given the hottest battles of their careers by Republican candidates, Champ Clark being defeated in the Ninth distsict after nearly a score of years of service, and Representative Bland of Kansas City being behind Ellis, Rep., in his district, normally Democratic.

The Republicans carried St. Louis by about 50,000, but in Kansas City the fight was close.

Utah in G. O. P. Ranks for Almost Every Office

Salt Lake City, Utah, Nov. 3.—The Republicans carried Utah from the head of the ticket down to the office of constable in virtually every county of the state, according to returns compiled, early today from twenty-seven of the twenty-nine counties in the state. The total number of precincts reporting were 320 out of 650 in the state.

EUROPE MAY GET GLIMPSE OF COX; PLANNING TRIP

Congratulates Harding and Goes to Work.

Dayton, O., Nov. 3.—Gov. Cox, the defeated presidential candidate, looking forward to the time when he will surrender his state office in January, announced tonight that he was considering a trip abroad early next year to study conditions in Europe.

Meanwhile, he said, he planned to work and rest, leaving here for the state capitol on Friday, and starting the middle of next week for a hunting trip in Mississippi.

Today found the governor apparently in the same mental state as when he watched the returns last night, bringing in continuous unfavorable news. His smile was still apparent tonight and the mass of telegrams seemed unanimous in declaring he had made a "good fight."

Congratulates Harding.

The governor's first act today was to send a congratulatory message to Senator Harding, the president elect, in which he volunteered "as a citizen" to support the nation's chief executive in "whatever emergency might arise."

No formal statement was made by the governor over the election result and his newspaper, commenting editorially, did not attempt to analyze the returns. It was the governor's message to Senator Harding that carried the defeated candidate's formal concession of his defeat.

Does Some Work on Farm.

The governor divided his time today between his home here and his farm at Jacksonburg, the place of his birth. While at the farm he helped the farm workers husk corn.

Mrs. Cox was with him during the day and tonight they scanned the many messages received at their home.

Senator Hitchcock of Nebraska, the administration leader in the treaty fight, wired. "It is better to lose in a cause that is right than to win a cause that is wrong."

Other messages came from cabinet officers and party leaders throughout the country.

CHAMBERLAIN PAYS PENALTY OF BEING DEMOCRAT

Portland, Ore., Nov. 3.—Interest in the outcome of the race for the United States senatorship in Oregon overshadowed the tabulation of returns for president today.

The lead of Robert N. Stanfield (Rep.) over Senator George N. Chamberlain (Dem.), chairman committee on war department expenditures and prominent in military affairs in the upper house, increased as returns accumulated. Returns from 936 out of 1,699 precincts in the state gave Stanfield 52,821, Chamberlain 45,184.

Returns from 918 precincts gave Harding 58,747, Cox 31,793. In the race between C. N. McArthur, Republican, and Dr. Esther Pohl Lovejoy, for representative from the Third district, 173 precincts out of 413 gave McArthur 11,987 and Dr. Lovejoy 9,953. Representative W. C. Hawley of the First district and N. J. Sinnott of the Second district were reelected by overwhelming majorities.

North Chicago Doctor and His Countess Bride, Just Arrived from Europe.

Countess Madeline de Colnet d'Huart AND *Capt. A. E. Budde*
PHOTO WALINGER

NORTH CHICAGO now boasts a countess. She is Mrs. Madeline de Colnant Budde, wife of Dr. Alfred E. Budde and formerly the Countess d'Huart of Luxemburg.

She fell in love with the young doctor's photograph six years ago, when she came to America to act as bridesmaid at the wedding of her Paris schoolmate, Miss Helen Brasseure of Norway, Mich. Later she met Dr. Budde, and the acquaintance was renewed when he went abroad during the war as a captain with hospital unit No. 14.

After the war he returned to London to take a post-graduate course, and the wedding took place a little more than a year ago at Ilchester mansion, the London residence of the bride's uncle, M. Le Cleuse, Belgian automobile manufacturer. Dr. Budde and his wife returned from Europe last Thursday and arrived at North Chicago on Saturday.

Chairman Pope Concedes G. O. P. Victory in Idaho

Boise, Idaho, Nov. 3.—James P. Pope, Democratic state chairman, in a statement to the Associated Press tonight conceded the election of the entire Republican national and state tickets in Idaho. Senator Nugent a few minutes later conceded his own defeat.

ELECTION BOARD OPENS INQUIRY ON POLLS FRAUD

State's Attorney Joins in 'Short Pencil' Quiz.

Grand jury action will be asked in the "short pencil" work in the Eighteenth ward and into what the Citizens' association investigators believe to be the "pay-off joint" and "concentration camp" where kidnaped precinct election officers were held during the September primary.

A recanvass of the vote of the Forty-third precinct in that ward at the election board offices yesterday resulted in the throwing out of thirty-eight ballots. Unmistakable evidence of erasures of crosses before the names of George Van Lentz, Republican candidate for state senator; Frank Righeimer, county judge; Robert E. Crowe, and all Republican candidates for the drainage board were found. Although most of the original crosses were in ink, the substituted crosses were in pencil.

Assistant State's Attorney John Prystalski was assigned to aid Election Commissioners August Lueders and Frank X. Rydzewski, Municipal Judge Elect John A. Bugee, and Assistant Corporation Counsel Ben F. Kleeman in their examination of judges, clerks, and watchers in the precinct.

Harry Bermeyer, 414 South Lincoln street, a Barney Grogan captain, denied having handled any of the ballots, but witnesses disputed him. He then told of having seen two men at the end of tahe table where the fraudulent ballots were found. The election officers could not recall the mysterious strangers.

The election commissioners ruled that the canvass should be completed. Any evidence of fraud will have to reach the state's attorney or county judge through a contest of the precinct.

Thomas C. Campbell, 19 East Eighteenth street, a colored election judge in the Second ward, who says he was kidnaped and held prisoner in a west side saloon, led detectives employed by the Citizens' association to a place at Thirty-fifth street and Ashland avenue. A crowd scattered at the appearance of the police.

Campbell made affidavit that he was held in the place under watch of an armed guard on Sept. 15 during the primary and that eight other men were held under similar circumstances.

What a Big Detroit Bank Thinks of Credit Insurance—

A well-known bank of Detroit, Mich., has just written the American Credit-Indemnity Co. as follows:

"In our judgment, the matter of insuring open credits by business men has been a subject of growing importance for some years, and particularly at this time when there are so many problems confronting the country, the solution of which is difficult.

"The more conservative houses are taking every precaution to keep their affairs in a liquid shape, and the conditions under which the better grade of credit insurance policies are written, we believe constitute **a contingent asset to any business man,** the advantages of which should not be overlooked."

Bankers appreciate that it takes more skill to do business successfully when prices are falling, as now, than when prices were increasing. And they therefore endorse precautions that prevent, else pay, bad debt losses beyond the normal, which the American's "Unlimited-Interim-Payment" Policy does.

EDITORS SPEAK THEIR MINDS ON RESULT AT POLLS

You'll Find It Is "All in Way You Look at It."

New York, Nov. 3.—[Special.]—Editorial comment of New York papers on the election follows:

THE NEW YORK TIMES—The Republican majorities, colossal, unparalleled, will give that party occasion for present frenzied rejoicing, later for much sober thought. There is no precedent for the figures which the returns brought in last night. It was of predestination that the Republicans should win—they knew that long ago. . . . The American electorate is proverbially fond of a "change." Without the league of nations issue to stir their prophets to warnings of certain war under Article X., the Republicans would have carried this election by a heavy majority.

THE NEW YORK WORLD—No president of the United States at the time of his election ever showed fewer qualifications for the task that confronted him than Mr. Harding has displayed in this campaign. He has shown no capacity for leadership since his nomination. Whether he will show any capacity for leadership after his inauguration remains to be seen.

THE NEWS—The American people spoke their opinion emphatically. Never in the history of the country have they spoken so plainly. Mr. Cox, who was defeated not on personal grounds but because he represented an unpopular cause, has congratulated the victor like a good, game man. It is to be hoped all the other beaten candidates and all the other leaders and mouthpieces of party views will take the result as philosophically. Why not accept the verdict cheerfully? It will make you a happier man and a better citizen.

THE NEW YORK HERALD—Senator Harding's place in history will rest with the men he calls to the service of his administration. If they have youth, clear heads, genius for their jobs, honesty, loyalty, and the realization that the government expects and demands of them the best there is in them, his administration will handle the business of the government better than it has ever been handled before.

THE NEW YORK EVENING WORLD—The Republican candidate was yesterday elected president of the United States by a vote which reaches landslide" proportions. This means hat the country's voters chose to dge the question of its honor and nding among nations in order to it upon the Democratic party stored resentment for anything and everything they have found to complain of the last eight years. It was literally e candidate of the Republican party ho was elected today. By no stretch imagination could it be called the ction of a man.

THE NEW YORK EVENING GLOBE—What was to happen did happen. The Wilson era is ended. Whatever else the voters of the United States wanted, they did overwhelmingly want to get rid of the Democratic administration.

NEW YORK EVENING POST—Warren G. Harding has been elected president by enormous majorities. The colossal protest was against Woodrow Wilson and everything that from every conceivable angle might be attached to his name.

Boston, Mass., Nov. 3.—[Special.]—The Boston Herald, commenting editorially on the election, says:

"It means something more than a change in party control. It means a return to responsible party government after eight years of intolerant and intolerable one mind domination. It puts at the head of the government a man who is not too proud to take advice, who will ask counsel instead of spurning it, and who will seek the good of the whole country, without any personal obsessions of infallible judgment. . . . The 'solemn referendum' has been taken."

Pittsburgh, Pa., Nov. 4.—[Special.]—The Pittsburgh Dispatch comment on the election says:

"Today the country returned to Republican normalcy, assisted by that decision of weariness of what has become known as Wilsonism and an irresistible demand for a change. The utter failure of the administration to make its acts square with its utterances, the extraordinary wastefulness of governmental expenditure and then neglect to relieve or adjust taxation were compelling impulses to vote against the men and the party held at fault.

The Pittsburgh Post (Democrat) tomorrow morning will say:

"Sharing with Democrats in the defeat are practically all religious denominations, universities, and colleges of the United States; for they had indorsed entrance into the league of nations with reasonable reservations. We warn the Republican party that if it expects to surpass the Wilson administration in good works, it better get down to business on the dot and keep going religiously."

Baltimore, Md., Nov. 3.—[Special.]—The Baltimore Sun [Democrat] will say tomorrow:

"The sweeping nature of the Republican victory was due to the fact that an overwhelming majority of the American people wanted a change in the administration. Whenever any group in the electorate is discontented it vents its resentment upon the party in power. The tidal wave insures a comfortable Republican majority in the senate and a large one in the house. That is well. For whatever good the next administration does it will have full credit; it cannot escape blame for whatever is bad. Thoughtful people will now be most concerned about the fate of the league of nations and the question of America's entrance therein."

Kansas City, Mo., Nov. 3.—[Special.]—The Kansas City Star's editorial comment on the election follows:

"The president's solemn referendum has taken uplace. The result is overwhelming and conclusive. The nation is against foreign entanglements and the league. It has had its fill of an autocratic, personal government. It has lost confidence in the ability of the Democratic party to conduct an efficient, economical administration. It is against exalting to the supreme office a man who has shown the characteristics of the cheapest sort of ward politician. It resents bitterly the gutter type of campaign to which the Cox supporters resorted in the slanderous story they circulated about Senator Harding."

Philadelphia, Pa., Nov. 3.—[Special.]—The Public Ledger says on the election:

"Senator Harding's immense majorities reveal a wholesale and nationwide revulsion of feeling against the Democrats and all their works. Democrats joined Republicans in proclaiming aloud their long suffering detestation of "Wilsonism." The nation has expressed its opinion of the second Wilson administration."

Cincinnati, O., Nov. 3.—[Special.]—Charles P. Taft in his Republican newspaper, the Times-Star, has this to say, in part, regarding the election:

"Comment on the results seems more or less superfluous. This is a great day for the Republicans of the nation. Some problems as responsibilities are beginning to take form. Even during the campaign there were signs of that difference between the Taft-Root-Hughes element in the party and the Johnston-Borah element, which later on may develop into a serious handicap to party effectiveness. But we have faith in President-Elect Harding and in the Republican party. We believe they will give the country an efficient, progressive, and satisfactory administration."

Detroit, Mich., Nov. 3.—[Special.]—The Detroit Free Press says on the election:

"The 'great and solemn referendum' is over. A dead march for Wilsonism and Coxism is in order. The American people have risen almost en masse to repudiate and cast out these two hideous monstrosities and to elect a champion of pure Americanism. The country has overwhelmingly chosen a man who will support the constitution."

San Francisco, Cal., Nov. 2.—[Special.]—The Chronicle editorial on the election says:

"President Wilson has asked for the judgment of the nation on his policies and the people have answered by setting an unequivocal seal of condemnation upon them."

Salt Lake, Utah, Nov. 3.—[Special.]—The Salt Lake Tribune comments on the election as follows:

"Senator Harding will begin his administration with a Republican congress behind him. This will insure harmony in legislative matters. There need be no apprehension as to the nature of the reforms intended."

WILSON'S NEXT TREATY MOVES STILL IN DOUBT

"He Never Will Quit," Tumulty Says

[BY A STAFF CORRESPONDENT.]

Washington, D. C., Nov. 3.—[Special.]—The White House was a quiet place today.

The president had "nothing to say" concerning the election returns, according to Secretary Tumulty, and there were no callers during the day.

Late in the afternoon, following their usual custom on pleasant days, the president and Mrs. Wilson went for an automobile ride, taking with them Mrs. Wilson's brother and brother-in-law, Rolfe Bolling and Alexander Hunter Galt.

Treaty Fate in Doubt.

It is anybody's guess what the next move from the White House will be in the matter of the Versailles treaty and league covenant fight. Will the president again submit the treaty when congress convenes? Will he refuse to do so, leaving the senate to take the next step in the matter of bringing to an end the technical state of war between the United States and Germany?

"He will never quit," was Mr. Tumulty's contribution. "He will fight with his last breath for the consummation and vindication of the league of nations."

Colby Feels Depressed.

Secretary of State Colby gave out the following authorized statement this morning:

"It would be idle for me to say that I am not depressed and disappointed by the result, but 'hope springs eternal in the human breast' and I cannot but feel a confidence that in some way and by some avenue not at the moment disclosed, the country will act up to the highest conception of its rôle and its duty."

It was the only comment from any of the cabinet members in the city.

Secretary Wilson of the labor department, sent a message to Gov. Cox in which he declared that "truth crushed to the earth shall rise again."

Harding Beats Plurality of Parkhurst in Maine

Portland, Me., Nov. 3.—In a total vote of 13,000 less than that cast in the state election in September Maine gave Harding yesterday a plurality of 76,333 over Cox, 11,000 more than the plurality given Parkhurst for governor. The vote of the state complete was: Harding, 134,411; Cox, 58,078. In 1916 the state voted: Hughes, 69,508; Wilson, 64,033.

BYGONES.

Mr. Wilson assumed executive office as head of a great party, a faction, it might be called, of the whole American people. During the first period of his power he was concerned with the settlement of his party in office and in the accomplishment of a party program of legislation.

This period was like that of any other new incumbent of the presidency and the nation, like the government, was preoccupied with domestic concerns and the ordinary routine of political events in America.

In this period Mr. Wilson took up the project for a federal reserve system which Senator Aldrich as head of a commission created by Republican initiative had formulated on the basis of thorough study and deliberation. The enactment of this system by the Democratic congress was the great achievement in internal reform of his career, one of the most important in our history.

No one anticipated what was to occur in our foreign relations. The great war began and with it Mr. Wilson's attention was perforce turned to the difficult and dangerful problems it imposed upon us. During this period Mr. Wilson's mind turned more and more to the world situation, yet still held firmly, in the main, to the national viewpoint and concerned itself anxiously with means to avoid involvement in the terrific disaster of Europe.

In this Mr. Wilson had, without question, the support of a majority of the American people. There was, indeed, a minority that believed our duty, to say nothing of our interest, lay in a prompt entrance into the war by the side of the imperiled nations of western Europe. After the sinking of the Lusitania this minority grew, but was still a minority as the reëlection of Mr. Wilson on the issue "Wilson means peace, Hughes means war," proved beyond cavil. Mr. Wilson still represented the decisive majority of the people regardless of party. The nation did not want to enter the war and its voice was the victorious Democratic slogan of 1916, "Thank God for Wilson, he kept us out of war."

But little more than a month after his second inaugural, Mr. Wilson asked congress to declare a state of war. Whether public opinion had so changed in the months since his reëlection is a matter of speculation. It is in fact irrelevant because no sooner was the president's decision made known than the overwhelming mass of a patriotic people swung in behind his leadership and loyally supported his will. The millions who had voted for him because he kept them out of war accepted his decision and the nation was, as it always will be, we hope, united for victory.

But this was loyalty to the nation and its commander-in-chief, not to the personal philosophy and leadership of Woodrow Wilson. For here a third period begins. As the war progressed Mr. Wilson spoke less and less of the United States, more of humanity and the world. More and more the periphery of his expanding interest widened, smaller and smaller dwindled considerations proper to the chosen trustee of the interests of a nation.

This development was applauded by a salient minority whose command of publicity in the pulpit, on the teachers' rostrum, and in the editorial chair was very great. Tuesday's results at the polls now give us some definite realization of how little this minority represented the instinct and impulse of the American public. Mr. Wilson's reiterated assertions that America would not fight and was not fighting for any interest of her own, that American soldiers would go "wherever in the world right is assailed by wrong" though thrilling to the altruistic in public affairs, rang hollowly in the hearts of the boys going off to die in a foreign land and aroused little enthusiasm among the people who felt each day the material burden of the war increase in weight.

Mr. Wilson's representativeness in America waned as he more and more assumed representation of what he sincerely conceived to be the universal interests of mankind.

The results of his efforts at Paris and the demand upon the American people with which he returned from Europe completed the divergence between Mr. Wilson and the mass of his countrymen. Mr. Wilson did not represent the American people's instinct of nationality, their instinct of self-preservation, their interest in their own development and protection. They did not and they do not agree with him that they are called upon to ignore their own material welfare or to pour out their blood in other people's causes. They refuse the office of determining when right is assailed by wrong wherever in the world that eternal conflict may break forth, much less to lay their lives in the balance. Mr. Wilson no longer expressed the will of the American nation. To do its part for progress and for peace the American people is ready as it has been in the past. But it is conscious of rights and interests of its own and it expects its chosen representatives to assert and conserve them at all times.

It was because Mr. Wilson no longer acted for and in behalf of the American people that they so strongly repudiated him and his policies.

WASTEFUL WAITING.

Post-election discussion gives to one error in our federal system of government an importance probably not felt since the civil war. It is the system which leaves in office to direct national and international policies for four months an administration which has been repudiated by an overwhelming popular vote.

After the election of Lincoln the Buchanan administration, continuing in office for four months, maintained its former policy toward the southern states in such a way that cannon, supplies and ships were accumulated there, which made the task of the Lincoln administration incalculably more difficult. Today we have an administration which has worked, and may be expected to work, to the extent of its powers along national and international policies which the people have rejected. In the absence or with the opposition of congress it may accomplish little, but it will at least obstruct the change of policy which has been approved, and to some extent may make the operation of the new policy more difficult when the new administration takes office.

Such a system at best delays the operation of the popular will. In some cases it might even imperil the ultimate working out of popular demands. It is a holdover from days without the telegraph, the railroad or the automobile. It was designed originally to give ample time for the election returns to be counted and certified, for the vote of the electoral college to be cast, and for the new president, representatives and senators to make their way over tortuous winter roads to the capital.

There is no such need for extra time now. Communication and travel are a matter of hours where they were a matter of weeks. Business is delayed and made uncertain for months before the election, and is left hopeful but undetermined for months afterward. The arrangement contains possibilities of serious danger. It can be and ought to be changed.

AMERICAN FOREIGN POLICY.

Under Mr. Harding the foreign policy of the United States will undergo a change almost complete. The preëlection statements of the president elect were specific as to that, and they indicated that the United States will appear, after March 4, in international relations not as representative of the theoretical good of Armenia, but as representative of the practical good of America.

Under Mr. Harding this country returns to a confession of limitations, and with such a confession it will be a more useful member of the family of nations. It is a limitation which the United States need not feel as a reproach. It is within both hope and probability that an American government can know what is best for the United States without being the final authority upon the needs of Jugo-Slavia, Lithuania, Thrace, etc.

A foreign policy which seeks to keep the United States in its proper balance toward the rest of the world probably will be more stabilizing than one which seeks to define and keep European, Asiatic and African boundaries. Mr. Harding's statement that he did not feel equal to making decisions for the entire world is a good basis for foreign policy.

It concedes that there may be differences and disputes in Europe and Asia which do not necessarily involve the United States, and in which the United States is not sufficiently experienced or informed to act wisely.

With a recognition of limitations the United States will have a sounder government for itself and one with which other countries may deal more sanely. It must occasionally have confused other nations to deal with a country whose procedure and ideas were different from anything considered rational by them.

A policy of self-concern need not be the opposite of altruistic. The United States will not be made an aggressor if it ceases to be a meddler. It will not lose its idea of justice and fairness if it returns primarily to its own business.

The United States has new relations to establish with the greater part of the world. It has a peace to arrange. It has trade to arrange. It has disputes to settle. It has to come to terms with Germany, Austria, and Russia. It has to meet differences with Japan and find a solution for them. It has virtually to refind its place in the world. The new government which will undertake this believes in representing the United States and in obtaining justice for the United States.

THE SOLID SOUTH.

The nation has had a great political overturn—all except the solid south. That remained impregnable to disturbance of opinion, to change or to any issue. It had voted Democratic before the candidates were named or the platforms presented. It remained a section of the country in which there are no political decisions except the decisions made years ago.

To the north and west of this solid and undisturbed section, states turn from one party to another, following candidate, deciding issues and giving commands. It would be a bad thing for the country—it would prevent political decision—if Republican states, as indicated by this election, sat down to fifty or a hundred years of Republicanism undisturbed by any issues which might be between the parties.

Government by the people virtually would end with that condition fixed. The Republican government created by this election is held responsible. There are Republican states which will pass a verdict on the acts of the party in congress, and will register this verdict two years from now in the congressional election. It is that fact which makes government responsible in these states. It is responsible because accountable. No Democratic government is responsible or accountable in the south. It is indorsed regardless of what it does.

This condition arises from problems which it will be good for the nation to solve.

We should hate to think that the north and west never would vote anything but the Republican ticket regardless of the issues, and it is bad to have the south voting nothing but Democratic.

In the years which followed the civil war the victorious north easily forgot the dissension, while the defeated south did not. With the return of the Democrats to power under Wilson the south leaped into the saddle, and for eight years has given the nation a government as sectional as it was partisan. Taxes were levied to bear more heavily on the north and appropriated to benefit the south.

Now, with the Democratic party so emphatically repudiated, and with the solid south standing out a defiant minority, there may be a temptation to retaliate. This temptation must be sternly overcome, and the solid south treated with such eminent fairness as to remove forever any remaining bitterness against the north and the Republican party. We want southerners as full partners in the government of this country, not as representatives of an ancient grievance.

MAC SWINEY.

[The Weekly Review.]

MacSwiney's death calls for a tribute to the courage and will power which could endure the self-inflicted torment to its fatal end. But while admiring them, we deeply deplore their abuse. For the mayor's suicide is the waste of a precious life, proving neither Great Britain's wrong nor the righteousness of his own cause. It has, indeed, clothed Sinn Fein with the dignity of martyrdom in the eyes of all those whose conclusions are responses of the heart. But to the reason his death does not inspire either awe or conviction. The conflict will only rage the more fiercely over the lord mayor's corpse.

A LINE O' TYPE OR TWO

How to the Line, let the quips fall where they may.

AFTER THE AVALANCHE.

There in the twilight cold and gray,
Lifeless, but beautiful, he lay,
Still grasping in his hand of ice
That banner with the strange device
"Peace! Progress! Prosperity!"

IT was no secret that the Democratic administration was unpopular, but did you realize that it was quite as bad as all that? The election of 1920 might be termed the Great Aversion.

THE only interesting statistics are those which are not obtainable. Fr'example, it would be interesting to know how many votes in a presidential election represent a last-moment change of mind.

AND HOW THE LADIES VOTED.

One of Them: "How did you vote on revision of the banking laws?"

Another: "I didn't know anything about it but I voted for it, because I thought it wouldn't do any harm to revise anything."

"Well, I didn't know anything about it, either, but I didn't vote for it, because I thought they were doing too much revising."

A CHEERFUL time was had in Lockwood, Mo. A handbill announced: "Dinner and supper served by the Cemetery Association election day."

Far From the Madding Crowd.

Sir: Did 71½ miles of desert today in five hours. Flat? No. Lumpy. Will rest here and study the many good points of Needles, and resume our investigation of the g. c. of C. on Sunday. If you have lots of time and are not a bathroom bigot, never travel by railroad again. Motoring is the life. J. U. H.

WHEN one is sequestered from the world one develops, reports Comrade Debs, "an astonishingly keen faculty for sensing things." Whereupon he predicts a Socialist landslide in 1924. Really uncanny.

LET'S GET ACQUAINTED WITH THE ZINTSMASTERS.

[From the Marshall, Mich., Chronicle.]

Mr. and Mrs. D. W. Zintsmaster have recently installed a private golf course of nine holes near their fine country home. The golf links are private and will be used by the family and friends. Next season the Zintsmasters will issue membership cards for the season 1921 with no charges whatever. They will keep several dozen golf clubs and balls on hand so their friends can play without purchasing these articles. Their home has several large rooms suitable for dancing, one being 18x27 feet, and are all connected with double openings, and have oak floors. They have recently installed a player piano; also a private electric lighting plant and automatic electric pump. Everything will be ready for enjoyment for the Zintmasters and their many friends the coming season.

ANOTHER fear that was disposed of was the fear that Mr. Harding, if elected, might have a Democratic senate on his hands.

Correspondence from Japan.

Tokyo, Oct. 6.—Now cometh the World-Sunday School Convention, to decide whether the Christian Japanese—not quite up to entrance requirements of the Land of the Free—is to be permitted to enter the Pearly Portals side by side with the immaculate soul of the Occidental, or be restricted to the tradesman's gate. But already Buddha has put the Evil Eye upon the godly assemblage; four hours before the time set for the formal opening of the great new tabernacle it was burned to the ground. One dear old lady delegate, however, absolved Buddha from all blame with the remark: "It was to be expected; the carpenters worked on Sunday."

Music Hint.

Sir: P. A. Scholes, in his "Listener's Guide to Music," revives two good laughs—thus: "A fugue is a piece in which the voices one by one come in and the people one by one go out." Also he quotes from Sam'l Butler's Note Books: "I pleased Jones by saying that the hautbois was a clarinet with a cold in its head, and the bassoon the same with a cold in its chest." The cor anglais suffers slightly from both symptoms. Some ambitious composer, by judicious use of the more diseased instruments, could achieve the most rheumy musical effects, particularly if, à la Scriabin, he should have the atmosphere of the concert hall heavily charged with eucalyptus. E. PONTIFEX.

IS Mr. Harding still a private citizen, as Mr. Wilson reminded him, or does his election allow him a measure of liberty of speech between now and March 4?

KEEP ON SWATTING FLIES.

ON a certain morning a man was seen on the outside of a store busily engaged in killing flies. The morning was cold, cold enough to make it an inducement for flies to seek the warm places. Presumably the interior of the store had been made fly free. I decided when I saw this man to use his task as my text.

Not much is gained by swatting flies in midseason, especially around a store. They are so abundant and everything is so auspicious for breeding that the few that can be killed with swatters do not make much of a dent on the situation.

The supply of flies in summer never can be got wholly out of relation to the volume of fly food. The only anti-fly measures which are effective in the summer are those directed against fly breeding places and fly food.

In the autumn, on the other hand, getting into a warm place is the big thing in a fly's life. Cold chills, numbs, and finally kills him. He had rather be hungry than cold. Besides, he and Mrs. Fly know that unless they can get into a cozy corner for the winter, while there may be flies another year, they will not be their descendants. He and she do not look with complacency upon the prospect of a next year's tribe of flies bred from stock imported in the spring from warmer climates. They will nose around all day looking for a hole in a screen or a crack in a door.

Now is the time for swatting campaigns. Every fly found indoors should be killed. The man described killed the flies on the outside of his screens because a fair proportion of those outside can be counted on to get in before the cool night comes on. This assumes that there were enough on the screen to make swatting worth while, and around grocery stores, butcher shops, restaurants and other places where there is plenty of fly food the probability is that the outside of the screens will be populated during the next month. Flies spread typhoid fever and diarrhoea, especially the diarrhoea of babies. We are not yet out of the typhoid season. It is not safe to neglect fly swatting, at least until after this season.

BE CALM, EAT, SLEEP.

Miss S. F. writes: "1. I am 20 years old and weigh only 87 pounds. Am 5 feet 3¼ inches tall, so you see I am very much under weight. Could you tell me what to do to gain weight and get fat? I am willing to try anything if only I can get fat. 2. How much milk is one-half pint of light cream equal to? 3. What breakfast cereal is the most fattening?"

REPLY.

You are nearly forty pounds under weight. Probably you are of the skinny kind and it will be difficult for you to fatten. (a) Do not worry. (b) Take life easy. (c) If you have a goiter have it looked after. (d) Sleep ten hours. (e) Retire at a regular time. (f) Eat a bowl of sugared cereal with milk at bedtime.

2. One-half pint of 18 per cent cream contains as many calories as twenty-two ounces of 4 per cent milk. It does not contain as much milk sugar, however.

3. No choice. All are good.

PERHAPS THE WARTS STARVED.

G. writes: "You are wrong about the cure of warts by burning them out. The writer, when a young man, had one of his thumbs covered with warts. He burned them several times by piercing with red hot needles. The wound would heal over, but soon the warts again appeared as large as ever. Other efforts were made to banish them. Finally when sick in a hospital with typhoid he looked at his hands one day and the warts had entirely disappeared. But some of the scars from burning them out are still evident."

REPLY.

The typhoid cure for warts is a little risky and expensive. Most people will prefer burning with heat or with some caustic.

QUIT PETTING YOUR FEARS.

H. B. writes: "Is there a cure, and what is the treatment for fear? I am 27, and very nervous. Have a terrible fear of being alone or riding on trains, so that I have been forced to resign my position. Tonics have done no good. Is this a dangerous ailment?"

REPLY.

It is not a dangerous ailment or one which will be benefited by a course of tonics. Your trouble is mental and the cure consists in mental training. If you wanted to throw a ball straight but could not, you would endeavor to overcome your trouble by persistent daily practice. The way to overcome crooked thinking is to train one's self to think straight.

YOU WON'T DRINK TO EXCESS.

E. V. writes: "1. Would you kindly tell me if a glass of lemonade a day would do any harm?

"2. Does it make any one thin?

"3. Or will it harm a weak heart?"

REPLY.

1. No, but you will not keep it up long. It is said no one can eat a quail a day for forty days. A glass of lemonade a day will grow tiresome.

2. 3. No.

IT'S DANGEROUS TO KISS.

R. S. writes: "Is there much danger of a tubercular person giving the disease to a well person by kissing? I have learned how to take care of myself and am careful. My case is a curable one—taking about another year to heal."

REPLY.

There is considerable danger regardless of how careful you are. Consumptives who are excreting bacilli should not permit themselves to be kissed on the lips.

SYMPTOMS OF DIABETES.

W. writes: "What are the symptoms of diabetes?"

REPLY.

Frequent urination, large quantity of high specific gravity, sugar in the urine, unnatural thirst, sometimes sweats, loss of weight, boils or carbuncles.

IT'S NOT PROBABLE.

Mrs. M. L. writes: "Is it possible for a woman who has had change of life to become pregnant?"

REPLY.

Theoretically possible but altogether improbable.

QUESTIONS TAX.

Chicago, Nov. 1.—[Friend of the People.]—A club on the north side has a grounds where polo is played every Sunday. These were advertised as "free." Recently, although there are no seats provided and I feel sure no license is issued, they have been extorting a fee of 25c, and yesterday 50c per person, from spectators. Of the latter 5c is supposed to be war tax.

How can I ascertain whether this is legal and whether the war tax is really handed over to the government? R. N. H.

Apply to the office of the collector of internal revenue, in the federal building.

APPLY FOR MEDAL.

Watson, Ill., Oct. 28.—[Friend of the Soldier.]—I am an ex-service man, having seen service in France, and was wounded in the St. Mihiel offensive. Would I be entitled to a Victory medal? If so, will you please let me know where I could send in my discharge papers? N. A. W.

Yes. Send your discharge papers to the nearest army recruiting office or American Legion post. The recruiting office in Chicago is located at 526 South State street.

NO LEASE.

Chicago, Nov. 1.—[To the Legal Friend of the People.]—I have lived at the present address for the last three years. My year to year lease runs from the first of October. On June first of this year the house changed owners. Shortly after taking possession the new landlord notified me verbally of a raise in my rent, which I accepted, but he never gave me a written notice as required by law that the old lease would end on the first of October. On the first of October I paid my new raise, but he told me that he was not going to give me a lease, and thought I wouldn't need one.

I. Do I get automatically a new year to year lease because he failed to notify me of the termination of my lease, and because he accepted the first month's rent?

2. Can the landlord at his pleasure raise me again during the year before this implied year to year tenancy is terminated. C. F.

1. Yes. 2. No.
TRIBUNE LAW DEPARTMENT.

WITHOUT A SHILLING.

Chicago, Oct. 29.—[To the Legal Friend of the People.]—In making a will in order to have it legal is it necessary to provide for the husband or widower of a deceased daughter and who also left two sons and a grandson? Can the aforesaid husband break the will if he is not taken in consideration? C. V. G.

No to both questions.
TRIBUNE LAW DEPARTMENT.

NOTE IS VALID.

Buda, Ill., Nov. 1.—[To the Legal Friend of the People.]—Is a note valid in this state if signed by a married woman and without signature of her husband? What procedure is necessary to collect same, it having run for one and a half years without the interest being paid? H. P.

1. Yes. 2. Place it in the hands of an attorney for collection.
TRIBUNE LAW DEPARTMENT.

MEMORY TESTS. CAN YOU ANSWER THESE?

AMERICAN HISTORY.

1. What amendment to the constitution was adopted during Taft's administration?

2. Name the vice presidents who became presidents through the death of the president.

3. What dispute arose in 1902-03 between Canada and the United States, and in whose favor was it settled?

4. In whose administration was the amnesty proclamation?

5. Which is the Centennial state?

6. What is the parcel post and when did it first go into effect?

7. Upon what frontier settlements did Osceola, chief of the Seminoles, make war?

8. Who was the hero at Lake Erie and what were his famous words?

9. What settlers of Massachusetts were the Pilgrims and what settlers were the Puritans?

10. When was the "Continental money" issued?

NATURAL HISTORY ANSWERS.

1. What valuable service does the crocodile of northern Africa perform? It is of great service in devouring the dead animals that otherwise would pollute the waters and surrounding atmosphere.

2. Does the common North American alligator prefer salt or fresh water? Fresh water.

3. Do most reptiles live on land or water? They are most of them semi-aquatic, fitted by their structure for progression on land or sea and able to pass considerable time under water without breathing.

4. Where does the stork prefer to rest? On some spot that is elevated.

5. What is the color of the adult stork? Pure white, with the exception of its beak, legs, and toes, which are red, and the quill feathers of its wings, the greater wing-coverts, and the scapularies, which are black.

6. Why is the crowned pigeon the most conspicuous of its type? Because of its size and the splendid crest which adorns it.

7. Does the snowy owl fly by day or by night, and what does it hunt? By day, and it is a terrible foe to smaller mammalia and also a good fisherman, angling cleverly for its finny prey.

8. Why is the grizzly bear so generally feared? It is one of the few members of the ursine family given to attacking human beings and is the acknowledged superior of every other animal that ranges North America.

9. Why is the otter an object of hate to all fishermen? Because of its reputation as a persevering foe to fish; it is, furthermore, discriminating in taste and is always choosing the finest fish that can be found in the locality.

10. Why is the ferret used by rabbit hunters and rat catchers? It follows its prey into their deepest recesses, drives them out into the open air where its master can take up the pursuit.

A BAKER'S DEFENSE.

Chicago, Oct. 23.—[Editor of The Tribune.]—In a late issue of THE TRIBUNE appeared an editorial entitled "Who Wins When the Farmer Loses?" Outside of the fact that Julius Fleischmann is not a baker, and that the editor interpreted what Mr. Fleischmann said to suit his occasion, and that the prices of bread have never been raised except in response to a stable wheat price, the editorial was a fair sample of good English, and a logical extension of the premises presumed.

The baker thinks and acts in terms of flour. The cost of flour is an appreciable cost of the bread he produces, and relatively a smaller cost in other goods. The flour the baker must consider is the flour that he has bought, not what he expects to buy. The price of bread is not apt to be anticipated until some semblance of stability is found in the wheat market. It follows an upward market very reluctantly, as the editor may find if he cares to go back to the files of the fair price lists. Bread is too close to the life of the nation to be handled thoughtlessly, nor can it follow the gyrations of the present haphazard markets.

The plaint of the mills is that the bakers are not buying. The plaint of the bakers is that they do not know when to buy on account of the market. Few bakers but have the higher priced flour, and will have for some time, as good bread cannot be made from new wheat flour.

The present price of bread is based largely on the agreement made with the late lamented United States Grain corporation. We, as every other agency handling wheat or wheat products, had individual contracts with the grain corporation. Our mode of computation was adjudged fair, and the agreement to reflect market prices was based on a fluctuation of 65 cents per bushel in the wheat price, based on $2.26 Chicago. Such reflection in cash wheat has not yet been made, or at least the product of such has not been a commodity long enough to allow free purchase. As a trade we are not and cannot naturally be at beck and call of a speculative market. Ours is a legitimate business of production. I move a return of the grain corporation. A. BAKER.

APPLYING LOGIC TO IRELAND.

Chicago, Oct. 26.—[Editor of The Tribune.]—Every right minded man must admire any man who is willing to suffer for what he believes to be the truth; therefore we must admire the fortitude of the late lord mayor of Cork. But that does not mean that we agree with him or with those who defend him.

Either Ireland is a part of the British empire or she is an independent nation. If she is a part of the British empire, then Mayor MacSwiney violated the laws of the empire, in which Ireland has her fair share of representation and more. If she is an independent nation, then she is at war with England, and the lord mayor has no legitimate cause for complaint if he is treated as a prisoner of war. T. M. BAXTER.

DIFFICULTIES OF THE RACE PROBLEM.

Chicago, Oct. 22.—[Editor of The Tribune.]—I think Dr. Barranett is a little inconsistent in his attitude toward the white men of the United States. He is undoubtedly conscious of the extreme difficulty of our position in dealing with a people that he himself is ashamed of, although he himself is a member of that race. I informed Dr. Barranett a year ago of my intention to employ some colored people and solicited his advice as to the means of getting some of the better class. The doctor replied, among other things, that he did not concern himself with his people because they do not respect or recognize the worth of their own learned men until the white man proclaims it. Hence the Negro can be taught successfully only by the white man, so why not teach them in Haiti as well?

C. H. B.

SUGGESTING HAIR PULLING TO SETTLE GIRLS' DISPUTES.

Chicago, Nov. 1.—[Editor of The Tribune.]—Just a word of emphatic protest against the movement to "settle" disputes between boys through the simple expedient of the use of boxing gloves. No one believes in boxing as a sport more than I. No one puts higher value on it as a developer of the hard, manly virtues men as well as boys must have if they are ever to be real men.

This position is in no wise inconsistent with my implacable opposition to the movement above mentioned. Boxing for such a purpose is both absurd and unjust; absurd because as a method of bringing boys together it would only intensify the animus of the defeated party, who sincerely believed he was right, and unjust because it can only determine not who is right, but who is the better fighter. In other words, it would simply lend official sanction to the dishonest doctrine that "might makes right." Do those who favor this action also favor hair pulling as an efficient method of reconciling girls and supervised prize fighting as a plan of bringing together business men who are at odds?

JOHN M. JACKSON.

SHORTEN THE BALLOT.

Sheboygan, Wis., Oct. 30.—[Editor of The Tribune.]—You said the right thing in your little editorial Thursday, "Why Elect All These?" In my humble opinion you do not too often say the right thing, but the right thing was surely well said in that little statement. Yes, why should the voters be burdened with the selection of all those minor offices? And yet it isn't the burden so much—the voter wouldn't mind the burden if he could in fact take care of it, but it is humanly impossible to do so. There isn't one voter in a thousand that can intelligently pass upon all those candidates.

Greater power will be given the people when only the important and controlling offices are filled by them. The multitude of elective offices is really not much more than an ambush from which poor stuff gets past. Shorten the ballot and you simplify and clarify it and it affords some reduction of expense in government. This vast complicated election business is a big tax upon us in money and in effort.

The county and local offices should be filled by genuine civil service open to any one. The duties of such are merely clerical and routine. A. OPPEGARD.

A GOOD WORD FOR THE IMMIGRANTS.

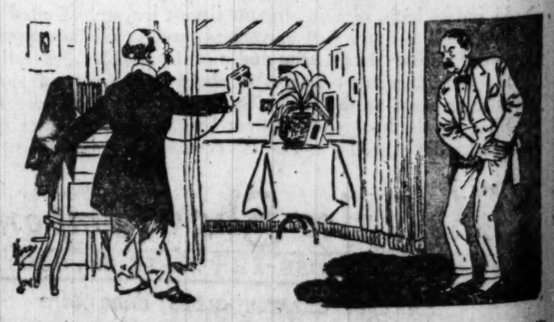

Dubuque, Ia., Nov. 1.—[Editor of The Tribune.]—Some fifteen years' experience in an English classroom, in which the majority of the students have been foreigners, leads me to believe that one phase of Americanization has been generally misunderstood. English teachers have discovered that the foreigner is eager to learn the language of our country whenever he is given the opportunity.

The following figures taken from the "New International Encyclopedia," second edition, bear out this contention. Of the first generation of the census group, "foreign white," only one out of eight is unable to speak English. Of the native whites of foreign parentage only six out of every 1,000 are unable to speak English. The figures on illiteracy are even more impressive. Of the illiterates in the United States 23 per cent are native whites, 30 per cent foriegn born whites, 40 per cent negroes, and 2 per cent Indians, Chinese, Japanese, etc. From this it is clear that the immigrant is responsible for less than one-third of our national illiteracy, while two-thirds of our illiterates are native born.

ALIFORNIA, BY ENORMOUS VOTE, BARS JAPANESE

an't Buy or Lease Land in the Future.

San Francisco, Cal., Nov. 3.—[Special.]—California voters overwhelmingly indorsed the anti-alien land law recently adopted by the state legislature and put up to the voters for a referendum.

This action insures that in the future no alien who is not eligible to citizenship under federal naturalization laws may own or lease agricultural land within the state.

It does not affect existing ownership of titles. The statute expressly states that aliens that are affected by it may acquire, use, transmit, and inherit interest in real property to the extent fixed for the purpose prescribed by treaties, and not otherwise. But the existing treaty between the United States and Japan is silent on this subject.

Copy of a Japanese Law.

It is pointed out that the statute is, in effect, a copy of Japanese law which forbids the ownership or lease of Japanese real property by any foreigner. The original anti-alien land law was enacted in 1913 and permitted short term leases of lands. The new measure forbids any lease, and was taken, according to California opinion, because of various subterfuges practiced by the Japanese, which in effect nullified the earlier statute. The Democratic and Republican senatorial candidates at yesterday's election for United States senator vied with each other in support of the anti-alien measure, the defeated candidate making a statement today that he could bear his defeat as long as he was certain of the passage of the anti-Japanese law.

Won't Delay Treaty.

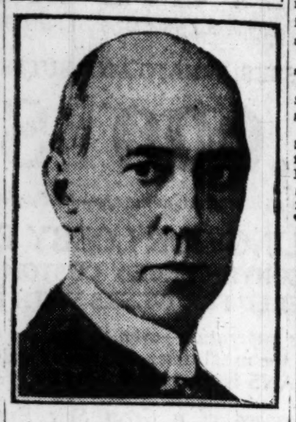

Washington, D. C., Nov. 3.—[By the Associated Press.]—Adoption by the California electorate yesterday of the referendum measure restricting the right of aliens to lease or hold real property in that state will not affect, it was learned today, the continuance of negotiations here between the Japanese ambassador and the state department as to the status of Japanese in California and the general subject of Japanese immigration.

The heavy majority in favor of the restricting measure, it was said, had been fully discounted in advance and negotiations have made such progress that should a treaty result it may reach the senate during the winter session.

Officials here were inclined to view the majority in California for the anti-alien measure as tending against its being regarded as a party issue in the senate. In that case, it was suggested, the senate might be inclined to relieve the incoming administration of the necessity of inaugurating new conversations after March 4 and to ratify the treaty as proposed by the retiring administration, if the settlement outlined was acceptable in principle.

COX AND PHELAN BADLY DEFEATED BY CALIFORNIANS

San Francisco, Cal., Nov. 3.—With 4,229 of the state's 6,154 precincts already in the vote tonight stands: Harding, 440,638; Cox, 120,195; Debs, 26,658; and Watkins, 5,340.

Two of the fifty-eight counties in the state were not represented in the total. Cox was leading in only one county, Siskiyou, located up against the Oregon line.

In the senatorial race Samuel M. Shortridge, San Francisco attorney, defeated United States Senator James D. Phelan, returns from 3,755 precincts giving Shortridge 251,147 and Phelan 226,622; Edwards, Prohibitionist, 10,180.

YANKEES ABROAD CHEER TRIBUNE'S ELECTION NEWS

Europe Lauds Amazing Newspaper Feat.

(Continued from first page.)

and relief work were there, as also were many representatives of other foreign colonies and of every Budapest newspaper.

Gone but Not Forgotten.

A resolution of thanks to THE TRIBUNE for "bridging the distance from Budapest to our own United States and making us feel that though we are far from home we are not forgotten."

At Prague 200 Americans met in the Sans Souci theater and restaurant. The theater was decorated in the American colors and all expressed great enthusiasm over the returns. Those in charge were Dr. Miller, head of the relief administration, Supt. Gethman of the Y. M. C. A., and Sedley Peck of the American ministry.

The Ambassador's Praise.

"THE CHICAGO TRIBUNE'S election party in Paris was a tremendous triumph for a laudable effort," said Ambassador Wallace today. "It was an inspiring sight to see the big theater crowded with Americans 3,000 miles from home, following the results of the presidential election.

"The crowd seemed to expect a Republican victory, and the returns did not disappoint them.

"THE TRIBUNE has inaugurated a happy idea in taking this American colony back home on election night, and it will be a good idea to perpetuate the custom.

"I am sure Americans here join me in wishing THE TRIBUNE success at home and abroad."

Makes American "Proud."

Benjamin Thaw, a brother of William Thaw, who organized the Lafayette escadrille, said:

"I am proud that an American newspaper exerts enough prestige to draw together such a big and representative crowd on such an occasion. Senator Harding's election seemed popular among the spectators, although Gov. Cox had many supporters, judging by the applause."

Prince Bibesco, the newly appointed Rumanian minister to Paris, who occupied a box with the princess, said:

"It was the first time I ever saw Americans celebrating their national elections, and it was an inspiring sight. I owe this intimate glimpse into the American character to THE CHICAGO TRIBUNE. It seemed incredible that people so far from home could be so interested in events transpiring so far away."

Mrs. Asquith Present.

Mrs. Herbert Asquith, wife of the former British prime minister, attended with her daughter and son-in-law. She said:

"It was really a wonderful exhibition of newspaper enterprise and one that was typically American. THE CHICAGO TRIBUNE deserves high praise for perfecting the organization which permitted the constant flow of bulletin results from the United States."

Marquise de Polignac, who came specially from her chateau near Reims with the marquis, said:

"My husband doubted if the returns could be obtained so quickly from America because of cable delays, but I assured him that if THE CHICAGO TRIBUNE promised results it would produce them.

Glad She's a Yankee.

"It made me glad that I am American born to see my countrymen reveal their patriotism and interest in politics at home, even though far away."

Miss Wanda Lyon, who came from Vichy especially to attend THE TRIBUNE'S party, had a box party adjoining that of Ambassador Wallace.

"I voted for Harding in the Paris Tribune's straw vote," she said, "because American women finally have obtained suffrage, so I was glad to see that the Republican candidate triumphed. The Tribune's idea of giving us a regular old fashioned election party was a huge success, and I hope it will be continued."

A "Wonderful Light."

Rear Admiral Magruder, naval attaché at the American embassy, said:

"THE TRIBUNE'S idea of letting Americans abroad follow the result of balloting so closely and so accurately interested me immensely. It was a wonderful sight to see practically the entire American colony rounded up under one roof following the contest.

"I have heard the greatest praise for THE TRIBUNE'S generous determination to give the Americans abroad the election news immediately, and am sure the newspaper cannot afford to abandon the idea, but will repeat it in future elections."

Stoddard Dewey, president of the Anglo-American Press association, declared:

"THE TRIBUNE'S feat of getting the election returns to Paris so quickly breaks all previous records of cable transmission from America. I never have known dispatches to arrive so regularly and consistently without break or interruption. This bespeaks elaborate preparations by THE TRIBUNE staff and excellent management. French journalists were astounded."

The following United States warships in European waters received THE TRIBUNE bulletins by radio relays: In the Adriatic, Chandler, Olympic, Southard, Brooks, Sovey, Gilmer, Long, and Aiden. In Turkish waters: Whipple, Smith, Thompson, Ramapo, Scorpion, S-C 96, Overton, Humphreys, Fox, Barker, S-C 338, Tracy, John D. Edwards, Borie, and St. Louis.

10,000 DOUGHBOYS GLAD

COBLENZ, Nov. 3.—Ten thousand Yankee doughboys on the Rhine last night anxiously watched bulletins in THE CHICAGO TRIBUNE'S election service. Gen. Allen and members of his staff were exceedingly pleased over the results. The officers received THE TRIBUNE returns in their clubhouse. Two brass bands and a German orchestra provided music and twelve vaudeville acts filled in during the evening.

At midnight supper was served at Andernach and the results were relayed to French headquarters at Mayence and to the British headquarters at Cologne. All were intensely interested in the presidential race.

Although the officers favored Gov. Cox, Senator Harding's election made a big hit with the doughboys.

BRITISH AID BERLIN!

BERLIN, Nov. 3.—THE CHICAGO TRIBUNE gave Berlin America's election results last night when the American colony, reinforced by British, French, many Italians, and numerous invited Germans, crowded the banqueting halls of the Adlon hotel, which were especially engaged for the occasion.

The American military attaché, Col. Davis, handled THE TRIBUNE party, and when the telephone line from Coblenz to Berlin, which was transmitting the results, broke down during a storm the British colleagues at Cologne bridgehead saved the situation by rerouting THE TRIBUNE bulletins up the Rhine from Coblenz through to Cologne and thence to Berlin.

The Berlin press was solidly represented at THE TRIBUNE party, all the newspapers obtaining in this way all the election information published in Berlin Wednesday.

The Republican victory was definitely announced at 2 o'clock this morning.

Special service from Berlin by telephone to Amsterdam and Antwerp was filed during the night acquainting Americans in Holland and Belgium with the result of the election.

The Berlin editors state that for the first time in history the result of an American election was published the following morning in Germany.

Vermont Gives Harding Plurality of 44,301

Montpelier, Vt., Nov. 3.—Vermont, as always, went Republican yesterday, giving Harding the largest presidential plurality on record in the state, 44,301, as compared with McKinley's plurality of 40,304, in 1896, the previous record. The vote of the state complete was: Harding, 64,888; Cox, 20,587.

5 good tips on glove economy

1. Secure a good fit. Gloves that fit outwear gloves that are uncomfortable.
2. Do not wear very tight gloves. A well made glove will fit smoothly even when easy to slip on — and will last longer.
3. Get more than one pair for daily use... Like shoes, two pair last MORE than twice as long as one.
4. Get quality gloves... The other kind are discarded before they have given service.
5. Do not ask for "gloves"— ask for Fownes, with the name in the wrist.

WILSON INVITED DEFEAT OF COX, BRYAN DECLARES

Blames One Man Rule for Avalanche.

BY WILLIAM J. BRYAN.

Lincoln, Neb., Nov. 3.—[Special.]—While the majorities are larger than even the Republican leaders expected, the Democratic defeat was inevitable, and the blame is easily placed.

The president laid the foundations for the disaster and Gov. Cox completed the structure.

The president attempted to drive out of public life every Democrat who dared to differ from him even in minute details, while he made no effort to strengthen the Democrats who made him the keeper of their conscience.

Invited Partisan Opposition.

He alienated all Republican support and invited partisan opposition by his appeal, just before the election of 1918, for a congress that would support his personal leadership, and then, though knowing full well that the majority in the nation were against him, he refused to deal with the senate as a coördinate branch of the government. Instead of recognizing that the constitutional provision requiring a two-thirds majority for ratification compelled compromise, he insisted upon dictating the terms upon which ratification could be had, and then, on the 19th of March, stubbornly rejected ratification with reservations even when Senator Harding and some thirty-five other Republicans were willing to accept the league as he wrote it with the few changes upon which they insisted.

Prevented Ratification.

By thus preventing ratification the president assumed responsibility for the nation's failure to enter the league and thrust the league into the campaign as a partisan issue. The people, confronted with the choice between presidential infallibility and respect for the opinion of the majority of the senate, naturally chose the later, and the Democratic party by indorsing the president's position invited the defeat that has overtaken it.

Gov. Cox, instead of repairing the injury done by the president, aggravated the situation by the manner in which he avoided domestic issues and misrepresented the position of the Republican party on the league issue, which he declared to be paramount. He played the liquor question, seeking to create in the west the impression that he favored prohibition, while attempting to hold the wet vote of the east by his wet record.

He sought to conciliate Wall street by advocating the repeal of the excess profits tax, while he appealed to the wet against the reactionaries. His attempt to put the Democratic party in the attitude of being the sole guardian of peace was ridiculous, and his assault upon such well known advocates of peace as ex-President Taft and Herbert C. Hoover were disgraceful.

What People Want.

The American people want the government to play its part in the abolition of war, but they are indifferent as to whether we are part of a league or part of an association of nations. There is nothing in a name, but everything in a sentiment.

The real issue presented by the Democratic party was not whether we should coöperate with other nations interested in peace, but whether we should assume a moral obligation which had no weight, except as it suspended the right of congress to act independently when the time arrived for action.

The nation will do its part in aiding to prevent war, but it will not surrender into the keeping of any foreign group the right to determine when we shall declare war.

Now that our participation will rest upon the will of congress and not upon the arbitrary opinion of a single man, we may expect that universal disarmament will be made one of the conditions upon which we attempt to advise.

HARDING HUMBLE BEFORE HIS NEW RESPONSIBILITIES

President Elect Dazed by Tremendous Ballot.

(Continued from first page.)

congratulations to the millions you will receive this morning."

Gov. Lowden, Illinois: "My heartiest congratulations on your overwhelming victory. It is so complete as to be almost incredible."

Len Small Telegraphs.

Len Small, governor elect, Illinois, wired congratulations and said Harding would carry Illinois by more than 500,000.

Gov. Stevens, California, wired that California had given an overwhelming majority for Harding, elected Shortridge to the senate and nine Republican congressmen.

Senator elect McKinley, Illinois, sent a message, as did Tom Taggart, defeated Democratic boss of Indiana.

The American Defense society sent this message: "Your election assures the restoration of constitutional government. Meanwhile, the emphatic reaffirmation of the American ideal for which you have consistently stood evidences the fact that a united country will loyally support your administration and its policy."

H. P. Davison Also Happy.

H. P. Davison, chairman, Red Cross in Europe, and member of J. P. Morgan and company, wired:

"As I telegraphed you the first instant of your candidacy, so I telegraph you the first instant of your election, my cordial congratulations. Needless to say I, with millions of other Americans, am happy for myself and for my country."

M. Takata of San Francisco wired: "The Osaka Mainichi and the Tokio Nichiniy, two of the largest dailies in Japan, which I represent in the United States, instructed me to express to you my heartiest congratulations. We trust that your election will surely bring better relationship between the two nations which are destined to be friends as your glorious predecessor, Col. Roosevelt preserved. You will kindly accept these hearty congratulations and sincere wishes of ours, which voice a million readers in Japan."

Taft's Congratulations.

Former President Taft wired:

"I congratulate you, the nation, and the world on your triumph and election by an unprecedented majority. I felicitate you and the country also on your having a good working majority in both houses of congress, enabling you to perform your duties and promises. The dignity, courtesy, sense of responsibility, and the self-restraint with which you carried yourself in the campaign under the greatest provocation must in retrospect afford as great satisfaction to yourself as they do to your supporters."

Elihu Root wired:

"Heartiest congratulations. God give you strength and wisdom."

U. S. SECRET SERVICE GUARDS HARDING AS THE NEW PRESIDENT

Marion, O., Nov. 3.—[Special.]—"Joe" Murphy of the United States secret service, head of the White House bureau charged with responsibility for President Wilson's safety, arrived in Marion today to make arrangements for the protection of President Elect Harding.

From this time Mr. Harding will be under the official protection of the government. Mr. Wilson can no longer refer to him as a "private citizen," for he passes from that status upon his election.

Mr. Murphy will assign men to go on the southern trip with Mr. Harding to work with James Sloan, former secret service man, who has had charge of the Harding headquarters all summer.

HARDING LEAD IN BAY STATE REACHES 401,811

Boston, Mass., Nov. 3.—The Massachusetts lead of Harding and Coolidge over Cox and Roosevelt remained tonight at 401,811, two Boston precincts being still lacking to complete the state.

With a little less than a third of the vote tabulated the totals on the referendum on the bill to permit the sale of light wines and beers were: Yes, 120,605; No, 110,296.

All Republican congressmen were reelected, including Speaker Gillett, who was unopposed. Additional seats were gained by the G. O. P., so that the new congress will have only two Democratic congressmen from the state.

PECK LOSES VOTE AND $10; FAILED TO REGISTER

FERDINAND W. PECK.

Ferdinand W. Peck, Chicago's oldest native born male voter, didn't vote Tuesday. Incidentally, he lost a $10 wager. Mrs. Margaret Stahl, a clerk in the election commissioners' office, was the winner.

Mr. Peck bet her that he would vote although he had not registered. A few days ago he called at the office. Mrs. Stahl was in charge.

"I was unable to register on either of the dates set by the commission, and I wish to know how to get my name on the books," said Mr. Peck.

"Well, you're out of luck," said Mrs. Stahl. "You haven't a chance to vote."

"I'm going to vote if I have to get Chief Garrity to send 100 policemen with me to see that I do."

"I'll bet you don't."

"Young woman, I've lived around here a long time. I'm Ferdinand W. Peck. I'd like to bet you $1,000 I do vote."

"I wish I had a thousand to bet. I can take about $10 worth at even money."

"I'll take you," said Mr. Peck.

Yesterday he called at the election board offices and paid up.

"They got along pretty well without me," he said. "That landslide is worth $10."

TEXAS TOWN ALL A-FLUTTER OVER HARDING'S VISIT

Point Isabel, Tex., Nov. 3.—[Special.]—It was not until this morning that news reached the people of this little gulf coast town that President Elect Harding "would arrive here next Monday noon" for a visit. It was the biggest piece of local news that has happened here since Gen. Zachary Taylor fought the battle of Palo Alto near by, more than seventy years ago. Immediately preparations were begun to receive the distinguished visitor.

Point Isabel is situated on the Laguna Madre, a few miles from the mouth of the Rio Grande and twenty-two miles by rail from Brownsville. Senator Harding will be accompanied by leading Republicans of Texas, including J. A. Culbertson, defeated candidate for governor.

INDIANA WIPES ALL DEMOCRACY OFF ITS SLATE

Gives the Republicans All Votes in House.

Indianapolis, Ind., Nov. 3.—[Special.]—Complete returns from Indiana's 3,334 precincts, as unofficially tabulated tonight, show that Harding carried the state by a plurality of 185,-773 votes.

The plurality of Warren T. McCray, Republican candidate for governor, over Dr. Carlton B. McCulloch [Dem.] was 130,859, while James E. Watson [Rep.] was reëlected to the United States senate over Thomas Taggart [Dem.] by a plurality of 166,997.

Reports from the Third congressional district tonight indicated that the Republicans had overcome the early Democratic lead and that James W. Dunbar had been reëlected to congress by a plurality of approximately 2,500.

The election of Dunbar gives the Republicans thirteen seats in the house of representatives, the second time in the history of the state that Republicans have held all the seats.

For the first time in the history of the state a woman was elected to the general assembly. She is Mrs. Julia D. Nelson of Muncie. She was elected from Delaware county, having succeeded Clark D. McKinley on the Republican ticket following his death last week. The Republicans will have a majority in both the house and the senate in the next general assembly.

Ohio All Republican.

Columbus, O., Nov. 3.—The Republican avalanche of votes that swept over the nation Tuesday and elected Senator Warren G. Harding president continued to pile up majorities by the thousands in the senator's home state today for his colleagues.

All Republican candidates for state office were elected. Late returns tonight indicated the possibility that the entire Ohio delegation in the next congress may be Republican. In the present congress there are eight Democrats and fourteen Republicans from Ohio.

Harding's plurality over Gov. James M. Cox passed the 370,000 mark late today and was continuing to speed upward with approximately 400 precincts yet to be heard from out of the 7,145 in the state. Returns from 6,769 precincts gave Harding 1,085,210 and Cox 714,923.

Cummins Wins in Iowa.

Des Moines, Ia., Nov. 3.—Revised tabulations from all but about 500 precincts in Iowa show Harding to be 317,507 ahead of Gov. Cox.

The vote from 1,825 out of the state's 2,360 precincts gave Senator Cummins a lead of 167,284 over Porter, Dem.

For governor, Kendall [R.] had a lead of 135,550 over Herring [D.] in 1,807 precincts. The returns for state offices below governor from 1,852 precincts showed the G. O. P. candidates to be leading their Democratic opponents by about the same vote as Cummins and Kendall.

The indications are that all of the Republican members of congress have been reëlected.

Harding 400,000 Ahead.

Detroit, Mich., Nov. 3.—Michigan had given Senator Harding a lead of 400,719 over Gov. Cox, rolled up a majority of 333,413 for Alex. J. Groesbeck, Republican candidate for governor, and elected Republicans to all the state's seats in congress on the face of returns tonight. Substantial majorities also were given Republican candidates for state offices and the legislature.

The vote for president in 2,019 precincts out of 2,731 gave Harding 565,-432; Cox, 164,713.

For governor, 2,037 precincts gave Groesbeck 561,751 and Woodbridge N. Ferris, Democrat, 228,338.

Returns from 1,841 precincts gave a vote of more than two to one against a constitutional amendment which would, in effect, abolish parochial and private schools.

WISCONSIN G.O.P. GETS ALL PRIZES, BEATING BERGER

Controls State and Its Seats in Congress.

Milwaukee, Wis., Nov. 3.—The Harding landslide here yesterday, which gave the head of the ticket a lead of 360,000, was revealed by further returns today as having returned United States Senator Lenroot by a large vote, with the rest of the state ticket, giving the Republican party the entire Wisconsin delegation in the house at Washington and complete control of the state legislature.

Returns at midnight from 1,910 precincts out of a total of 2,425 give Harding 396,442 and Cox 100,624. Figures received from 1,884 precincts give Lenroot for senator 224,941; Reinoch, 72,653, and Thompson [Independent], 182,747; Weber [Socialist], 56,085.

Returns for governor in 1,910 precincts give Blaine [Rep.], 294,816; McCoy [Dem.], 207,588; Coleman [Soc.], 59,253.

Berger Defeated.

Among the most conspicuous results were the defeat of Victor L. Berger for reëlection to congress in the Fifth district, where William L. Stafford, Rep., defeated him, while in Milwaukee county the Socialist county ticket, after several years of success, was beaten. Berger, who was expelled from the house at Washington on charges of "disloyalty," declared his defeat was due to "woman suffrage and a desire to get rid of the Wilson administration." He was beaten by over 5,000 votes.

Minnesota Clean Sweep.

St. Paul, Minn., Nov. 3.—Swept along by the overwhelming plurality given Harding for president, the entire Republican state ticket, headed by J. A. O. Preus for governor, was voted into office in yesterday's election by 100,000 plurality, returns available tonight showed.

Opposing the Republican state ticket was a complete slate of Independent or Farmer-Labor candidates indorsed by the National Nonpartisan league.

The majority given Harding had reached nearly 279,000 tonight, 2,223 of the state's 3,220 precincts giving him 377,598 and Cox 98,460.

For congress, Representatives Anderson, Clague, Davis, Keller, and Schall were elected, and in the other contests the incumbents had a lead.

In the Seventh congressional district Congressman Volstead, author of the prohibition enforcement act, maintained his lead over the Rev. O. J. Kvale, 343 precincts out of 380 giving Volstead 33,136 and Kvale 31,861.

Close in North Dakota.

Fargo, N. D., Nov. 3.—The gubernatorial fight between Gov. Lynn J. Frazier, Republican-Nonpartisan, and J. F. T. O'Connor, Democrat, continued to be the center of interest in the returns of yesterday's election. Frazier, who was at one time more than 19,000 behind, gained as the rural precincts came in, with a close race indicated.

One thousand three hundred and eighteen precincts gave Frazier 78,413, to 87,712 for O'Connor.

Forty-nine precincts gave for United States senator: Dr. E. F. Ladd, Nonpartisan-Republican, 4,500; H. H. Perry, Democrat, 4,854.

Forty-nine precincts gave for congressman: First district, O. B. Burtness [Rep.], 7,158; John M. Baer [Ind.-Nonpartisan], 4,821.

Intense interest in the gubernatorial race prompted precinct judges to tabulate the results only on governor first, and it is expected final results on president will not be available until tomorrow. Returns from forty-four precincts gave Harding 6,431, Cox, 1,588, Debs 276.

South Dakota Safe for G. O. P.

Sioux Fals, S. D., Nov. 3.—Every Republican candidate on national and state tickets in South Dakota is leading, returns from 509 precincts in thirty-seven counties show.

McMaster has been elected governor with a plurality of more than 35,000 votes.

Judge Williamson, Republican candidate for congress in the Third district, has 1,720 votes to 1,058 for Harry L. Gandy, Democrat. This is the one Republican whose election Democratic headquarters here has not conceded. Only twenty-nine scattered precincts in the Third district have reported.

DEMOCRATS CAN'T SING "MARYLAND, MY MARYLAND!"

Baltimore, Md., Nov. 3.—Besides rolling up a majority of more than 50,000 for Harding and Coolidge yesterday, Maryland changed radically the personnel of its delegation in congress.

Ovington E. Welly, Republican, displaced John Walter Smith, Democrat, in the senate by a majority approximating 100,000. Of the five members of the house known to be elected, four are Republicans, Alfred A. Blakeney defeating Carville D. Benson, Democratic incumbent, in the Second district; John Philip Hill won over Representative Coady in the Third, and Representatives Mudd and Zihlman were reëlected. T. Alan Goldsborough, Democrat, was elected in the First district over W. N. Andrews, Republican incumbent.

Of Interest to Women

AS every woman knows, a periodical house-cleaning is necessary in order to keep things spotless, spick and span, and up to the highest notch of efficiency.

In our numerous ELECTRIC SHOPS, Branch Stores, and Washing Machine Salesrooms, we keep a very large number of Chicago's Favorite FEDERAL WASHERS on display. It is our pride to have these "display" machines present a newly painted, spotless, and immaculate appearance. When, in the course of handling on the floor or display in windows, these machines become in the slightest degree soiled or scratched, we prefer, rather than return them to the factory for refinishing, to clear them quickly from the floor at prices which our customers are quick to appreciate.

These washers are now offered for a limited period at the low price of only $135.00 per machine—a remarkable price concession. Remember, these are brand new FEDERAL WASHERS, the regular retail price of which has been $155.00

They have never been used except as stated—for display purposes only—and they are in every way as good as new. They offer an exceptional bargain to the housewife, who wishes to be relieved of the drudgery of washday. The price of our standard FEDERAL WASHERS remains unchanged—$165.00.

We have also a few demonstration machines—that is, standard FEDERAL WASHERS which have been used for demonstrating purposes only, are slightly shopworn, but guaranteed mechanically perfect in every way. To close out these machines we are offering them to our customers at startlingly low prices—$100 to $120

Our stock of these machines will melt away at these bargain prices. Therefore, an early selection is advised.

10,000 Federal Coupons free with each "display" machine purchased. Regular coupons with all machines.

WIFE RELENTS, BARR BACK WITH HIS CELLAR BAR

Mrs. Charles E. Barr's suit for divorce was dismissed yesterday by Judge McGoorty in Circuit court. Now Mr. Barr again has unrestricted access to his well stocked wine cellar in Oak Park. Mrs. Barr had the padlock removed while P. J. Tuohy, her attorney, was asking that the suit be dismissed without costs. The cellar door was barred so that Barr might not cart away liquor which his wife averred was worth $35,000. Several times when Barr tried to enter the beverage goconda Mrs. Barr called the police.

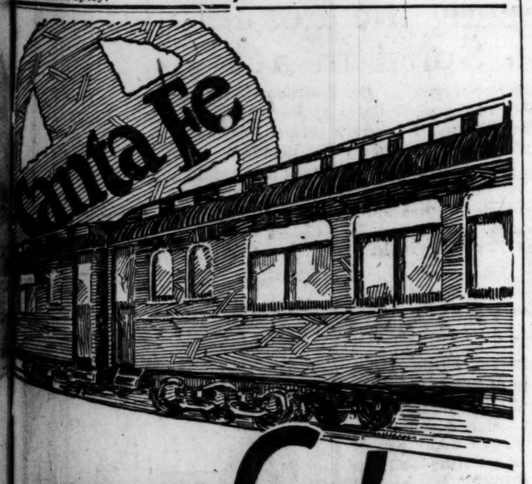

Mrs. Barr's divorce bill alleged that Barr, who is head of the Barr Sales corporation, with a $50,000 salary, began to "bestow his attentions on Miss Margaret Wilson during the year 1918." She also named Miss Cecelia Lavelle.

Julius Albert Roesch Jr., vice president of the Steel Sales corporation and a former president of the Illinois Athletic club, was granted a divorce by Judge Lewis in Superior court. The decree included an agreement in which Roesch volunteers to pay alimony of $250 a month for the maintenance of his wife and two sons. Roesch charged desertion.

GREAT BRITAIN'S MINERS' STRIKE IS CALLED OFF

Men Ordered to Return to Work at Once.

BY JOHN STEELE.

[Chicago Tribune Foreign News Service.]

[Copyright: 1920: By The Chicago Tribune.]

LONDON, Nov. 3.—The general strike of British coal miners formally came to an end today when the executives of the miners' federation declared the strike off under the terms agreed upon with the government last week in London.

The men were ordered back to their posts immediately and it is believed that most of the mines will be working under full shifts by next Monday.

This step was decided upon by the executives despite the fact that the ballot taken during the last few days by the miners showed a majority of 8,459 against acceptance of the terms.

As a two-thirds majority was required to permit the issuance of a strike order, and as the vote against the agreement fell far short of this ratio, the leaders ruled that a two-thirds vote was necessary to continue the strike and, therefore, called it off.

Both miner's leaders and coal mine owners agree with the government that the agreement, while only a temporary peace, provides the basis for lasting harmony in Great Britain's coal industry.

'MINE HOST' OF ST. JAMES GRILL TO PRISON TODAY

C. M. Sommers, Who Sold Booze, Seeks Stay.

Unless a last minute stay of sentence is granted, Charles M. Sommers, owner of the St. James grill, convicted of bootlegging, will be taken to Leavenworth penitentiary today. Sommers was sentenced to serve thirty months in the federal prison and to pay a fine of $10,500, when he pleaded guilty on Monday.

A plea for a stay of sentence was refused by Judge Landis immediately after Sommers' conviction, but attorneys and friends of the convicted man have announced that they will again intercede.

Eitels Face Landis.

J. R. Brown, supervising prohibition agent and District Attorney Clyne announced yesterday that they were trying to round up the "men higher up" in the liquor scandals, in order to place them on trial before Federal Judge Landis. Karl and Emil Eitel, joint owners of the Randolph hotel, faced Judge Landis yesterday. They, with four employés of the hotel, were indicted on charges of possessing and selling liquor. It is expected that they will be tried next week.

Two saloonkeepers and a number of bootleggers were caught in the federal net by the prohibition agents in raids yesterday afternoon.

Lawrence Kilcourse, Mr. Brown's assistant, noticed a story in the newspapers which said a man had been robbed in Mike Furlong's saloon at 700 West Harrison street, after a drinking bout. He sent two agents to the saloon where several quarts of moonshine, beer and drinks were seized.

Asked About Shakedown.

Several additional witnesses were examined by Assistant District Attorney John J. Kelly, who is investigating police connivance in Chicago whisky rings. Among those questioned was Frank McGovern, a south side saloonkeeper, who testified last week before United States Commissioner Mason that three policemen had shaken him down in a liquor deal. It is believed that McGovern will be able to shed light on the Heitler $175,000 booze scandal.

Federal agents have started another investigation of charges that Chicago breweries were manufacturing real beer, and it is possible that several breweries will be taken over by the government for failure to pay revenue taxes.

NEW SANTA OF P. O. WILL ANSWER KIDS' LETTERS

James A. Fitzgerald is the new official Santa Claus of the Chicago postoffice. He will take the place left vacant by the retirement of Assistant Postmaster John M. Hubbard. Thousands of Chicago children will rejoice that the custom of answering children's letters during the holidays, started several years ago by Mr. Hubbard, will be continued.

JAMES A. FITZGERALD.

Thousands of letters were received annually from children by Mr. Hubbard during the years he officiated as old Kriss Kringle.

Last July, when he was retired under the provisions of the civil service retirement act, he turned the work over to Mr. Fitzgerald, who had been his assistant for several years.

Lieutenant Accused of Shortage Is Locked Up

Last July Lieut. James Donald Nolan left his wife $300 for household expenses and disappeared.

The next day it was found that Nolan, who was director of finance for the army, with headquarters in Chicago, was $4,000 short in his accounts.

Yesterday Nolan was locked up at Fort Sheridan. He surrendered in California.

HIT BY CAR, SKULL FRACTURED.

John Bush, 68 years old, a janitor, 1133 West Madison street, was taken to the county hospital last night, suffering from a probable fracture of the skull and a crushed left leg, received when he was struck by a Madison street car at Green street.

"Not So Long Ago" at the Studebaker

BY PERCY HAMMOND.

"NOT So Long Ago" is a pleasing honeysuckle, all dewy and trembling with fragrant youth and the romance of life in New York City in the early '70s.

Two darling young persons permeate its zephrous annals—her a handsome and modest patrician, she an adorable, Cinderella seamstress, dressmaking for his hostile lady mother in Washington Square. They traverse, successfully, the confusing purple mists which hover around the path of true love, and at the auspicious end they are discovered sitting at twilight upon an urban stoop, deep in the blissful kisses of the betrothed. There is nothing ruddier in the tale than the pink tendrils of salubrious sentiment. Just prettiness, perfume, soft winds, and a shower or two.

The well-being of this adolescent enterprise depends, of course, upon the actors who serve its leading roles. To a precarious duty the Messrs. Shubert have summoned two youthful players, Miss Eva Le Gallienne and Mr. Sidney Blackmer, both of whom are admirable in their personal fitness and professional aptitude for the task. Miss Le Gallienne has the beauty and the charm appropriate to the daughter of a celebrated poet, with added, and perhaps unexpected humor, intelligence and skill. In the play she is a lovely little fanatic in romance. As her elderly male parent invents fishing rods, et cetera, so does she invent love affairs, aided by a passionate perusal of the works of the minor novelists. She lived in those dark and prudent ages when the virgins read Sir Walter Scott and The Duchess instead of "The Story Teller's Holiday" and "The Revolt of the Angels."

So she imagines, and she lives in the dream that the aristocratic son of her employer kneels at her shapely but humble feet, plying her with presents and beseeching her to become his bride—though, in fact, he has never spoken to her. Her amusing deceptions are shrewd and mischievous, rather than bathetic; for, it seems, she knows intuitively that a lie is nothing but the truth in masquerade. She fibs with a smiling and airy volubility, framing her falsehoods in the wise suspicion that she will be found out. Her untruths twinkle in her telling of them; and she wins her hero with her beguiling fabrications—in addition to certain red lips, bewitching eyes, and other items which fire his blood and exalt his mind. When Miss Le Gallienne flits across the stage she always stops suddenly and goes up on her toes—you may be familiar with that frequent and irresistible gesture of the expert ingénue.

Mr. Blackmer, a stranger to those alleys, is a quiet and comely chap, investing his utterance with the lush and mellow vocables of the So'th, and suggesting by his mastery of a delightful smile the possession of a promising sense of humor. They tell me, moreover, that at the matinees he is ogled by front rows full of debs, sub-debs, near-debs, and pseudo-debs, even as the hospitable Pennington of the more or less White Scandals is eager-eyed every night by the quivering and scrutinous male youth of the neighborhood.

As dress makes the man so does it sometimes make the actor, and since the players of "Not So Long Ago" are appareled in the picturesque habiliments of the days of President Grant, their demeanor is affected a trifle by their bizarre costumes. Kuh, at that time, was as unknown as Nathan or Fisher, and Hart had never dreamed that, aided by Schaffner and Marx, he would ever belt a universe. Jerrems, E. V. Price, and the Society Branders were in those days as distant as Lucille or the House of Kuppenheimer. But the precentennial tailor had some dressy ideas, and he brocaded his customers in the winning regalia exhibited in "Not So Long Ago." It is flossy, and so at times is the performance. Therefore "Not So Long Ago" is the pretty silhouette of a tradition in manner and matter; and though the individual playing is excellent, the result is that of an answered charade. Mr. Arthur Reichman is the author. Very good is the acting of George Henry Trader as the old inventor; and of several others.

Attorney-Nimrod Returns with 750 Pounds of Venison

Attorney James Edgar Brown, big game hunter and sportsman, arrived in Chicago yesterday from his annual hunting trip in the wilds of Ontario, Canada, twelve miles north of Mine Center, on the San Bar river. Mr. Brown brought with him a bull moose weighing 600 pounds and a buck deer weighing 150 pounds. He plans to give two venison dinners within a week, one for officers of the Association of Commerce, the other for friends in the Hamilton club.

BRIDE WITH BAG OF COIN RUSHES TO FREE HUBBY

War Hero on Honeymoon Jailed; Pass Is Cause.

The trans-continental honeymoon tour of Mrs. Adelaide Esdorn Dunscombe, 18-year-old daughter of Christian H. Esdorn of 3537 North Natoma avenue, ended abruptly on Tuesday when her husband, Duncan Tuckerman Dunscombe, said to be the scion of a wealthy New York family, Harvard student and war hero, was locked up in Ogden, Utah, for alleged fraudulent use of a railroad pass.

MRS. ADELAIDE DUNSCOMBE.

Yesterday the bride left Denver for Ogden with her handbag jammed with currency, contributions of stage folk in Denver, to go to her husband's assistance.

Refuses to Leave Husband.

Jim Goodheart, city chaplain of Denver, endeavored to prevail upon her to return to her parent's home here, but she refused.

"Perhaps I can build his life over again," she said. "If he will let me—if he cares enough—I believe I can help him to go straight from now on."

The couple were married Oct. 11 in Pittsburgh, where Miss Esdorn was appearing with a theatrical company. Dunscombe is said to have followed her from Cambridge, Mass., where he was attending school. He had served oversea as a lieutenant and is said to have been wounded, gassed, and decorated for bravery.

Father-in-Law Relents.

The couple appeared at the Esdorn home here shortly after the wedding and during their stay Mr. Esdorn cashed five checks for his new son-in-law, all of which turned out to be worthless. Four were said to have been stolen from O. J. Vogel, manager of the Falk American Potato Flour corporation, on a Pullman en route from Pittsburgh. Esdorn went to the detective bureau on Oct. 28 and obtained a warrant for Dunscombe's arrest on a charge of operating a confidence game.

But last night Esdorn had relented.

'COLLECTOR' ROBS GIRL CASHIER AT DESK, GETS $76

The stranger had a persuading manner and a taking way. He explained to Miss Leone Vickers, cashier of the Ricketts lunch room at 1006 North Clark street, about 3 o'clock yesterday morning that he was a collector.

LEONE VICKERS. [TRIBUNE Photo.]

"I'm collecting campaign funds," he said, helping himself to a toothpick while with his other hand he fondled a revolver. "And I think it would pay you to look out the window while I work."

The collector then excused himself while he examined the cash register and took $76. Then with a cheery good morning he bowed himself out.

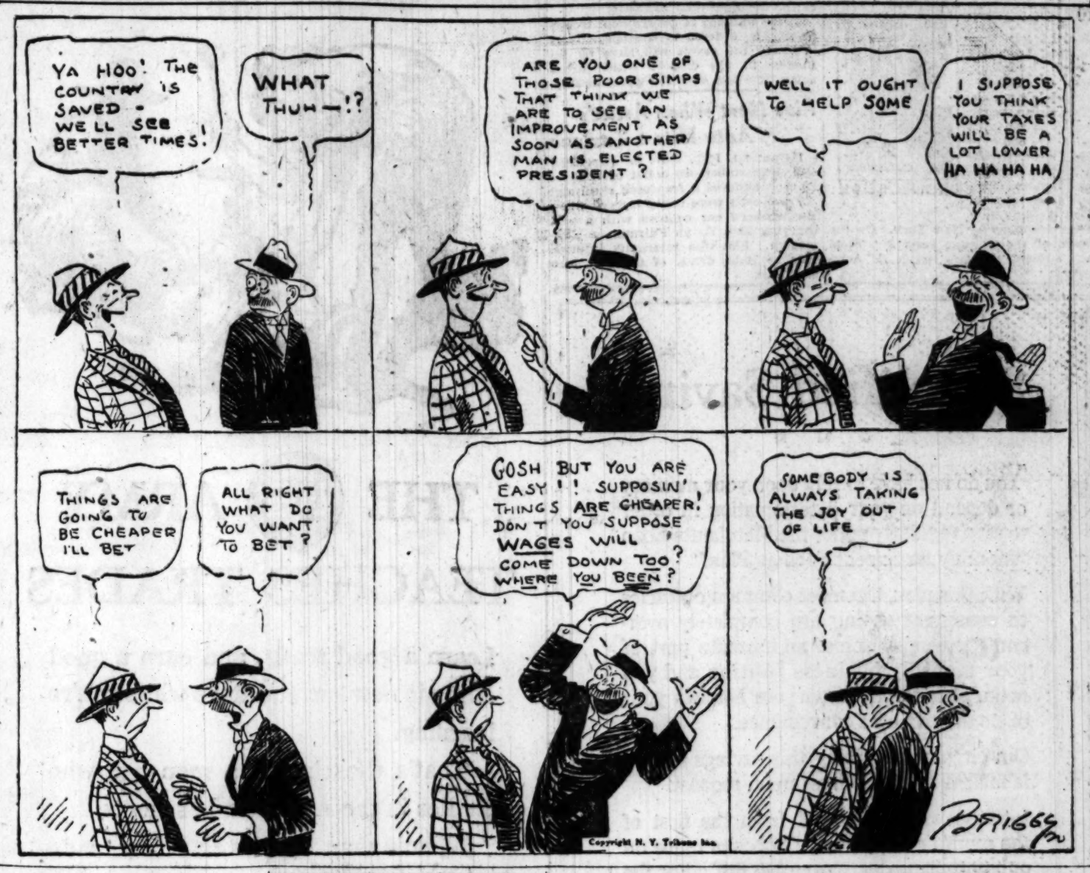

ASK WOMAN JURY FOR VERDICT ON BOXING AS SPORT

Representatives of nearly every woman's club in Chicago, as well as of social, industrial, political, and commercial organizations, will be invited to pass judgment upon boxing as a legalized sport in Illinois at an athletic carnival to be held in the armory at Thirty-fourth street and Wentworth avenue on Dec. 4 under the auspices of the Consolidated Camps of the United Spanish War Veterans.

The veterans' association plans to present a bill to the legislature providing for a state commission to supervise all professional sports.

Gov. Lowden and other state and municipal officials have been invited to attend the exhibition, which will include three six round boxing matches and one wrestling exhibition.

SOMEBODY IS ALWAYS TAKING THE JOY OUT OF LIFE

'BUCK PRIVATES' WILL GIVE SHOW TO AID BUDDIES

Need Autos to Carry Wounded Men.

Tya, tya—ta, ta, ta, ta!

Our typographical bugle has sounded. Your attention has been enlisted. We have a bit of information to impart to you. Attendez:

Tomorrow afternoon at 2 o'clock the Buck Privates' Society, A. E. F., will invade the Auditorium theater with a snappy show and athletic meet. This organization, founded on the banks of the Rhine in the spring of 1919, is always taking care of some buddy or other who has run into a little hard luck and needs a bit of help. Maybe it's only lodging for a night, or the price of a meal; maybe it's a case of sickness—but always the society digs into its jeans for the necessary cash.

Will Aid Relief Fund.

That's why this entertainment is to be given tomorrow. The proceeds will go into the relief fund for ex-soldiers. Mr. Comiskey donated his White Sox park for the event, which was to have been held last week, but the weather proved too severe for the wounded boys to attend.

They'll be there tomorrow, though. Every man in uniform is to be admitted free, and the boys in the hospitals will be carried to the Auditorium by autos. That is, if you, who own cars, will call Luther Lewis at State 5474 and offer yours for a few hours.

And don't forget the show. Theda Bara, that alluring vamp lady, will be there with a surprise act. Peggy Wood and her overseas quartette from "Buddies" will sing. The Marguerite models will give the boys a reminder of France as they walk about in the latest Parisian creations selling poppies. Salvation Army lassies will be on hand with those famous doughnuts.

Boxing and Wrestling.

Boxing and wrestling bouts there'll be in quantity with such well known boys as Bob Roper, Marty Cutler and Charlie White in the ring. Johnny Schiff, the A. E. F. featherweight champion and wearer of the Italian war cross, will referee.

These are just samples of what you will see, for there'll be plenty more, from the girls' jackie band to the memorial salute in honor of the boys who did not come back. The double firing squad will be under the direction of the Rev. John McDonnell, chaplain of the 132nd infantry.

BOMB FLATS OF NEGROES.

For the third time in the last five years the front of an apartment house occupied by Negroes at 3710 Grand boulevard was wrecked by a bomb explosion shortly after 2 a. m. yesterday.

BEG YOUR PARDON

An editorial on Oct. 30 said the California anti-alien law applied as much to Hindus, Chinese, and some others as to the Japanese. It does not apply to Hindus, who are already barred from immigration to the United States by geographical provisions of the immigration law. Those Hindus who are residents of the country or who may enter are eligible to citizenship.

SCOTLAND GIVES J. BARLEYCORN LEASE ON LIFE

BY JOHN STEELE.

[Chicago Tribune Foreign News Service.]
[Copyright, 1920, By The Chicago Tribune.]

LONDON, Nov. 3.—The drys suffered a smashing defeat in the Scottish prohibition elections yesterday.

About half of the 600 areas in Scotland voted yesterday and only about twenty of the small country areas went dry.

In Glasgow, where the drys concentrated their attack, twenty-four wards voted in favor of no change; nine voted limitation of the number of saloons, and only four went dry and these were the "silk stocking" residential districts.

According to available tabulations of the voting only ninety-four out of a total of 1,604 saloons were voted out of existence.

Aberdeen Heavily Wet.

GLASGOW, Nov. 3.—Incomplete returns of the voting on the liquor question in Scotland Tuesday show that thirty-six towns desire no change in the present law which permits the sale of liquor. One town voted in favor of a reduction in licenses, while ten towns voted dry. Official results in Glasgow show a victory for the "wets." Four wards voted "dry," nine for limited licenses, and twenty-four for no change, which means that ninety-four licenses will be canceled throughout the city out of a total of 1,600.

Aberdeen voted "wet" by two to one.

Other towns voting "no change" were Hawick, Dalkeith, Auchtenmuchty, Falkland, Arbroath, Montrose, Tayport, Kerriemuir, St. Andrew, Alloa, Girvan, and Stonehaven.

One Hour in U. S. Custody Mail Employe's Sentence

"One hour in custody of a federal marshal," was the sentence meted out by Judge Landis yesterday to Walter C. Anderson, a mail employé who had stolen $1.50 from the mails. Anderson, 18 years old and a graduate of Lane Technical school, entered a plea of guilty two years ago. The case was continued several times. Because of Anderson's good record since his arrest, the short sentence was pronounced.

SENTENCE MAKES WANDERER GRIN, BUT GRIN FADES

His Counsel Won't Act in New Trial.

The case of the People vs. Carl O. Wanderer for the murder of his wife and unborn child was officially closed yesterday. Judge Hugo Pam imposed the sentence of twenty-five years voted by the jury.

On Saturday the people will present the case of the murder of the "ragged stranger" to the court and ask that a jury again hear the evidence and determine the penalty.

Pleased by Verdict.

That Wanderer was well pleased with the leniency extended him by the jury which brought in a "compromise verdict" was evidenced yesterday when he failed to avail himself of his right to ask for a new trial. No other procedure was then possible but the imposing of the sentence, which, with time off for good behavior, amounts to thirteen years and eight months.

Wanderer's Smile Fades.

The former butcher boy-lieutenant heard the pronouncement of sentence with a complacent smirk. He heard the court commend the attorneys who so well fulfilled their duty of defending his crime, after being appointed by the court.

SLEUTH ORDERED TO REFUND GIRL'S $11 AND TRINKETS

W. H. Green of the Green Detective agency, 190 North State street, is watchdog of the cash boxes of various "chain" stores. When Daisy, the cashier, turns up with a snappy fur coat, Mr. Green immediately checks the source of the lucre which paid for it, and if the stamp account is overdrawn or the nut sundae till shy a few simoleons, woe to Daisy.

Clara Green, 20 years old, no relative of the sleuth, ran afoul of Mr. Green while employed by the MacLean drug store at 1000 Wilson avenue. Arraigned before Judge Hugh R. Stewart yesterday, she declared Green had frightened her into signing a confession and had taken $11 and some jewelry from her.

Judge Stewart ordered Green to return the money and jewelry, adding: "If these practices continue you will run up against the law."

Clara was placed on parole, although she denied "tapping the till." In the signed confession obtained by Green she admitted taking $185.

The Inquiring Reporter

Every Day He Asks Five Persons, Picked at Random, a Question.

The Question.

What would you do to reduce crime in Chicago?

Where Asked.

State and Monroe streets.

The Answers.

Edgar Webster, 155 West Washington street, merchant—I would educate the public to the fact they have the same authority as a police officer if they witness an accident, a robbery, or other crime where the amount involved is $15 or more or the damage great. They can arrest the culprit or criminal.

Miss Nellie Miller, 2023 Washington boulevard, stenographer—Punish the violators to the full extent of the law and he won't commit another crime quickly. Others will not be encouraged by leniency to follow in the path of crime.

Daniel Ambrusco, 760 West Taylor street, secretary—See that those found guilty serve their full time without pardon or parole, and let police and judge handle the law without interference.

Miss Dorothy Dickson, Indianapolis, Ind., saleswoman—I do not live in Chicago, so it is hard to say what the remedy for crime here should be. But it seems that strict enforcement of the law and strict and certain punishment for offence against it would lessen crime even in a city noted for crime, as Chicago seems to be.

John Serlin, 1541 South Homan avenue, store manager—Enforce the law; stop letting the criminal off easy as our courts have been doing of late; give them the full measure of their punishment, and stop pardons and reprieves. It only encourages them to more and greater crimes.

HOLD UP SALOON, GET $137.

Three men, two of them armed, lined up Samuel Greenspan and two customers in Greenspan's saloon at 601 North Cicero avenue yesterday afternoon and gathered $137. Greenspan lost $75, and Frank Wickum, 5309 Lowa street, and Lawrence Anderson, 4721 West Huron street, lost $70 and $12, respectively.

SIGN 18 MONTHS' BUILDING PEACE; GIRD FOR BOOM

No Loafers, No Raise, No Strikes, Is Pledge.

BY AL CHASE.

Chicago's long agitation against jurisdictional strikes crystallized yesterday into a signed agreement by officials of the Chicago Building Trades council to arbitrate all disputes between now and May 1, 1922. At the same time a written promise was made not to ask for higher wages at the expiration of present contracts.

With these two important steps as first aid to housing and building in general came the announcement that the unions agree to deliver efficiency in their work and that the contractor's right to fire men who soldier will be sustained by the Building Trades council.

Building Rush Looms.

"With labor stabilized, jurisdictional strikes cut out, and men doing a full days' work in eight hours, Chicago ought to see a wave of building," predicted Adolph F. Kramer, president of the Chicago real estate board and a member of the housing committee that called yesterday's executive session in the board rooms.

"One of the most important features of the conference," said Henry G. Zander, chairman of the committee, "is that the unions have promised to see that their men work, and any man who loafs on the job can be fired by the contractor without fear of having a strike the next hour.

"Building trades unions in several eastern cities are planning to demand increases, so a written promise by Chicago unions to reaffirm all existing wage agreements and abide by them until they expire is a big step toward starting the long-waited building boom. It means labor is stablized for more than eighteen months."

Peace Ends Two Weeks' Parley.

Yesterday's action came after two weeks of strenuous negotiations between members of the real estate board's housing committee and labor leaders. Open meetings of the committee at which material men and manufacturers discussed the housing situation brought no solution to the housing problem. Overtures to the labor leaders brought a prompt reply and negotiations were begun.

Statement Gives Views.

A statement issued after yesterday's meeting reads:

"The general situation that confronts the people of Chicago and our country as the effect of the war has received the serious and thoughtful attention of the labor unions as well as other interests in the community.

"The labor unions recognize the difficulties that come with the reconstruction and readjustment of the present unusual and unprecedented conditions. As interested and loyal citizens it is the desire of the unions to help to their fullest extent in the solution and adjustment of the problems and difficulties which the conditions present.

Unions Do Their Share.

"And while others are doing and desiring to do their share, the unions, after deliberation and consideration of the various phases of the situation as it affects them, and with particular consideration of the needs of the people for proper and sufficient housing, as well as the needs of the business community, have reached a decision and are ready to put into effect an agreement: To continue the present wage scale after May 1, 1921; abolition of all jurisdictional strikes on the part of all trades affiliated with the Chicago Building Trades council, and the readjustment of same by the council grievance committee, all trades to remain at work pending decisions; the reaffirmation of all existing present agreements and the intention to abide by same until the expiration of same."

TWO SENT TO PEN FOR STUDEBAKER BOND ROBBERY

The unique conscience of Leo M. Kennett has provided him with free board and lodging in Indiana reformatory for from one to fourteen years—and the great Studebaker $250,000 bond robbery story has reached its end.

Kennett and George W. Wood were sentenced yesterday by Circuit Court Judge Chester R. Montgomery in South Bend, Ind. Both were given the same term, fined $100, and disfranchised for two years.

The bonds were stolen from the Studebaker corporation in January, 1918. There was no trace of them. Then one day Alfred C. Mills, a Kalamazoo lawyer, told corporation officers that three of the stolen bonds were being offered as collateral on $25,000 in notes.

They were traced. Kennett, who is 27, confessed. He had taken the bonds from the office, he said, and had brought them home. He was terror stricken when he saw what he had stolen—and repentant. He started to burn the bonds. He burned twenty-two, then repented again. Why should he destroy $250,000? It was wicked. He still had $30,000. By keeping this he could atone in part for the great crime of incineration. So he kept the remaining bonds—three of $10,000 denomination. Good advised him to sell them and offered to help.

Both men pleaded guilty at the trial.

Subtreasury Here Closed; Reserve Bank Takes Men

Chicago's subtreasury closed its doors yesterday after operating for forty-six years. All its business will be transacted through the federal reserve bank at 79 West Monroe street. All the fifty employés except Robert L. Hunt, subtreasurer, will be retained by the reserve bank. Mr. Hunt will return to his home in Decatur. Funds amounting to $8,000,000 were transferred yesterday.

KERNEL COOTIE—MA MAKES A TERRIBLE BLUNDER

TAX AND TARIFF REVISION TAKES CENTER OF STAGE

April May See an Extra Session of Congress.

[BY A STAFF CORRESPONDENT.]

Washington, D. C., Nov. 3.—[Special.]—With the election of Senator Harding revision of tax and tariff laws at a special session of congress to be called probably in April has become a certainty, according to authentic information.

Although the Republicans would be able to pass taxation and tariff measures at the December session, there is little likelihood they will do so in view of possible executive vetoes and also because they wish to await recommendations from the new president and from his secretary of the treasury.

Secretary of the Treasury Houston in his forthcoming annual report will renew his recommnedation for the repeal or modification of the excess profits tax and for various other changes in the revenue law. Action on legislation of this nature, however, undoubtedly will be delayed until after March 4.

Revenue and tariff legislation will be in charge of the same senators and representatives who now head the committees having jurisdiction over them.

Sentiment for Tax Appeal.

Sentiment for the repeal of the excess profits tax has become so widespread that action along this line is believed to be assured. The question to be decided is what the substitute for the excess profits taxes shall be. Disagreement over this question is one factor which may tend to delay action until after March 4.

By the time the new session convenes it is the expectation that sentiment among the business men of the country relative to the best substitute for the excess profits tax will have crystallized. The American Bankers' association and the Chamber of Commerce of the United States are expected to play an important part in arriving at the most feasible form of taxation.

Put Study on Substitute.

The economic policy commission of the American Bankers' association is making a special study of revenue legislation with a view to recommending a substitute for the excess profits tax. The Chamber of Commerce of the United States will make consideration of taxation the most prominent feature of its convention next April.

In view of the more pressing demand for relief from burdensome provisions of the present tax laws it is the expectation that congressional hearings on that subject will be the first in order. Hearings on tariff legislation will follow probably as soon as the house has passed the tax bill and sent it over to the senate.

New York, Nov. 3.—J[Special.]—J. Ogden Armour, president of Armour & Co., and F. Edson Whtie, vice president, pleaded not guilty to an indictment charging profiteering in violation of the Lever act b ore Judge John C. Knox in the United States District court this afternoon.

Mr. Armour and Mr. White came to New York today from Chicago to plead to the indictment, although their cases originally were set for tomorrow .

MARSHALL FIELD IS MADE DIRECTOR OF MERCHANTS' TRUST

MARSHALL FIELD III

The growing policy of bringing the younger men of affairs to the directorates of large financial institutions was further evidenced yesterday in the election of Marshall Field as a director of the Merchants' Loan and Trust company, one of Chicago's largest banks. This is the second honor of the same sort to come to Mr. Field within a month. He recently was elected a director of the Guaranty Trust company of New York. On the board of the Chicago bank Mr. Field will succeed the late Frank H. Armstrong.

TROOPS MUTINY AND GRAB 150,000 PESOS IN MEXICO

VERA CRUZ, Nov. 3. — Military forces forming the garrison of Coatepec, near Jalapa, the capital of Vera Cruz, have revolted as a result of an nounced plans by the federal war department to dispose the troops in opposition to the wishes of their commanders, Gens. Ricardo Morales and Alejandro Kurzain. The rebels have seized 100,000 pesos from the garrison paymaster, and about 50,000 pesos sent to the business men of Coatepec.

Three columns of government troops have been ordered to Coatepec. It is expected the revolt will have an influence in the dispute which arose some time ago over the governorship.

STATE-JACKSON CORNER LEASED FOR $1,440,000

BY AL CHASE.

Jackson and State's southeast corner comes to the front for the second time this week with a big lease. D. S. Kohn & Co., dealers in women's apparel, have subleased from the S. & C. Clothing company all the space not rented by Rothschild & Co. for twenty years from May 1, 1921, at a term rental of $1,440,000, including taxes and insurance.

All of the west half of the first floor, the 3d floor, and the entire second and third floors, 40x144, were rented at a term rental of $940,000, or at the rate of $47,000 a year. In addition, they will pay general taxes up to $25,000 per annum, special assessments, and insurance on the entire building.

$340,000 Profit.

The S. & C. Clothing company leased the entire six story building from the Leiter estate, as outlined in this department on Tuesday, for a term rental of $1,600,000. They have sublet it for a total rental of $1,940,000, which gives them an annual net profit of $17,000, or a total net profit of $340,000. Rosenberg & Lurie represented Komiss & Co. and Mark Levy & Bro. the lessors.

Alfred Rennert has bought from John F. Vokoun the twelve flat building at the southwest corner of Glenwood and Winnemac avenues, lot 62x115, for a reported $60,000. The buyer gave in part payment the nine flat building at the northwest corner of Magnolia and Rosemont avenues, lot 44x125, for $35,000. Liepold & Hicks were brokers.

Trades Plantation for Flats.

A 2,500 acre plantation in Wilkinson county, Mississippi, was given by T. J. Berry of Okolona, Miss., and H. W. Morrison of Earle, Ark., in exchange for the twenty-one flat building at the southeast corner of Fifty-fifth place and Prairie avenue, lot 125x125, sold by Joseph J. Miller, and the eighteen apartment building at the southeast corner of Seventy-first street and Stewart avenue, lot 100x125, sold by Kirk R. Beak. The Susette plantation was conveyed at a consideration of $200,000. George W. Stewart represented all parties.

Thomas Doherty of Ardmore has purchased from Joseph Demsky through W. P. Ellis of Rollo Shanks & Co. the six flat building, lot 126x159, at the southeast intersection of Glenwood and Bryn Mawr avenues, for a reported $31,000, subject to $18,000.

Eight Mile an Hour Limit for Autos at Chicago U

If Chicago University students are a fast lot it won't be the fault of the buildings and grounds department. Traffic signs were put up on the campus yesterday announcing a speed limit of eight miles an hour for automobiles and a warning was issued that if the new regulations are not obeyed pleasure cars will be barred from the campus. The ruling came as the result of several accidents on the campus due to reckless driving and congestion.

SHOW TONIGHT FOR MEMBERS OF 1ST ARTILLERY

Artillerymen and their friends will meet tonight at First Field Artillery armory, 234 East Chicago avenue, at one of the series of athletic and vaudeville entertainments under the auspices of the national guard commission. "Tiny" Hart's Overseas quartet will sing and Jack Dribbs and Joe Wallace will wrestle.

Saturday night an entertainment for members of the 6th infantry, I. N. G., and their friends is scheduled at Broadway armory, 5875 Broadway. Henry Porter Chandler will make a brief speech.

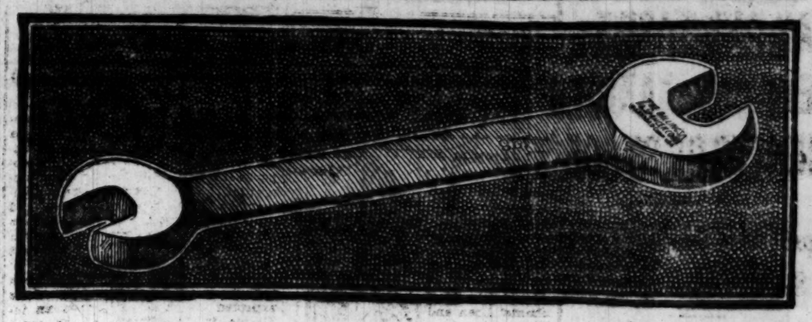

Cards for the guard entertainments may be obtained from regimental officers, from the national guard commission, or at the door of the armory on the evening of the entertainment.

THE BILLINGS & SPENCER CO.
HARTFORD, CONN.

The Racine Top consists of 8 simple side sashes of the highest grade coach cabinet work and glass, which your garage man can put in place in a few hours. Weighs less than 35 pounds a side. Large illustration shows a Racine Top being put on a 7-passenger Oldsmobile.

Here's the Perfect Winter Top for Your Open Car!

Have you an open car?

Let the Racine Top make it a perfect closed car—
- standard units in stock for 40 models
- 24-hour installation
- highest grade coach cabinet work
- guaranteed not to squeak or rattle
- detachable in 30 minutes
- does not bear on or mar the body
- weighs less than 35 pounds either side
- all four door sashes open for signaling and perfect ventilation.

In less than 24 hours you can enjoy the style and convenience of a closed car. You secure real limousine side sash—no curtains to flap and sag, prevent signaling and proper ventilation. You add less than 70 pounds to the total weight of your car. And the price—based on standard production — is amazingly reasonable.

If you could trade your open car for a handsome closed car, you would get more good of it now when you need it most. Isn't that true? Your tires and battery would not deteriorate as they will in storage. Going back and forth to trains, school, business and socially—in cold and stormy weather — you and your family would ride in safety and health instead of courting influenza. You could enjoy your car as never before.

This is possible at once — with the Racine Top. The Racine is an absolutely standard winter enclosure—better made than custom coach work—quicker and more economical.

Dealers everywhere—

—who want winter business—write us. The Racine Top enables car owners to use their automobiles all winter and so keep up your winter business in tires, gas, oil, battery service, etc. "Keep the cars running"— then you enable every car owner and garage man to keep his investment producing.

Mechanically Correct

The Racine Top is absolutely correct in design—as sound as a high grade limousine in construction—easily attached to the car body—removed in 30 minutes—does not mar the car finish—guaranteed after a 6000 mile test not to work loose, squeak or rattle—all four door sashes are adjustable for signaling and perfect ventilation.

FRED MITCHELL IN CONFAB OVER PILOTING BRAVES

New York, Nov. 3.—[Special.]—Fred Mitchell, who recently was superseded by Johnny Evers as manager of the Chicago Cubs, returned today to his home near Boston after a short visit here to discuss the managership of the Boston Braves with Owner George W. Grant.

FRED MITCHELL. [TRIBUNE Photo.]

Mitchell was in Chicago when the change of managers was decided upon by the directors of the Cubs. He received a message from Mr. Grant to come to this city at his earliest convenience, so returned to Boston via New York.

Grant and Mitchell had a long conference and it will be no surprise if the latter is chosen to succeed George Stalling in the Hub.

Popular with Hub Fans.

Mitchell was Stalling's assistant in 1914, when the Braves won the National league pennant and world's championship, and he has been credited with much of the success attained that year. It was his work with the Braves which led to his appointment in 1918 as manager of the Cubs. His return to Boston as a manager would be well received by the fans.

Mitchell said before leaving here today that he expected to meet Grant again, after the Boston owner returns from the meetings in Chicago and Kansas City next week.

Announcement Withheld.

The Boston owned has not announced definitely that George Stallings will not return to the Hub, but all signs point that way. Grant declares he will not name his 1921 manager for a time, possibly until after the National league meeting here next month.

HEYDLER ASKS BAN TO ATTEND MEETING HERE

New York, Nov. 3.—Invitations to attend the baseball meeting in Chicago Nov. 8 were sent today to President Ban Johnson of the American league and to heads of the National and American league clubs by President John Heydler of the National league.

Mr. Heydler was temporary chairman of the previous meeting, which approved the plan to place control of baseball in the hands of men not connected with the sport. At this meeting only three American clubs—New York, Chicago, and Boston—were represented.

The purpose of the meeting, Heydler stated, is to appoint a drafting committee to meet with a committee selected by the National Association of Minor Leagues. The joint committee is to "prepare an agreement embodying such new organic provisions for the maintenance of the national game and to so reorganize the government thereof as to assure the public that the sport is conducted in a proper manner."

Purse in Pimlico Cup Increased to $10,000

Baltimore, Md., Nov. 3.—[Special.]—With a desire to continue its efforts in encouraging long distance racing, the Maryland Jockey club has decided to double the purse for the Pimlico cup, Nov. 12, making the added money $10,000 instead of $5,000. The club also will present $1,500 to the trainer of the winner, $750 to the trainer of the second horse, $500 to the trainer of the third, and $250 to the trainer of the fourth.

DEMPSEY MAY BOX WILLARD BEFORE CARPENTIER BATTLE

New York, Nov. 3.—Promoters of the Jack Dempsey-Georges Carpentier heavyweight championship bout denied today that arrangement had been made whereby this contest would be preceded by one between Jack Dempsey and Jess Willard. The return match between Dempsey and Willard is to take place on March 17, according to a statement made by Dempsey in Montreal.

It is known, however, that such a match has been in the making for some time, and a definite announcement is expected to follow the formal signing of the Dempsey-Carpentier contract Friday. Willard and many of his supporters have been clamoring for a return battle against Dempsey, but tentative arrangements made several months ago were sidetracked for the Dempsey-Carpentier battle.

It is stated on good authority that the Dempsey-Carpentier contract will permit Carpentier to engage in fistic battles in Europe, and Dempsey in America, before their clash next summer. Neither can invade the pugilistic territory of the other prior to the championship fight.

A clause will provide that in case either Carpentier or Dempsey is defeated previous to their meeting in the ring the contract which they are expected to sign Friday will become null and void.

Jimmy Smith Wins Two More Bowling Matches

Jimmy Smith won two more bowling matches yesterday at the Randolph alleys, defeating Billy Rusch and Bob Raydl. He won three out of four from Rusch and three straight from Raydl. This afternoon he will have Dominic Devito as an opponent in an eleven game series. Yesterday's scores:

Smith	170	213	229	172
Rusch	204	188	177	171
Smith	225	188	203	
Raydl	173	179	193

ABE POLLOCK ELECTED TO A SEAT IN LOWER HOUSE IN COLORADO

DENVER, Colo., Nov. 3.—A familiar figure in boxing circles, Abe Pollock, widely known referee and local sports writer, was elected yesterday to the Colorado legislature from Denver.

Abe Pollock formerly was a resident of Chicago. He took a prominent part in boxing affairs a score of years ago when six round bouts were permitted under city supervision. He officiated as referee in several notable contests. He resided on the west side and has several relatives still living here.

EASTERN HORSES ENTER KENTUCKY FINAL RACE MEET

Louisville, Ky., Nov. 3.—The east will send out its best 2 year olds for the inaugural running of the Kentucky Jockey club stakes, a race of one mile with a value of about $35,000 that will be one of the features of the Kentucky Jockey club's impending meeting at Churchill Downs. The Churchill Downs meeting will wind up Kentucky's racing season. It will take up the better part of the first fortnight of November.

Prominent among the eastern nominators in the Kentucky Jockey club stakes are Harry Payne Whitney, Samuel C. Hildreth, Commander J. K. L. Ross, Gifford A. Cochran, J. Edwin Griffith, Willis Sharpe Kilmer, George W. Loft, A. K. Macomber, W. R. Coe, H. K. Knapp, John E. Madden, Samuel D. Riddle, J. H. Rosseter, James F. Johnson, Mrs. Louise Viau, Joseph E. Widener, Larry Waterbury, Arnold Rothstein, Walter M. Jeffords, Mrs. Walter M. Jeffords, Mrs. Payne Whitney, and James W. McClelland.

It does not seem probable now that Samuel C. Hildreth will be able to get his $150,000 Friar Rock colt Inchcape to the post again this season. Inchcape fell lame at Saratoga shortly after he came into Hildreth's possession and he has not so far been a profitable investment. But Hildreth has a distance running youngster of rare merit in Grey Lag, winner at Belmont park of the Champagne stakes. Max Hirsch, the

PETE HERMAN TO BOX ONLY FINISH SCRAPS IN FUTURE, OR RETIRE

New Orleans, La., Nov. 3.—[Special.]—Pete Herman, here for a short rest, announced tonight that he and his manager, Sammy Goldman, had decided they had enough no-decision contests, and in the future Herman would seek only finish contests and either lose his title of bantamweight champion or retire undefeated.

Herman said that he had been released by the new International Sporting club from his Thanksgiving date with Jimmy Wilde, and that as a result he stood ready and willing to meet any 118 pounder in the country that Tex Rickard will pick as his opponent in a fight for the championship, whether it be Sharkey, Burman, or Lynch. Whether he wins or loses, Herman intends to retire after he has met the different challengers.

1,830 HORSES ARE ENTERED IN NEW YORK SHOW

New York, Nov. 3.—An aggregate of 1,830 horses has been booked for the National Horse show at Madison Square garden Nov. 15 to 25. This is 25 per cent more than last year and exceeds by the same ratio any year's entries since 1913. The increased support given to indoor polo, the military classes, the new classes for children to ride and drive and the new saddle horse classes is the cause of the increase of entries.

There are 339 entries for the classes in which officers or privates in uniform are to compete. Gen. John J. Pershing, who has taken a box for the show, has made four entries, one his favorite charger, Jeff, a brown horse he rode in France. His entries will be ridden by his personal military aid, Capt. J. B. Queckberner.

Woods and Waters by LARRY ST. JOHN

QUESTIONS THEY ASK.

CHICAGO.—[To the Editor.]—1. What is the proper name of the bird commonly called the "hell diver"? 2. What bird is commonly called "high hole"? 3. How does a chipmunk dig its hole without leaving any dirt around? 4. To what family of birds does the night hawk belong? BOY SCOUT.

Answers—1. Grebe. 2. The flicker or golden winged woodpecker. 3. He carries away the dirt in his cheek pouches and dumps it some distance from his burrow, a habit shared by the so-called gopher. They probably do this as a protective measure; to prevent shewing their enemies where their dens are located. 4. The night hawk is not a hawk but belongs to the family caprimulgidae of the text books, or the goatsucker family; the latter hyphenated, would be a good family name for the w. k. American public which, as a Tribune editorial points out, is being kidded by experts.

* *

Chicago.—[To the Editor.]—I caught a dog fish in the Rock river weighing about 6 pounds and was told that it is edible. Is this true? S. H. F.

Answer—The dog fish or bowfin is not a first class table fish, except when smoked, but it can be eaten. They are cleaner feeders than many food fishes but under their very hard and solid exteriors you will find that the flesh is soft and watery. The roe or ergs of the bowfin should not be eaten as there is doubt as to their edibility; Indians claim the roe are poisonous.

* *

Forest Park, Ill.—[To the Editor.]—1. What are the requirements to secure a hunting license in Illinois? 2. Where does one apply for a license? 3. Is there good hunting around Chicago? E. M.

Answers—1. Must be a citizen of the United States. If under 16 years of age you must have written request of parent or guardian. If a resident of the state the fee is one dollar; if a nonresident, $10.50. 2. City clerk's office. 3. You could hardly call it good.

K. C. INDOOR TEAMS TO MEET.

The strong Madonna council, K. of C., indoor baseball team will meet the crack Daniel O'Connell team of the northern division tonight at St. George's hall, Thirty-ninth street and Wentworth avenue. Sullivan, Bennett, and Webb will be in the points for the Madonna team, while Hughes and Cronin will work for the O'Connell boys.

De Oro Scores Victory Over Ralph Greenleaf

New York, Nov. 3.—Alfredo de Oro defeated Ralph Greenleaf, the world's professional pocket billiard champion, 300 to 264, in the final block of their 300 point three cushion exhibition match tonight. De Oro won the fifth block this afternoon, 50 to 43. Greenleaf had a high run of seven in the afternoon session, and De Oro a six. Greenleaf won tonight's block, the sixth and final, 63 to 50. Tonight's block was run out in sixty-five innings.

He's Some Club Swinger; Sets Record at 70 Hours

At the Fulham Drill hall, England, recently Sergt.-Maj. Crittenden, R. F. A., trained by Thomas Inch, beat the world's amateur record for club swinging by a continuous performance of 70 hours. The previous record was 66 hours 50 minutes, held by Driver Beamish.

Nelson and Maturo Capture Matches in Title Cue Pl

BY JOE DAVIS.

Taps sounded for Orvill Nelson of Rochester, N. Y., in the national pocket billiard tournament when he defeated Erwin Rudolf of Sayre, Pa., 125 to 107, in the first game yesterday at the Strauss auditorium. Nelson finished with five wins and six losses, outside the money positions.

Rudolf began brilliantly, running 43 in the sixth inning, giving a lead of 57 to 26. He missed the one ball on a bunch combination, Nelson profiting to the extent of 13.

Runs 33 to Tie Count.

Two innings later Nelson ran 33 and tied the count at 59. After the young Pennsylvanian had scored 21 in the thirteenth inning, for a lead of 26, his attack weakened, and Nelson came along with a number of small counts, making the better finish.

Rudolf had an opening in his last inning, but stopped at 10 and Nelson soon ran 13 and game. Scores:

RUDOLF — 0 10 3 0 1 43 0 0 2 14 2
1 1 21 sc 0 1 0 0 0 0 0 0 sc 0 1
10—109. Scratches, 2; total, 107; innings, 25; high run, 43.

NELSON — 13 1 sc 0 0 13 0 0 33 0 1

—127. Scratches, 2; total, 125; innings, 25; high run, 33.

Maturo Ties for First.

James Maturo advanced to a tie for first place by trimming Charles Seaback of Torrington, Conn., 125 to 74, in forty-one innings in the second game, the defeat forcing the eastern player into the second division, just outside the last prize position.

They used plenty of strategy, but Maturo took better advantage of his openings, and in nineteen innings led 48 to 29. The Denver player then ran 29 and after a lot of slow work went out with a run of 19. Seaback had runs of 14, 14, 14, and 11; Maturo getting 29, 19, 12, 10 and 10. Scores:

ILLINOIS ONE OF BEST MACHINES SEEN IN YEARS

BY WALTER ECKERSALL.

When the football team representing the University of Illinois meets Chicago on Stagg field Saturday gridiron fans will see one of the smoothest working machines developed in the middle west in recent years.

Although the eleven has been taught a complex offense which causes plenty of shifting, the players have mastered the formations in such a thorough manner that ground can be gained on every play, providing none of the men hirk their duties. Coach Zuppke's style of attack calls for eleven men in every play, and they all get into it.

Illini Show Thoroughness.

There is a certain thoroughness in the drill of the Orange and Blue team which is not conspicuous on other elevens in the section. Before the Minnesota game last Saturday the squad appeared on the field early. Footballs were plentiful as snowflakes in a storm. The players passed the ball to one another, caught punts and passes, practiced kicking off, goal, and place kicking, and punting. Not a single feature of the mechanical detail was overlooked in the warming up process.

Then, again, the men's uniforms fitted them in such a manner as not to retard their progress in moving. The padding in the knees and hips was so arranged as not to make the players look clumsy. The head harness was adjusted in a businesslike way and there was not a single case of a player stopping to tie his shoe. In other words, it was an athletic looking team which went about its work as if it liked it and not because it was compelled to.

Why Zuppke Is a Winner.

It is this thoroughness that has made Robert Zuppke a great coach, one of the leaders of the last decade. Even when he was at Oak Park High school he was a stickler for finished teams. He believes in his men learning fundamentals, and it is a hard blow when one of his men misses a hard, clean tackle or the interferers fail to take out tacklers properly.

The linemen—the tackles especially—have been taught how to cut down the secondary defense, while the ends have been perfected in knifing an opposing tackle. The offense has been arranged in such a manner that the runner can leave his interference quickly to cut back through the line.

On defense the eleven is equally powerful. Although the forward wall cannot be said to be as strong as former Illinois lines, the sterling defensive play of Full Back Crange, who backs up the line, will make it extremely hard for an opposing team to make ground consistently. Crangle is one of the best backs seen in the west at this art in years.

Born Football Player.

The most Illinois players, Crangle possess football intuition. He sizes up a play quickly and moves to the danger spot with speed. He tackles fearlessly and with his 192 pounds of weight can readily check almost any play. He is fast for a big man and hits the line with power and drive. He is also good on interference.

Capt. Depler is a great center, but hardly matches such great pivot men as Schulz of Michigan, Des Jardien of Chicago, and Rosenthal of Minnesota.

Walquist is one of the best half backs in the conference. His clever running, combining the threat of run or pass, makes him invaluable in the successful execution of forward passes.

Ralph Fletcher Fine Player.

Ralph Fletcher, the other half back, is a reliable performer. There is nothing flashy about Ralph's work, but he usually manages to do something in every play. His field goal kicking in itself makes him a prime asset to the team, while his hard running on off tackle plays is the equal of any back in the conference.

Carney ranks with the best ends in the west. With the exception of Baston, who was on the receiving end of Minnesota's great combination of Wyman to Baston passes, the Illinois flank player is the best man seen in the conference in some seasons, in plucking passes out of the air.

Hellstrom, who was unable to do himself justice against Minnesota because of an injured back, also has the earmarks of a promising wing man.

Ems and Olander are fairly good tackles, but do not match up with other players of that position in the conference. What they lack in experience and knowledge they more than make up in aggressiveness. Mohr is one of the best guards in the conference. He played the position two years ago, but last season was tried at end, an unnatural position. Smith, the other guard, will improve as the season grows older.

Robert Fletcher is one of the steadiest, gamest and smartest quarterbacks in the west. This little player handles his team in brilliant fashion and seldom overlooks any opportunities to pick out the weak spot in an opponent's defense.

ILLINI RESPECT STAGG STRATEGY

Urbana, Ill., Nov. 3.—[Special.]—Dexterous manipulation of Maroon strategies by the Illini freshmen tonight deepened the uneasiness which is felt in the orange and blue camp regarding the engagement with Stagg's men. Fred Majors, the yearling, raced through the varsity from a Maroon formation and the first year men pulled off Midway passes too frequently to make Zuppke feel right.

Laurie Walquist, Al Mohr and "Evie" Hellstrom, the three side line regulars, were withheld from scrimmage, but lined up for a brief signal drill. As this was the final scrimmage night they will have no actual workouts for the encounter with the Maroons.

The Illini are nerving themselves for a desperate struggle, convinced that Chicago will play its greatest game.

THE GUMPS—!!!!

At Football Camps

COLUMBUS, O., Nov 3.—[Special.]—The climax of the week's practice was reached tonight when the varsity was given the stiffest scrimmage since the Chicago game. Wilce divided the work of his men on both offense and defense. While much time has been spent on the forward pass, Wilce has not lost sight of the need of a strong line-bucking team and worked his men in that department tonight.

Blair, an end, was used at halfback and made a good impression, showing uncanny abilities in worming his way through the line. Several changes in lineup may be necessary for the Michigan game, due to an injured shoulder which Tackle Spiers received in the Chicago game. It was not thought at the time the injury would bother him but he has not been out to practice this week, and may not be able to get into the game Saturday. Wilce may shift either "Tarzan" Taylor or Trott from guard to fill the vacancy or may use Jackson, a promising substitute tackle.

WISCONSIN.

Madison, Wis., Nov. 3.—[Special.]—Long hours of scrimmage and signal practice have been the lot of the Badger squad this week and reached the high point today. Classes being dismissed on election day gave Coach Richards the entire day to work the team. The forenoon was devoted to dummy scrimmage against freshman Minnesota formations and light signal practice. This was continued in the afternoon and followed with a heavy scrimmage. The squad worked both defensive and offensive plays against the Gopher shift for about two hours.

Capt. Weston probably will not play Saturday. Tebell, the other end, is also unable to stand scrimmage, but Knapp and Barnes have been working well at ends.

INDIANA.

Bloomington, Ind., Nov. 3.—[Special.]—Every Indiana man with the exception of Cloyd France came out of the Northwestern fracas in fair shape. France, the line "find" of the season, is unable to practice because of a foot injured last week, which was made worse by his playing in the Purple game. It has now developed into an infection and may keep him from playing until the Purdue game.

PLAN TITLE CLASH OF CITY AND SUBURBAN PREP GRID WARRIORS

BY JAMES CRUSINBERRY.

Providing it is agreeable to officials of the Suburban league, there is likely to be a prep football contest between the champions of the Chicago high schools and the champions of the suburbs for the Cook county high school title. Following news from New York that it would be impossible to select a Gotham high school champion team to meet Chicago's champions, E. C. Deleporte, supervisor of athletics in the Public School Athletic league, stated yesterday that an effort would be made to put on a game with the Suburban champs.

For the last few years the Oak Park High school of the Suburban league has trimmed the Chicago champions in post-season contests. Oak Park has another strong eleven in the field this fall, but has been held to a tie score, 3 to 3, by the husky lads of New Trier. Before a Suburban champion can be determined it may be necessary for those two teams to meet again.

Englewood Picked in City.

At present Englewood is rated as the sure champion among the Chicago schools, though Senn has not yet been defeated. Senn and Englewood are scheduled to battle the Saturday after Thanksgiving, the closing day of the season. There is little likelihood of either Senn or Englewood being trimmed before they meet in the deciding game.

Englewood undoubtedly has a team this year that would rate about equal to the best in the country, but there is no assurance it could stop either Oak Park or New Trier. In Art Folz the south siders have a greater open field runner than has either of the rival schools, but in other respects the Suburbanites have an advantage. Wienecke of New Trier is a better and stronger back field man on plunging with the ball, and the New Trier line appears to be fully as strong as that of Englewood.

May Play Next Year.

In his letter to Mr. Deleporte Dr. Albert K. Aldinger, director of athletics in the New York schools, expressed regret for not being able to stage a football game with Chicago, but hoped it might be possible next fall. He also said their baseball schedules were so arranged as to determine the championship, and that he was looking forward to the chance of entertaining the Chicago baseball champions next summer.

CENTRE STARS ON HOSPITAL ROSTER

Lexington, Ky., Nov. 3.—[Special.]—The Centre college football team has lost one of its stars for the season, another will be out for some time, and others are on the injured list. The men were injured in the game with Georgia Tech last Saturday. An X-ray photograph today shows that "Red" Roberts, crack full back, has two ligaments torn in one leg and is out of the lineup for the season. "Red" Weaver, another main cog, has both ankles strained and will be out for days.

Bo McMillin, captain, has a cut over his right eye received when a Georgia Tech player kicked him. Montgomery, the giant tackle, was kicked in the face also and two stitches taken to close the wound. Lipscomb was kicked in the mouth.

Centre plays De Pauw at Indianapolis Saturday.

Carrying Rivalry Too Far.

With Michigan really back in the Conference, the old Michigan-Chicago rivalry is becoming more and more apparent. They even insist on losing games in exactly the same way and by the same score. Michigan's defeat by Illinois, 7 to 6, was absolutely identical to Chicago's defeat by Ohio, a missed goal after touchdown losing both contests. C. M. G.

GRAUSNICK BACK IN PURPLE TOGS; RIPS FROSH LINE

Northwestern varsity made consistent gains through the freshman team during the hour's scrimmage last night. Grausnick and Szold performed especially well. The former was able to see better out of his right eye. He received a deep gash in his forehead which somewhat obstructed sight, in the game with Indiana last Saturday.

After dinner the members of the team were guests at an athletic association meeting at Patten gymnasium. Because of this skull practice was dispensed with by Coach McDevitt.

McDevitt and Assistant Coach Sawtelle spoke at the meeting, and great enthusiasm was raised among the students for the homecoming games with Purdue Nov. 13. Members of the association and other student officials are endeavoring to make the homecoming this year one of the largest ever had at the home of the Purple.

NORMAL HIGH, 31; BLOOMINGTON, 14.

MAROONS GET NO HONEYED WORDS FROM OLD STARS

University of Chicago football players were the guests of the alumni association at a banquet at the University club. The dinner was the best thing the athletes got, for as soon as the tables were cleared former Maroon captains and stars and Midway personages started flinging remarks at the team.

There were none of the hackneyed remarks, "We are behind you, boys," or "If every man does his best Chicago will win" sort of speeches. There was a lot of straight from the shoulder jabbing, and no man on the squad was spared in the unconventional challenge to the Maroons to fight to the last minute against the Illinois Indians Saturday.

Some Pertinent Talkers Here.

Coach A. A. Stagg, Charlie Axelson, France Anderson, John Schommer, Jimmie Sheldon, Pete Russell, Bubbles Hill, Charlie Higgins, Teddy Linn, Bert Gale, Henry Gale, Nelson Norgren, Dan Boone, Babe Meigs, Fred Walker, and Don Richberg were the speakers.

Despite the announcement that all seats have been sold for the Maroon-Illini game the athletic office was besieged all day by fans who tried to show reasons why they were entitled to tickets. Stagg field simply is not big enough to hold the crowd that wants to see the game, and the late comers were given the cold shoulder.

Freshies Use Zuppke's Stuff.

Scrimmage with the freshmen was the schedule of the short drill yesterday, and the yearlings tried a lot of the Zuppke style of forward passes with varied success against Coach Stagg's makeshift secondary defense which must face Walquist, the Fletcher brothers, Hellstrom, and Carney, the Orange and Blue forward pass stars.

Both Hinkle and Hanisch, the injured end and full back, were out in uniform, but both are far from proper condition, and it is doubtful if they can be used Saturday. Fritz Crisler's crushed side is mending nicely, and there is hope that he may be able to play against Michigan and Wisconsin.

A Sterling Actor in a Good Picture

"HIS OWN LAW."
Produced by Goldwyn.
Directed by J. Parker Read Jr.
Presented at Barbee's.

THE CAST.
Hugh MacNair .....Hobart Bosworth
Sylvia .....Jean Calhoun
Jean Saval .....Rowland Lee

By Mae Tinée.

I reckon you'd call this a regular he-man picture. Anyway, it's built around two men who are regular fellows; who meet life and death and disappointment with steady eyes and a smile.

Hobart Bosworth isn't one of the youngest actors, but he ranks with the best. Despite a tendency occasionally to relapse into heavy dramatics, the martyred smile, the long, agonized look, the ponderous scene of renunciation, he has a sure eye for effect. His work is sincere. He has grown old frankly and gracefully, and, like Frank Keenan, never tries to vie with his beauteous brother, the matinée idol. Instead he complements and supports powerfully the younger fellow, receiving as his reward acknowledgment of merit rather than scented mash notes.

In this picture he is a man of affairs, and a philanthropist whose idea of a spree is occasionally to don a hobo's rags and mingle with the under dogs. On one of these parties he meets Jean Saval, a young French engineer, alone and temporarily penniless, and stranded in a strange country. Various incidents cause him to admire "Frenchy," who, though down and out, shows himself a man of spirit and courage. MacNair takes the stranger under his wing.

War and coincidence bring the same woman into both their lives. Both cannot have her.

That gives you enough of an idea of the story.

Rowland Lee as the Frenchman does some splendid work. He's a stranger to me. Is he to you?

Jean Calhoun as the girl gives the impression of constantly expecting some one to hit her. If she were a horse she'd shy at shadows, and if a dog she'd cringe. As a cat she'd probably hide under the sofa. Just the same, she is pretty, with a delicate, intense little face that is sweetly framed in beautiful hair.

"His Own Law" is artistically developed and tells its story with rather satisfying conciseness.

FASHION'S BLUE BOOK

BY CORINNE LOWE.

NEW YORK.—[Special Correspondence.]—The season has slipped, not one, but hundreds, over on us. These comfortable, simple slipover models—their name is legion. For the afternoon frock crepe de chine is very much in evidence at all the smart shops and very frequently it combines, as is the case with the model illustrated today two tones of the supple, exquisite fabric.

The upper section of navy blue in this frock adds a regiment of large soft tucks of grey crepe de chine for its skirt and repeats this theme on the bell-shaped sleeves. The collar also is of gray crepe de chine and the girdle of blue is picoted.

TRIBUNE COOK BOOK

BY JANE EDDINGTON.

An Apple Salad.

For apple salad we need to use what we call eating apples, or what the English give the nicer designation of "dessert apples." But while mentioning the subject, let us note that we have the nicer way of speaking of the pie apple. We call it a cooking apple, while the English say a kitchen apple.

For apple salad, the salad dressings made of real cream are certainly more acceptable to the average person, and handsomer, and whiter, than even the best mayonnaise thinned a half with whipped cream. We may use sweet or sour cream.

For enough salad for four people make the following dressing: Whip one egg slightly, and add to it one cup of sour cream and two tablespoons of vinegar, whipping them together. In top of double boiler put one teaspoon of sugar, one teaspoon of salt, one-fourth teaspoon of mustard, or more, if to taste, or none at all, and a tiny bit of pepper, or not, as you choose. Add the wet mixture to this, and cook, stirring constantly. If you are a careful cook you may cook this directly over the fire in short order.

An apple salad is fine, or just passable, according as the apples are cut prettily or coarsely. Wash, peel, quarter, and cut each quarter into six or eight slices, not separating them until you have cut through the whole two or three times. One good sized apple is enough for two people, if certain additions to suit the taste are added. Half of a green pepper cut fine improves the appearance of an apple salad, and two small stalks of celery to one apple is conventional. Add walnuts if you want to. Some of us think best not to. Mix thoroughly with the dressing and quickly if it must stand.

Dragging Him Along.

This happened in church Sunday. The jacket of my suit has a belt which buttons on the side. Somehow this belt became unhooked, and after church when I was going out in a big crowd I buttoned my belt into what I presumed was my button.

Imagine my embarrassment when someone at my side said: "Pardon me, miss, but I'm not going this way."

I had hooked my belt into the button of a young man's coat and was dragging him along. C. S.

CLEANING POULTRY HOUSES

BY FRANK RIDGWAY.

During the winter, when poultry is closely housed, it is important that their quarters be sanitary. The birds often are kept indoors for a week or more without being turned out in the runs for exercise.

Throw open doors and windows on a warm day before the extreme cold weather sets in and give the poultry house a thorough cleaning. Cleanliness is as important as good feed to the flock.

Burn all floor and nest litters. Remove the fixtures, including nests, perches, dropping platforms, feeding and watering pans. Brush dirt and cobwebs from the walls and ceiling. With dirt floors, scrape off the top layer to a depth of two or three inches, or deeper if necessary. Refill with a five inch layer of sandy loam. This aids greatly in destroying disease producing germs.

Spray or brush the walls with a good disinfectant, such as a solution of cresol. Six to eight tablespoonfuls to each gallon of water mixed and worked into the cracks and crevices will usually kill germs and insects. Repeat this treatment in about ten days. The top, bottom and sides of the fixtures should be treated with the disinfectant before they are put back in place.

Whitewash makes a desirable interior finish. The disinfectant may be applied by mixing it with the whitewash. If possible do not use the house for a day or two after cleaning. Keep the floor covered with bright straw or leaves. This encourages the chickens to exercise in scratching for their feed. Pack a thick layer of straw in each nest to make it warmer and lessen the danger of the eggs breaking and freezing.

BEAUTY ANSWERS

BY ANTOINETTE DONNELL.

PAULA: A CERTAIN AMOUNT OF cellulose or roughage is necessary to a healthy diet. If you cannot eat vegetables and fruit, and have been living on concentrated foods, you have the secret of your poor complexion. Fibrous fruits and vegetables, such as lettuce, celery, spinach, asparagus, cabbage, cauliflower, corn, beets, onion, parsnips, figs, prunes, apples, are required. Bran should be substituted for white breads. The rough foods make bulk, and stimulate the contraction of the muscular fibers of the intestines, that push the contents on their onward course and provide for the elimination of waste.

Bright Sayings of the Children

The Tribune will pay $1 for each childish saying printed. The story told must never have been printed in any magazine or paper. It is not possible to acknowledge or return unavailable contributions. Please write on one side of the paper. Address Bright Sayings to Aunty Rue, Tribune, Chicago.

Walking in the garden with grandma, Peter, pointing to a patch of squash, said: "Say, grandma, will you

let me know when some of them squashes are squashed into pie?"
W. T.

My nephew came to visit me one Sunday morning and greatly admired my French poodle.

Finally he said: "Auntie, we have a nice doggie, too, but he hasn't such nice feathers like yours."

Their dog was a black and tan.
E. Z.

My son was visiting in the country this summer and I had to insist on his drinking milk, as he seemed to dislike it so much. Finally he said: "Mother, I don't like milk from a cow. I like the milk our milkman at home brings."

DORIS BLAKE'S ANSWERS

On His Mind.

"Dear Miss Blake: I am in love with a girl of 17, I am 20. A few days ago I saw that she did not show much affection to me even as a friend, while at a show, and I decided to give her up. I have not called her up since, and she is continually in my mind. What should I do? D. B. M."

Better call her up and get her off your mind.

Disinfection Is an Every-day Necessity

Disease germs work twenty-four hours a day—attempting to destroy health and spread contagious disease.

And if you are to combat this constant menace to health successfully, frequent disinfection is necessary. Daily disinfection will guard your establishment and your home against disease germs.

Lysol Disinfectant
Reg. U. S. Pat. Off.

At the office: Have a solution of Lysol Disinfectant used in cuspidors, toilet-rooms, dark corners, on floors and rugs.

In the home: Have a solution of Lysol Disinfectant sprinkled regularly in sinks, drains, toilets, garbage cans.

A little Lysol Disinfectant should be added to all scrubbing water, too.

A 50c bottle makes five gallons of powerful disinfectant; a 25c bottle makes two gallons.

Remember, there is but one genuine Lysol Disinfectant—made, bottled, signed, and sealed by Lehn & Fink, Inc.

Lysol Toilet Soap
25c a Cake
Contains the necessary proportion of the antiseptic ingredients of Lysol Disinfectant to protect the health of the skin. It is also refreshingly soothing, healing, and helpful for improving the skin. Ask your dealer. If he hasn't it, ask him to order it for you.

Lysol Shaving Cream in Tubes
Contains the necessary proportion of the antiseptic ingredients of Lysol Disinfectant to render the razor, strop, cup, and shaving-brush aseptically clean, guard tiny cuts from infection, and give an antiseptic shave. If your dealer hasn't it, ask him to order a supply for you.

Dr. Van Zandt has been senior curate of St. Peter's church on Belmont avenue ever since his graduation from the Western Theological seminary in 1917.

THE REV. M. J. VAN ZANDT. [Gibson, Sykes & Fowler.]

The vestry of St. Peter's church has voted an expression of "deep appreciation of the valuable and faithful service which Fr. Van Zandt has rendered to St. Peter's and of sincere regret that his election to the rectorship of St. Mark's church will take him away from St. Peter's parish, which he has served so well for three and one-half years."

With receipts of hogs a third below expectations and shipping orders here for more than half the 8,000 received, the market naturally advanced sharply with sales 25@40c higher than Tuesday, the top at $14.25 being $1.10 above last Saturday and the average at $13.65 practically $1 higher than at the close of the week.

Owing to the limited supply and the advance, more than half the regular packers remained out of the hog trade. The Armour houses have been out of the market since last Friday. The Western Packing Co. yesterday purchased 2,100, while five other local houses obtained only 1,700.

While hogs advanced so sharply, cattle closed 25@50c lower and sheep and lambs averaged 25c lower than Tuesday. Yearling steers averaging 934 lbs., topped the cattle market at $17.75 and best lambs went at $13.50, with aged sheep as high as $9.

RECORD CORN CROP

A record corn crop, with the quality the highest known, was suggested by the B. W. Snow-Bartlett Frazier and the Clement, Curtis & Co report, as compiled by P. S. Goodman. Snow's report suggested a yield of 40,000,000 bu less than a month ago, but still by far the largest on record. Farm reserves on Nov. 1 were somewhat less than expected, having exceeded 100,000,000 bu seven times in the last twenty years. Comparisons follow, with three ciphers omitted in the crop and reserves:

	—Snow— Nov. 1, '20.	—Goodman— Nov. 1, '20.	Government. Final, '19.
Crop, bu	3,157,000	3,267,000	2,917,000
Yield, per a.	30.5	31.5	28.6
Reserves, bu.	100,000	115,000	72,263
Quality	91.1	96.4	86.9

Goodman's report on winter wheat acreage showed 98 per cent as compared with last year, while the Snow report said there had been a sharp reduction, although reports as to condition were favorable.

Canadian wheat crop is officially estimated at 293,000,000 bu, or 4,000,000 bu in excess of a month ago, and compared with 193,000,000 bu harvested last year. Oats crop 543,000,000 bu, against 394,000,000 bu last year, and barley 65,000,000 bu, against 56,000,000 last year.

WORLD'S GRAIN MARKET NEWS

Sentiment of the grain trade was bearish last night. Disappointment over the action of values in failing to respond to the Republican landslide, combined with the break in cotton extending to more than $5 per bale, put a damper on local bulls. Those who loaded up early sold out later at losses. Economic conditions are regarded as the main factor.

Only two commission houses out of fifteen saw anything to encourage buying of grains, and advised selling on bulges. Two houses said bearish conditions had been discounted and favored purchases on breaks for moderate turns.

"The reduction of 44,513,000 lbs in stocks of contract lard at Chicago last month was mainly in the first half," said a provision specialist. "It was abnormal and due in a measure to dumping of a large quantity from tierces into tanks, which were shipped east for the refined lard trade. The German government obtained a lot of money in some way and bought a large quantity of lard, to have a stock on hand. Packers at the same time moved out a large quantity of lard, all of which has not been sold, judging from reports we get from abroad of lard being offered afloat."

Supplies of corn for the coming year, based on the aggregate crop and farm reserves as estimated by the Snow-Bartlett-Frazier report, are 3,257,000,000 bu, the largest on record. The present visible supply of 10,085,000 bu is the largest at this time in nineteen years. In 1912, when the previous record crop of 3,125,000,000 bu was raised, the carry over was 64,000,000 bu and visible 2,689,000 bu. Cash corn Nov. 1 that year was 58½c and May 56½c. Cash corn this year was 90c and May 90¾c.

CASH GRAIN NEWS

Cash wheat premiums at Chicago showed little change, with No. 1 red 15@17c and No. 2 red 14@16c over December, while No. 1 hard was 7@8c and No. 2 hard 6½@7c over. Milling demand was fairly active, with sales of 100,000 bu, including 50,000 bu Manitobas to outside points. Minneapolis reported 250,000 bu Manitoba grain bought. Outside markets were irregular, with St. Louis unchanged to 2c higher, Kansas City unchanged to 5c lower, and Omaha unchanged to 2c lower. Germany and Italy bought liberal quantities of Canadian and domestic wheats at the seaboard and gulf ports.

Domestic demand for cash corn was active, with sales of 242,000 bu. Premiums on spot at Chicago advanced ½@1½c, with No. 1 and No. 2 mixed 6c, yellow 7@8½c, and white 6½c over December at the last. As compared with Monday's closes, sales showed ½@1½c decline. Receipts, 114 cars. Outside markets were unsettled, with St. Louis and Kansas City unchanged to 1c higher and other points unchanged to 2c lower.

Cash oats were ⅛@1c lower, with premiums on No. 2 white about unchanged, selling at 1@1½c over December, while No. 3 white was December to ¾c under. Shipping sales, 164,000 bu. Receipts, 148 cars. Outside markets generally were ½c lower.

RANGE OF GRAIN PRICES LOWER; WHEAT OFF 3C

BY CHARLES D. MICHAELS.

The technical position was mainly responsible for a lower range of grain prices. The effect of the Republican victory was regarded as discounted and the undertone was easy, with the finish about the low point. Wheat showed net losses of 3@3¾c, corn 1@2¼c, oats ⅝@¾c, and barley 3⅜c, while rye was ⅞c higher to ¼c lower.

Buying of wheat by McKenna-Dickey, credited as to seaboard account, gave the wheat market a small advance at the start, but, with other grains weak, local traders were disposed to take the selling side and there was pressure from commission houses. Reports of export sales of around 1,750,000 bu., including 1,250,000 bu. Manitobas in two days, had no effect, and premiums at the Atlantic ports were easier.

Record Corn Crop.

Free selling of corn by Mincer and other local professionals, combined with private crop reports suggesting yields of 3,157,000,000 to 3,267,000,000 bu., made for a weaker and lower market. Support was lacking and sellers of bids were forced to protect themselves. Some stop loss orders were caught on the way down. Country offerings were slightly larger.

Premiums on cash corn advanced ½@1½c, with yellow leading, due to a marked improvement in the domestic demand. Export bids were in the market with a small lot worked.

Oats weakened with corn and on selling credited to Mincer, and closed well toward the bottom.

Germany Buys Rye.

Germany was reported as having taken 750,000 bu. rye at the seaboard in the last two days, and, with persistent buying of futures for seaboard account, the December averaged higher. No. 2 on track sold ½c over December.

Provisions advanced early on buying due to the decrease of 46,000,000 lbs. in lard stocks here last month. After the few orders were filled offerings increased and prices declined and closed with January 27½ lower and November 10c higher. Ribs lost 30c. Prices follow:

Wilcox Oil and Gas.

A. G., Detroit, Mich.—The Wilcox Oil and Gas company had about $8,700,000 of stock outstanding as of Sept. 1 last. Its net profits in the preceding eight months, after a moderate allowance for depreciation and depletion were $482,768, which is 5½ per cent on the stock. In the same time 7 per cent had been paid in dividends. It is evident that the stock is in a highly speculative position. The company has reported several new wells recently, but it needs a large increase of production to put it on a good basis. It ought to stop dividends for a time.

Westinghouse Electric.

L. L.—The Westinghouse Electric and Manufacturing company has just issued $30,000,000 of unsecured bonds to provide working capital. The only other funded debt is $6,842,500 mortgage bonds of a subsidiary. The company contracts not to mortgage any of its property while the new bonds are outstanding. Net earnings are now at the rate of over $16,000,000 a year, covering total interest charges including the new bonds five or six times. The bonds are an attractive investment for the funds of a business man.

Brief Answers.

C. G., Shullsburg, Wis.—Northern States Power earned the dividend on its preferred stock with a rather narrow margin of safety in 1919. Earnings have been showing an increase this year. No dividends being paid on common.

L. R. P., Joliet, Ill.—Public Life Insurance has been reviewed. Its stock is not in the investment class.

A. H. N., Maywood, Ill.—We cannot predict the future dividend rate or market price of speculative stocks.

Copper is one of the indispensable adjuncts of modern civilization. The vast expansion program in the electrical field alone that must come in the next few years assures wonderful earning power for well equipped copper producers. The greatest of these is ANACONDA, rightly named "King of the Coppers." The Butte District in Montana, the location of ANACONDA, is one of the greatest known mineral belts. The great properties of the Company, its wonderful organization, and its vast subsidiary holdings give the investor unusual property value back of its current offering of 7% Secured Gold Bonds. We have no hesitation in placing these bonds on our selected list of Conservative Securities. Send for full description of this attractive issue.

The New York Times.

New York, Nov. 3.—[Special.]—It was pretty well understood beforehand in Wall street that the result of Tuesday's election, having been fully anticipated in the financial mind, would hardly affect the markets to any purpose. Taken as a whole, today's stock market opened as uncertain in tendency as on the days before the election. There were declines as well as advances. In some of the industrial shares the declines ran to 3 points or more.

The movement of the market was altogether irregular. So far from reflecting any supposed inferences from the new political situation, its course really emphasized what had already become a recognized fact in the investment position, that manufacturing and producing enterprises have their best days behind them, while the brighter days for the railways are ahead.

Southern Pacific Jumps.

In several railway shares advances occurred, ranging from 2 points upward. But the extreme gains of 6⅝ in Reading and 11¼ in Southern Pacific were mostly a consequence of the violent rise in Southern Pacific because of the oil land "segregation" announcement of Monday evening.

It was reported that a new company to take over the Southern Pacific oil lands will be formed with at least $350,000,000 capitalization, the stock to be distributed entirely as a bonus to the stockholders. The value of the oil lands is variously estimated between $100,000,000 and $200,000,000, which would mean a present to the stockholders off between 25 and 50 per cent, as the railroad's outstanding capital is about $400,000,000. It is impossible to measure the exact significance of this plan, which is not a new proposal, until it is known by more thorough evidence than is now available what are the actual possibilities and earning power of the new company.

Money on call relaxed a trifle today, but only to the extent that 9 per cent was quoted all day. Exchange on London, Paris and Rome went still lower.

Steel Resists Pressure.

Midweek reviews of the steel and iron trade show that, although the industry is still feeling the pressure of trade reaction in other industries, it is yielding it only irregularly and spasmodically. The independent mills are cutting prices, but production is being held down.

"There is no disposition by producers," the Iron Age observes, "to accumulate either iron or steel at the present high costs, and at various independent plants considerable numbers of men are idle. This is the penalty for forcing prices far above the Steel corporation in earlier months."

The monthly production figures of iron for the whole country indicate the suddenness with which trade reaction has hit this autumn. Output of the iron furnaces, which had decreased in September, was reported as having risen in October to the second largest monthly figure since January, 1919. Yet the total of furnaces in blast has now been reduced by thirty-two, as compared with Oct. 1, "a falling off that has few parallels."

RAILROAD NOTES

The interstate commerce commission yesterday authorized the Delaware and Hudson railroad to issue first and refunding mortgage 7 per cent gold bonds to the amount of $3,000,000 and to pledge $1,700,000 of these with the treasury as security for a loan of $1,125,000 from the government.

Railroads of the country are ordered by the interstate commerce commission to correct, by March 1, 1921, such freight schedules as depart from the long and short haul provisions of the commerce act, and by Oct. 1, 1921, departures as to passenger fares and charges. The commission declared that it considered the correction of the "fourth section departures" as a matter of the "utmost importance, to which it is expected primary consideration will be given."

George W. Stevens, president of the Chesapeake and Ohio railway company since 1900 and one of the most prominent railroad men in the country, died suddenly at White Sulphur Springs yesterday from a paralytic stroke.

RAILROADS SEEK NO NEW RAISE; WAIT RATE TEST

Washington, D. C., Nov. 3.—[Special.]—Although earnings of the railroads in September, the first month of the increased freight and passenger rates and the first month in which they had no government guaranty to fall back upon, were not up to expectations, there is no intention to ask for further advances. This is stated positively by railroad officials, who say it would be futile to attempt any general revision until the new rates have been in effect at least six months.

Reports of earnings of about two-thirds of the roads for September have been received thus far by the interstate commerce commission. An announcement of the showing for all the roads is not expected for at least two weeks, but reports thus far received show that the net earnings will fall considerably below the 6 per cent mark which the interstate commerce commission sought to provide.

Wait for October Test.

This situation does not mean, however, in the opinion of officials of the interstate commerce commission, that the new rates may not eventually produce approximately 6 per cent. October is expected to be a better test period, for the reason that much of the traffic handled during September was started when the old rates were in effect.

The figures for August made public today show a greater deficit for that month than expected, the amount being $154,810,774, which brings the total loss to the government for the eight months ending with August to $754,810,774. This period includes January and February, when the roads were still under federal control, and the six months guaranty period from March 1 to Sept. 1, when the roads were guaranteed against operating deficits and the standard return of $75,000,000 a month.

The large deficit in August was due to a considerable extent to $79,000,000 back wages paid by the roads under the wage increases approved by the railroad labor board.

Plan for D. & R. G. Control.

The directors of the Western Pacific railroad have announced a plan to increase the common stock from $47,500,000 to $60,000,000 and the preferred stock from $27,500,000 to $40,000,000. The proposed increases have to do directly with the plan for acquiring control of the Denver and Rio Grande railroad, which is scheduled to be sold at foreclosure this month to satisfy a judgment held by the Western Pacific, whose directors are determined to acquire the Denver road unless some other bidder is willing to pay higher for the loss which would be entailed by control of that road passing from the Western Pacific.

If the proposed increase is ratified by Western Pacific stockholders at a special meeting on Nov. 18, both common and preferred shareholders will receive one additional share of common and one additional share of preferred for each six shares now held.

CHICAGO STOCK TRANSACTIONS

Trading in Chicago stocks yesterday failed to show any signs of a post-election boom, the price trend being downward. Renewed pressure against the mail order shares resulted from the poor reports on October sales. Sears-Roebuck opened a point off at 107, dropped to 104 and closed at 104¼, a net loss of 3⅜ points. In New York the closing price was 104, a net loss of 2 points. Montgomery Ward opened weak, dropped to 20⅝ and rallied to 22 at the close, a net loss of 2 points. The New York closing price was the same, allowing a net loss of 1½. Union Carbide rights were active and steady and the shares were firmer. The packing house issues were weak, except Cudahy, which gained a point. The motor shares also were weak. Stewart-Warner was fractionally higher. On small sales Beaverboard preferred was off 2 points, Shaw 1¼; Commonwealth Edison, 1⅛; and United Iron Works a point. Peoples Gas advanced 1½ and Public Service gained a point.

FIRST TRUST AND SAVINGS BANK, CHICAGO, AND MELVIN A. TRAYLOR, TRUSTEES
From information furnished by Mr. George A. Hughes, President of the Company, we summarize as follows:
PURPOSE OF ISSUE:
The proceeds of sale of these bonds will be used in part to pay temporary loans incurred in the construction of additional manufacturing facilities and to provide further plant and inventory extensions required to complete business now on hand.
SECURITY:
These bonds are secured by direct first mortgage on all of the property of the Company, consisting of lands, buildings and equipment now owned or hereafter acquired. The plants of the Company are now located at Chicago, Illinois, and Ontario, California. The physical assets of the Company, consisting of real estate, plants, equipment, etc., have a sound replacement value of over $2,500,000.
OWNERSHIP CONTROLLED BY GENERAL ELECTRIC COMPANY:
Fifty-nine per cent of the Common Shares of this Company are owned by the General Electric Company, **which has agreed to retain its investment at least to this extent during the life of these bonds.** The General Electric Company also owns 73% of the outstanding Preferred Stock of the Company.
MANUFACTURED PRODUCTS:
This Company is the largest manufacturer of household electrically heated appliances. Through ownership by the General Electric Company a valuable channel of distribution for its products is available. A constant demand has been created for the appliances manufactured by this Company, which have become an established factor in home management, the advantages and economy of which, it is believed, will be perpetuated and extended.
PRESENT FINANCIAL CONDITION:
The Company's financial statement at August 31, 1920, and after giving effect to the proceeds of the sale of these bonds, shows net tangible assets of $4,847,180 and net quick assets of $4,593,184, being over three times the authorized issue of bonds.
Under the terms of the trust deed the Company shall maintain at all times during the life of these bonds total quick assets of at least one and two-thirds times its current liabilities excluding the bonds now issued, and in no event shall the net quick assets be less than 166 2-3% of the bonds outstanding.
EARNINGS:
The earnings of the Company for the year 1919, after allowing for Federal taxes but before interest deductions, were $373,458.55, or over three and one-half times the interest requirements of the entire issue. Increased earnings are assured by the construction of the additional plant facilities. For the first eight months of the present year the net profit of the Company, before interest or taxes, was over six and one-half times the interest requirements of the total issue for the entire year.
